Klement,2021-12-14 Every American war has brought conflict over the extent to which national security will permit protesters to exercise their constitutional guarantee of freedom of expression The most famous case was that of Clement L Vollandigham the passionate critic of Lincoln s Civil War policies and one of the most controversial figure in the nation s history In the great crisis of his time he insisted that no circumstance even war could deprive a citizen of his right to oppose government policy freely and openly The consequence was a furor which shook the nation s legislative halls and filled the press with vituperation The ultimate fate for Vollandigham was arrest imprisonment and exile The burning issues raised by his case remain largely unresolved today Mr Klement follows the tragic irony of Vollandigham s career and reassesses the man and history s judgment of him After his death Valiant Val became a symbol of the dissenter in wartime whose case continues to have relevance in American democracy *Speeches, Arguments, Addresses, and Letters of Clement L.*

*Vollandigham ...* Clement L. (Clement Laird) Vollandigham,2004-01-01 **Copperheads** Jennifer L. Weber,2008 Disgraced after the war the Copperheads melted into the shadows of history Here Jennifer L Weber illuminates their story Jacket

Lincoln's Northern Nemesis Martin Gottlieb,2021-09-09 Clement Vollandigham an Ohio opponent of the Civil War and of abolition was thrown out of the country by Abraham Lincoln because of his political views As a result of his banishment Vollandigham became a martyr to his cause and was nominated for governor by the Democratic Party in 1863 He ran the race from exile The stakes in this colorful campaign were enormous and Lincoln was highly involved worrying that a Vollandigham victory would be seen as a rejection of the war by voters That could have been devastating to the Union cause It also would likely have made Vollandigham a former congressman from Dayton a presidential prospect This book tells the story of a unique event in American history a president significantly Lincoln banishing a leading opponent with that opponent then being nominated by a major party for high office in an important state "Heaven Will Frown on Such a Cause as This" Joanna Dunlap Cowden,2001 Antiwar protest has long been an under reported component of the Civil War story Heaven Will Frown on Such a Cause as This traces the life stories of six men in northern states who denounced the war against the Confederacy These men were called copperheads by their opponents but they labeled themselves Peace Democrats **With**

**Malice Toward Some** William Alan Blair, 2014 With Malice toward Some Treason and Loyalty in the Civil War Era *If This Be Treason* Jeremy Duda, 2016-10-15 Treason is the only crime explicitly defined in America's Constitution and treason charges have been brought less than 30 times in American history Yet time and again throughout American history cries of treason ring out against someone or some group whose actions seem to toe the line between American dissent and American betrayal *If This Be Treason* covers a half dozen cases of near treason from the 18th Century's George Logan to today's Edward Snowden providing a unique lens through which to view American history partisan politics global politics how freedom of the press and free speech have evolved in American life and how rogue acts of dissent have changed the American path Ohio Archaeological and Historical Quarterly, 1926 **Ohio State Archaeological and Historical Quarterly**, 1926 *In Their Letters, in Their Words* Mark Flotow, 2019-11-04 WINNER Russell P. Strange Memorial Book of the Year Award from the Illinois State Historical Society 2020 A vital lifeline to home during the Civil War the letters of soldiers to their families and friends remain a treasure for those seeking to connect with and understand the most turbulent period of American history Rather than focus on the experiences of a few witnesses this impressively researched book documents 165 Illinois Civil War soldiers and sailors lives through the lens of their personal letters Editor Mark Flotow chose a variety of letter writers who hailed from counties throughout the state served in different branches of the military at different ranks and represented the gamut of social experiences and war outcomes Flotow provides extensive quotations from the letters By allowing the soldiers to speak for themselves he captures what mattered most to them Illinois soldiers wrote about their reasons for enlisting the nature of training and duties necessities like eating sleeping marching and making the best of often harsh and chaotic circumstances Southern culture slavery their opinions of commanding officers and the president disease medicine and hospitals their prisoner of war experiences and the ways they left the army Through letters from afar many soldiers sought to manage their homes and farms while some single men attempted to woo their sweethearts Flotow includes brief biographies for each soldier quoted in the book weaves historical context and analysis with the letters and organizes them by topic Thus intimate details cited in individual letters reveal their significance for those who lived and shaped this tumultuous era The result is not only insightful history but also compelling reading **Patriot Fires** Melinda Lawson, 2002 The Civil War is often credited with giving birth to the modern American state The demands of warfare led to the centralization of business and industry and to an unprecedented expansion of federal power But the Civil War did more than that as Melinda Lawson shows it brought about a change in American national identity redefining the relationship between the individual and the government Though much has been written about the Civil War and the making of the political and economic American nation this is the first comprehensive study of the role that the war played in the shaping of the cultural and ideological nation state In *Patriot Fires* Lawson explains how when threatened by the rebellious South the North came together as a nation and mobilized its populace for war With no formal government office to rally citizens the job

