Spik in Glyph? Alurista, 1981 *Spik in Glyph?* , *In Visible Movement* Urayoan Noel, 2014-05-01 Since the 1960s Nuyorican poets have explored and performed Puerto Rican identity both on and off the page Emerging within and alongside the civil rights movements of the 1960s the foundational Nuyorican writers sought to counter the ethnic racial and institutional invisibility of New York City Puerto Ricans by documenting the reality of their communities in innovative and sometimes challenging ways Since then Nuyorican poetry has entered the U S Latino literary canon and has gained prominence in light of the spoken word revival of the past two decades a movement spearheaded by the Nuyorican Poetry Slams of the 1990s Today Nuyorican poetry engages with contemporary social issues such as the commodification of the body the institutionalization of poetry the gentrification of the barrio and the national and global marketing of identity What has not changed is a continued shared investment in a poetics that links the written word and the performing body The first book length study specifically devoted to Nuyorican poetry *In Visible Movement* is unique in its historical and formal breadth ranging from the foundational poets of the 1960s and 1970s to a variety of contemporary poets emerging in and around the Nuyorican Poets Cafe slam scene of the 1990s and early 2000s It also unearths a largely unknown corpus of poetry performances reading over forty years of Nuyorican poetry at the intersection of the printed and performed word underscoring the poetry s links to vernacular and Afro Puerto Rican performance cultures from the island s oral poets to the New York sounds and rhythms of Latin boogaloo salsa and hip hop With depth and insight Urayoan Noel analyzes various canonical Nuyorican poems by poets such as Pedro Pietri Victor Hernandez Cruz Miguel Algarín Miguel Piñero Sandra Mar a Esteves and Tato Laviera He discusses historically overlooked poets such as Lorraine Sutton innovative poets typically read outside the Nuyorican tradition such as Frank Lima and Edwin Torres and a younger generation of Nuyorican identified poets including Willie Perdomo Mar a Teresa Mariposa Hernandez and Emanuel Xavier whose work has received only limited critical consideration The result is a stunning reflection of how New York Puerto Rican poets have addressed the complexity of identity amid diaspora for over forty years *Signs of the Americas* Edgar Garcia, 2020-01-23 Indigenous sign systems such as pictographs petroglyphs hieroglyphs and khipu are usually understood as relics from an inaccessible past That is far from the truth however as Edgar Garcia makes clear in *Signs of the Americas* Rather than being dead languages these sign systems have always been living evolving signifiers responsive to their circumstances and able to continuously redefine themselves and the nature of the world Garcia tells the story of the present life of these sign systems examining the contemporary impact they have had on poetry prose visual art legal philosophy political activism and environmental thinking In doing so he brings together a wide range of indigenous and non indigenous authors and artists of the Americas from Aztec priests and Amazonian shamans to Simon Ortiz Gerald Vizenor Jaime de Angulo Charles Olson Cy Twombly Gloria Anzaldúa William Burroughs Louise Erdrich Cecilia Vicuña and many others From these sources Garcia depicts the culture of a modern

interconnected hemisphere revealing that while these signs of the Americas have suffered expropriation misuse and mistranslation they have also created their own systems of knowing and being These indigenous systems help us to rethink categories of race gender nationalism and history Producing a new way of thinking about our interconnected hemisphere this ambitious energizing book redefines what constitutes a world in world literature **International Perspectives on**

Sánchez, 2009-07-21 The second phase of the civil rights movement 1965 1973 was a pivotal period in the development of ethnic groups in the United States In the years since then new generations have asked new questions to cast light on this watershed era No longer is it productive to consider only the differences between ethnic groups we must also study them in relation to one another and to U S mainstream society In *Shakin' Up Race and Gender* Marta E Sánchez creates an intercultural frame to study the historical and cultural connections among Puerto Ricans African Americans and Chicanos as since the 1960s Her frame opens up the black white binary that dominated the 1960s and 1970s It reveals the hidden yet real

ties that connected ethnics of color and white ethnics in a shared intercultural history By using key literary works published during this time Sanchez reassesses and refutes the unflattering portrayals of ethnics by three leading intellectuals Octavio Paz Daniel Patrick Moynihan and Oscar Lewis who wrote about Chicanos African Americans and Puerto Ricans She links their implicit misogyny to the trope of La Malinche from Chicano culture and shows how specific characteristics of this trope enslavement alleged betrayal and cultural negotiation are also present in African American and Puerto Rican cultures Sanchez employs the trope to restore the agency denied to these groups Intercultural contact encounters between peoples of distinct ethnic groups is the theme of this book

Traductio Dirk Delabastita, 2016-04-08 Nothing like wordplay can make difference between languages look so uncompromising can give such a sharp edge to the dilemma between forms and effects can so blur the line between translation and adaptation or can cast such harsh light on our illusion of complete semantic stability In the pun the whole language system may resonate and so may literary traditions and ideological discourses It follows that the pun does not only put translators to the test it also poses a challenge to the views and concepts of those who study translation This book brings together experts on translation and the pun as well as researchers representing a variety of other relevant disciplines and schools of thought ranging from theology to deconstruction and from contrastive linguistics to feminism It can be read as a companion volume to Wordplay and Translation a special issue of The Translator Volume 2 Number 2 1996 also edited by Dirk Delabastita

Xicanuicatl Alfred Arteaga, 2020-10-06 *Xicanuicatl* collects the poetry of leading avant garde Chicana poet Alfred Arteaga 1950 2008 whom French philosopher Gilles Deleuze regarded as among those rare poets who are able to raise or shape a new language within their language In his five published collections Arteaga made crucial breakthroughs in the language of poetry basing his linguistic experiments on the multilingual Chicana culture of the US Southwest His formal resources and finely tuned ear for sound patterns and language play remain astonishing His poetical work presented as a whole here for the first time speaks more than ever to a moment in which border crossing cultural diversity language mixing and a multi cultural vision of America are critical issues

Wordplay and Translation Dirk Delabastita, 2016-04-29 Popular and multimodal forms of cultural products are becoming increasingly visible within translation studies research Interest in translation and music however has so far been relatively limited mainly because translation of musical material has been considered somewhat outside the limits of translation studies as traditionally conceived Difficulties associated with issues such as the musicality of lyrics the fuzzy boundaries between translation adaptation and rewriting and the pervasiveness of covert or unacknowledged translations of musical elements in a variety of settings have generally limited the research in this

area to overt and canonized translations such as those done for the opera Yet the intersection of translation and music can be a fascinating field to explore and one which can enrich our understanding of what translation is and how it relates to other forms of expression This special issue is an attempt to open up the field of translation and music to a wider audience within translation studies and to an extent within musicology and cultural studies The volume includes contributions from a wide range of musical genres and languages from those that investigate translation and code switching in North African rap and rai and the intertextual and intersemiotic translations revolving around Mahler s lieder in Chinese to the appropriation and after life of Kurdish folk songs in Turkish and the emergence of rock n roll in Russian Other papers examine the reception of Anglo American stage musicals and musical films in Italy and Spain the concept of singability with examples from Scandinavian languages and the French dubbing of musical episodes of TV series The volume also offers an annotated bibliography on opera translation and a general bibliography on translation and music [Encyclopedia of Hispanic-American Literature](#) Luz Elena Ramirez,2015-04-22 Presents a reference on Hispanic American literature providing profiles of Hispanic American writers and their works
