Fabricating the Absolute Fake - Revised Edition Jaap Kooijman, 2025-10-01 When rock star Bono told Oprah Winfrey that America is an ideal that is supposed to be contagious the talk show host was moved to tears Such an imagined America rather than the nation state USA is the topic of Fabricating the Absolute Fake Pop and politics become intertwined as Hollywood television and celebrities spread the American Dream around the world Using concepts such as the absolute fake and karaoke Americanism the book examines this global mediation as well as the way America is appropriated in pop culture produced outside of the USA as demonstrated by such diverse cultural icons as the Elvis inspired crooner Lee Towers and the Moroccan Dutch rapper Ali B This revised and extended edition includes a new chapter on Barack Obama and Michael Jackson as global celebrities and a new afterword on teaching American pop culture The Rich/The Poor In Spirit -- New Edition Red Jordan Arobateau, 2013 The tale of a Revolutionary a lesbian fry cook a rich heiress her prostitute lover all centered in the epicenter of a sleezy fast food anti life restaurant in San Francisco Maestro. Jean Baudrillard. The Last Prophet of Europe Dr. Oleg Maltsev, Jean Baudrillard is characterized as the Last Prophet of Europe not just because he was a prominent thinker French philosopher and author of more than 50 works and essays that examine modern consumer society in depth Events and phenomena described by Baudrillard in his works 20 30 years ago are taking place today By means of his writings he described his view of the world and explained why people and society are the way they are He encrypted in his works a system that allows for making accurate prognosis There was no book until this that could have demonstrated the integral system of Baudrillard's philosophy Baudrillard did not share it with anybody and did not describe it explicitly as a whole Figuratively speaking he deconstructed his system into bricks his writings then built a building out of them numbered each brick and dismantled the building and burned the schemes In the book Baudrillard Maestro The Last Prophet of Europe Oleg Maltsev thoroughly analyzes each brick and constructs Baudrillard's system presenting to readers for the first time a complete model the tools used by Baudrillard and his philosophy Throughout the 16 chapters of this book the author looks into all kinds of subjects raised by Baudrillard with practical examples among which the masses the kingdom of the blind the silent majority perfect crime European mysticism the symbolic system and many other phenomena are examined from the viewpoint of the scholar The author also shares his research results based on the philosophy and sociology of Baudrillard Dr Maltsev then examines Jean Baudrillard s works some of which had been translated into Russian for the first time his photographic pieces and interviews people who personally knew Baudrillard his critics and fellow researchers This work is a practical book for modern people who want to have an objective view of the current state of affairs and take responsibility for their present and future It provides an idea for the use of the philosophy sociology and radical anthropology of Baudrillard as the foundation of personal achievement efficiency and safety in such unstable and uncertain conditions of a constantly changing environment Fabricating the Absolute Fake Jaap Kooijman, 2008 A fascinating

exploration of how global cultures struggle to create their own America within a post 9 11 media culture Fabricating the Absolute Fake reflects on what it might mean to truly take part in American pop culture The Political Thriller in Contemporary American Cinema Krešimir Bobaš, 2025-06-30 The Political Thriller in Contemporary American Cinema examines how political thriller films de construct and reflect the sociopolitical realities of the second half of the twentieth century as well as the first two decades of the twenty first century. The book highlights the convergence between the cinematic narrative its underlying political discourse and the audience's perception of it Through a critical lens it analyzes how contemporary films utilize characterization narrative and suspense to examine topics of governance malfeasance and power dynamics By referring to films such as The Manchurian Candidate Zero Dark Thirty and Snowden this book traces the evolution of the political thriller questioning how its narratives mirror issues such as covert operations the erosion of democracy and governmental surveillance In turn the conspiratorial and underlying paranoid nature of these films serves as a reflection of societal anxieties and a metaphorization of the levers of power in America's modern day democracy Consequently this book serves as a contribution to the growing body of research on political cinema and the way it simultaneously reflects and shapes political life through its role as a sociocultural phenomenon In doing so it invites readers to further delve into the exploration of these films which represent complex commentaries on the structures of corporations media and the military that are predominant in contemporary American society and cinema The New Spirit of Islamism Ezgi Basaran, 2024-05-02 This book explains the aspirations and concerns of Islamist actors in the aftermath of the Arab Uprisings by looking at two sets of relationships between Turkey's ruling AKP and the Egyptian Muslim Brotherhood and the AKP and Tunisia's Ennahda It presents a unique analysis of the interplay between the AKP Ennahda and the Muslim Brotherhood characterizing the actors the structure and the main features of the relationship and thereby illuminating a political confluence among these three critical Islamist entities in the aftermath of the Arab Uprisings Existing scholarship has assumed that this relationship revolves primarily around an ideological Islamist agenda however this research demonstrates a more complex and nuanced situation Ezgi Basaran puts forward that the interplay was not based on an aspiration of building an ideological Islamist bloc in the MENA region but rather revolved around the concept of political success and had a strong neoliberal ethos Basaran draws on data collected from over 60 interviews with high level members of the AKP Ennahda and Muslim Brotherhood to demonstrate how in the hope of achieving success and legitimization Ennahda and the Muslim Brotherhood have relied on the managerial prescriptions provided by the AKP The contents of this success formula were derived from the AKP s experience as an Islamist party in power since 2002 and includes tactics on crisis evasion legitimization winning elections and maintaining power The New Spirit of Capitalism Luc Boltanski, Eve Chiapello, 2005 A century after the publication of Max Weber's The Protestant Ethic and the Spirit of Capitalism a major new work examines network based organization employee autonomy and post Fordist horizontal work structures Spirit

Matters Philip Gabriel, 2006-01-01 Spirit Matters is a ground breaking work the first to explore a broad range of writings on spirituality in contemporary Japanese literature It draws on a variety of literary works from enormously popular fiction Miura Ayako s HyEten and Shirokari Pass and the novels of Murakami Haruki to more problematic serious fiction Ee KenzaburE s Somersault to nonfiction meditations on martyrdom and miracles Sono Ayako s Kiseki and the dynamics of religious cults Murakami s interviews with members of Aum ShinrikyE in Underground The first half of the volume focuses on the work of two women Christian writers Miura Ayako and Sono Ayako Combining a decidedly evangelistic bent with the formulas of the popular novel Miura s 1964 novel HyEten Freezing Point and its sequel are entertaining perennial bestsellers but also treat spiritual issues like original sin that are largely unexplored in modern Japanese literature Sono s Kiseki Miracles and Miura s Shiokari Pass focus on the meaning of self sacrifice and the miraculous and survey both the paths by which people come to faith and the spiritual doubts that assail them Perhaps most striking for Western readers Gabriel reveals how Miura s novel shows the lingering resistance to Christianity and its oppositional nature in Japan and how in Kiseki Sono considers the kind of spiritual struggles many Japanese Christians experience as they try to reconcile their belief in a minority faith