of defining the war in patriotic terms fell largely to private individuals or associations each with their own motives and methods Lawson explores how these interpreters of the war helped instill in Americans a new understanding of loyalty to country Through efforts such as sanitary fairs to promote the welfare of soldiers the war bond drives of Jay Cooke and the establishment of Union Leagues Northerners cultivated a new sense of patriotism rooted not just in the subjective American idea but in existing religious political and cultural values Moreover Democrats and Republicans Abolitionists and Abraham Lincoln created their own understandings of American patriotism and national identity raising debates over the meaning of the American idea to new heights Examining speeches pamphlets pageants sermons and assemblies Lawson shows how citizens and organizations constructed a new kind of nationalism based on a nation of Americans rather than a union of states a European styled nationalism grounded in history and tradition and celebrating the preeminence of the nation state Original in its insights and innovative in its approach Patriot Fires is an impressive work of cultural and intellectual history As America engages in new conflicts around the globe Lawson shows us that issues addressed by nation builders of the nineteenth century are relevant once again as the meaning of patriotism continues to be explored **Not in Our Name** Jesse Stellato,2012 A collection of American antiwar speeches from every major conflict starting with the Mexican American War Includes critical analyses biographical and bibliographical information and an appendix describing common rhetorical devices used by antiwar speakers Provided by publisher No Party Now Adam I. P. Smith,2006-07-27 During the Civil War Northerners fought each other in elections with almost as much zeal as they fought Southern rebels on the battlefield Yet politicians and voters alike claimed that partisanship was dangerous in a time of national crisis In No Party Now Adam I P Smith challenges the prevailing view that political processes in the North somehow helped the Union be more stable and effective in the war Instead Smith argues early efforts to suspend party politics collapsed in the face of divisions over slavery and the purpose of the war At the same time new contexts for political mobilization such as the army and the avowedly non partisan Union Leagues undermined conventional partisan practices The administration s supporters soon used the power of anti party discourse to their advantage by connecting their own antislavery arguments to a powerful nationalist ideology By the time of the 1864 election they sought to de legitimize partisan opposition with slogans like No Party Now But All For Our Country No Party Now offers a reinterpretation of Northern wartime politics that challenges the party period paradigm in American political history and reveals the many ways in which the unique circumstances of war altered the political calculations and behavior of politicians and voters alike As Smith shows beneath the superficial unity lay profound differences about the implications of the war for the kind of nation that the United States was to become **Abe** David S. Reynolds,2021-09-28 Now an Apple TV documentary Lincoln s Dilemma One of the Wall Street Journal s Ten Best Books of the Year A Washington Post Notable Book A Christian Science Monitor and Kirkus Reviews Best Book of 2020 Winner of the Gilder Lehrman Abraham Lincoln Prize and the Abraham Lincoln Institute Book Award A marvelous cultural biography that

captures Lincoln in all his historical fullness using popular culture in this way to fill out the context surrounding Lincoln is what makes Mr Reynolds s biography so different and so compelling Where did the sympathy and compassion expressed in Lincoln s Second Inaugural With malice toward none with charity for all come from This big wonderful book provides the richest cultural context to explain that and everything else about Lincoln Gordon Wood Wall Street Journal From one of the great historians of nineteenth century America a revelatory and enthralling new biography of Lincoln many years in the making that brings him to life within his turbulent age David S Reynolds author of the Bancroft Prize winning cultural biography of Walt Whitman and many other iconic works of nineteenth century American history understands the currents in which Abraham Lincoln swam as well as anyone alive His magisterial biography Abe is the product of full body immersion into the riotous tumult of American life in the decades before the Civil War It was a country growing up and being pulled apart at the same time with a democratic popular culture that reflected the country s contradictions Lincoln s lineage was considered auspicious by Emerson Whitman and others who prophesied that a new man from the West would emerge to balance North and South From New England Puritan stock on his father s side and Virginia Cavalier gentry on his mother s Lincoln was linked by blood to the central conflict of the age And an enduring theme of his life Reynolds shows was his genius for striking a balance between opposing forces Lacking formal schooling but with an unquenchable thirst for self improvement Lincoln had a talent for wrestling and bawdy jokes that made him popular with his peers even as his appetite for poetry and prodigious gifts for memorization set him apart from them through his childhood his years as a lawyer and his entrance into politics No one can transcend the limitations of their time and Lincoln was no exception But what emerges from Reynolds s masterful reckoning is a man who at each stage in his life managed to arrive at a broader view of things than all but his most enlightened peers As a politician he moved too slowly for some and too swiftly for many but he always pushed toward justice while keeping the whole nation in mind Abe culminates of course in the Civil War the defining test of Lincoln and his beloved country Reynolds shows us the extraordinary range of cultural knowledge Lincoln drew from as he shaped a vision of true union transforming in Martin Luther King Jr s words the jangling discords of our nation into a beautiful symphony of brotherhood Abraham Lincoln did not come out of nowhere But if he was shaped by his times he also managed at his life s fateful hour to shape them to an extent few could have foreseen Ultimately this is the great drama that astonishes us still and that Abe brings to fresh and vivid life The measure of that life will always be part of our American education

Face Value Michael O'Malley,2012-06-11 In Face Value Michael O Malley provides a deep history and a penetrating analysis of American thinking about money and the ways that this ambivalence unexpectedly intertwines with race Like race money is bound up in questions of identity and worth each a kind of shorthand for the different values of two similar things O Malley illuminates how these two socially constructed hierarchies are deeply rooted in American anxieties about authenticity and difference

**The War Worth Fighting** Stephen D. Engle,2015-05-12 This volume collects the papers of the 7th annual

Larkin Symposium adding additional essays to flesh out the collection that explore the context of the Abraham Lincoln presidency the implications of the Civil War and the new republic that emerged out of the conflict
