**Ven. Dr. Rewata Dhamma**

## **Sphere Of Death:**

*The Twelve Principal Upanishads* Śaṅkarācārya, Ānandagiri, 1906      **Death--and After?** Annie Besant, 1893      **The Coming Presence** Frank Morehead Thomas, 1913      **Process of Consciousness and Matter** Ven. Dr. Rewata Dhamma, 2015-06-01 This book is intended for all serious students of the Abhidhamma It serves as supplement to Bhikku Bodhi's book *A Comprehensive Manual of Abhidhamma* and treats various important aspects in more detail in particular the process of consciousness and matter      *Rituals of Death and Dying in Modern and Ancient Greece* Evy Johanne Håland, 2014-10-02 Winner of the AFS Elli King's Maranda Prize 2016 Multidisciplinary or post disciplinary research is what is needed when dealing with such complex subjects as ritual behaviour This research therefore combines ethnography with historical sources to examine the relationship between modern Greek death rituals and ancient written and visual sources on the subject of death and gender The central theme of this work is women's role in connection with the cult of the dead in ancient and modern Greece The research is based on studies in ancient history combined with the author's fieldwork and anthropological analysis of today's Mediterranean societies Since death rituals have a focal and lasting importance and reflect the gender relations within a society the institutions surrounding death may function as a critical vantage point from which to view society The comparison is based on certain religious festivals that are dedicated to deceased persons and on other death rituals Using laments burials and the ensuing memorial rituals the relationship between the cult dedicated to deceased mediators in both ancient and modern society is analysed The research shows how the official ideological rituals are influenced by the domestic rituals people perform for their own dead and vice versa that the modern domestic rituals simultaneously reflect the public performances As this cult has many parallels with the ancient official cult the following questions are central Can an analysis of modern public and domestic rituals in combination with ancient sources tell the reader more about the ancient death cult as a whole What does such an analysis suggest about the relationship between the domestic death cult and the official Since the practical performance of the domestic rituals was and still remains in the hands of women it is crucial to discover the extent of their influence to elucidate the real power relations between women and men This research represents a new contribution to earlier presentations of the Greek reality but mainly from the female perspective which is highly significant since men produced most of the ancient sources This means that the principal objective for this endeavour is to question the ways in which history has been written through the ages to supplement the male with a female perspective perhaps complementing an Olympian Zeus with a Chthonic Mother Earth The research brings both ancient and modern worlds into mutual illumination its relevance therefore transcends the Greek context both in time and space      **The Principles of Nature, Her Divine Revelations, and a Voice to Mankind** Andrew Jackson Davis, 1855      **After Death, the Disembodiment of Man** Paschal Beverly Randolph, 1886      *Goethe in East Germany, 1949-1989* Daniel J. Farrelly, 1998 Goethe and Schiller as representatives of Weimar Classicism had a pivotal function in the cultural

policy of the GDR in the forty years of its existence 1949 1989      **The Bible Looking Glass.
