Speed Cleaning 101 Laura Dellutri, 2005 The Healthy Housekeeper shows readers how to get in the cleaning mood and how to make a cleaning kit Offers techniques used by pros to clean better and more efficiently how to clean smarter not harder Describes old fashioned remedies that are wrong dangerous and don t work Information on how to give a house a 10 minute emergency clean before visitors arrive Speed Cleaning Jeff Campbell, 1987 A time saving step by step guide to housecleaning in half the usual time or less Copyright Libri GmbH All rights reserved DIY Speed Cleaning In 7 Days: A Busy Person's Handbook Collection Of Guides To Speed Clean Super FAST! Old Natural Ways, 2019-09-15 Your home is where you spend most of your time It is a haven for you and your family thus it is very important that you maintain some form of organization and cleanliness within it This is crucial not only to avoid clutter from taking over your family room but also to prevent some very common illnesses that are actually the result of having filthy surroundings *Speed Cleaning! Discover This Guide About How To Effectively Use Speed Cleaning Techniques For Beginner's* Old Natural Ways, 2021-08-30 Most people think they know what speed cleaning is all about They may have a vague idea that it involves using a vacuum cleaner on their carpets or floors That is where the misconceptions begin Vacuuming is a far more complex process than most people realize A good guide to speed cleaning will address every possible issue and give you tips for making the job go faster Speed cleaning is not the same thing as carpet cleaning at least not in the common imagination It is however important to realize that difference as well Speed cleaning should not be the single homework you do only after your floors are thoroughly dusted It does enough to just make your house look cleaner but that is it Attempting to speed clean your entire house with just a vacuum and a broom will leave your floors behind in worse shape than you started out There is no way you will accomplish that without a guide to speed cleaning even if you do a spring cleaning every year or so A guide to speed cleaning especially one that deals with your carpets floors or other areas with thick furniture will save you time frustration and money A guide to speed cleaning saves you time because you will know exactly how to handle each different task The first tip for speed cleaning is being aware of what is going on in your home when you are vacuuming You might be cleaning your dining room and thinking you don t need to clean the kitchen The truth is you should still clean the dining room before you move on to the kitchen It takes twice as much time to properly wipe down a dining room table than it does to wipe down a kitchen counter The dining room has more stuff on it is harder to reach all the corners of the table to dust and clean it You will also find yourself with more dust in your vacuum than in your car If you have to clean between tasks you will want to use a guide to speed cleaning to shorten your time spent between tasks For example you can use a guide to clean out your garage between tasks You can speed up your house cleaning tasks by removing as much clutter as possible The less clutter you remove between tasks the less time it will take you to get done Removing clutter will also save time since you won t have to lug around a heavy vacuum cleaner to clear out the rooms between tasks *DIY Speed Cleaning - A Jump Start Guide To*
