Spiritual Exercises Reclaimed Uncovering Liberating Possibilities For Women:

Spiritual Exercises Reclaimed, 2nd Edition, The Liebert, Elizabeth, Paulin-Campbell, Annemarie, 2022 This companion to the *Spiritual Exercises* in an anniversary edition does justice to women's experience across contexts and social locations. While acknowledging obstacles that the Exercises hold for women in various contexts, the authors provide fresh interpretations of every aspect of this spiritual classic. They bring together feminist consciousness, a broad knowledge of psychology and theology, and the compassionate insight of experienced spiritual guides. The situation of women making and giving the *Spiritual Exercises* has changed radically in the past two decades since the publication of the previous edition, which highlights the variety of women's experience of the *Spiritual Exercises* from different cultural contexts. It also draws from new and younger women's voices, thus extending the reach of the original text to another generation over wider geographic and cultural spread. The revised book opens up new ways in which the Exercises may offer liberating possibilities for women world wide.

Prayer David Marshall, Lucinda Mosher, 2013-11-01 *Prayer: Christian and Muslim Perspectives* is a rich collection of essays, scriptural texts, and personal reflections featuring leading scholars analyzing the meaning and function of prayer within their traditions. Drawn from the 2011 Building Bridges seminar in Doha, Qatar, the essays in this volume explore the devotional practices of each tradition and how these practices are taught and learned. Relevant texts are included with commentary, as are personal reflections on prayer by each of the seminar participants. The volume also contains a Christian reflection on Islamic prayer and a Muslim reflection on Christian prayer. An extensive account of the informal conversations at the seminar conveys a vivid sense of the lively, penetrating but respectful dialogue that took place.

Retreating Forward David Elias Weekley, 2017-03-29 Transgender people are among the most marginalized and vulnerable populations in the world. Misinformation, lack of education, and lack of experience among cis-gendered persons often result in forms of violence and abuse directed towards those perceived as transgender or gender non-conforming. Such violence and abuse are not restricted to secular culture but expand into faith communities and essential forms of spiritual care and support. When transgender people of faith share the reality of their gender identity, they often experience rejection by the very communities that should provide support, encouragement, and practical ministries of hospitality. *Retreating Forward: A Spiritual Practice with Transgender Persons* is an educational and practical resource for individuals, spiritual leaders, and faith communities seeking to provide practical and spiritual sustenance. The retreat model included in this text proved transformational for those involved.

The Great Conversation Belden C. Lane, 2019 In the face of climate change, species loss, and vast environmental destruction, Belden C. Lane's spiritually centered environmentalism suggests that we must look to teachers in nature to understand how to save ourselves. Pairing anecdotes of personal encounters with nature with the teachings of spiritual leaders from a range of religious traditions, this book invites us to participate once more in the great conversation among all creatures and the earth itself.

Renewing Theology J. Matthew Ashley, 2022-07-15 This comprehensive study investigates the role that Ignatian spirituality has played in the renewal of academic theology using three prominent Jesuits as case studies Over several centuries spirituality has come to define a field of concerns and themes increasingly treated separately from those of academic theology as if the latter had little relation to the former This raises the question for us today How is spirituality related to the practice of theology In Renewing Theology J Matthew Ashley provides an answer by turning to Ignatian spirituality and three prominent twentieth century theologians who embraced its spiritual resources Karl Rahner Ignacio

Ellacur a and Jorge Mario Bergoglio that is Pope Francis Ashley begins his investigation by considering the historical origins of the widening separation between spirituality and academic theology in the Christian West He provides an initial overview of Ignatian spirituality focusing on the openness and multidimensionality of Ignatius of Loyola s Spiritual Exercises presented here as a text in which the conditions of modernity that defined its author s world are present at least incipiently Ashley then offers three case studies in order to show how each Jesuit Rahner Ellacur a and Pope Francis responded to the challenges of modernity in a way that is uniquely nourished and illuminated by themes constitutive of Ignatian spirituality Their theologies Ashley suggests evince a particular clarity and force when the Ignatian spirituality that animates them is foregrounded Providing new and productive avenues into understanding the theologies of these three individuals this sophisticated and enlightening book will interest scholars and students of systematic theology as well as readers who are interested in the future of theology and spirituality in a fragmented age **Personal Writings** Ignatius of Loyola, Joseph Munitiz, 1996-06-27

This quote points toward a key principle of the Ignatian tradition that God is found in all things in all places. Yet this is just one of an abundance of inspirational ideas that stem from Ignatian spirituality. To really understand what this unique yet highly practical spirituality is all about it helps to look at it through many different lenses and to hear about it from many different voices. *Charged with Grandeur* contains more than 100 insightful and inspiring Ignatian thoughts from dozens of writers including James Martin SJ, Margaret Silf, and Monika Hellwig. The entries are conveniently grouped under 11 different Ignatian themes. Rather than throw readers into the deep end, *Charged with Grandeur* allows readers simply to dip their toes into the 500-year-old Ignatian tradition and to be inspired by the many riches it offers. Consensus and Conflict Kenda Creasy Dean, Blair D. Bertrand, Amanda Hontz Drury, Andrew Root, 2019-05-15 Most students of practical theology recognize Richard R. Osmer as the originator of the consensus model of practical theology, one of the most accessible and widely used models of practical theological model in the world. Yet Osmer's influence extends beyond practical theological method. Over his long career, his writing and teaching spanned Christian education, youth ministry, spirituality, and evangelism, as well as giving each of these congregational practices new theological substance. As a pastor as well as a scholar at heart, Osmer writes with the American congregation in mind, insisting on making theology central to every Christian practice. *Consensus and Conflict* traces Osmer's multi-faceted intellectual career from his days as seminarian through his professoriate at Princeton Theological Seminary and his role in the founding of the International Academy of Practical Theology. These themes unfold against the backdrop of ecclesial change that Osmer barely anticipated as a young pastor in New England and western North Carolina. The contributors to this volume bear witness to Osmer's indebtedness to social sciences, theologians like Moltmann and Barth, his wide range of interests ranging from confirmation to redemptive agriculture to church planting, and his deep hope that the theological disciplines will play a more vital role in practical theology's future. **The Faith Lives of Women and Girls** Nicola Slee, Fran Porter, Anne Phillips, 2016-03-16 Identifying, illuminating, and enhancing understanding of key aspects of women and girls' faith lives. *The Faith Lives of Women and Girls* represents a significant body of original qualitative research from practitioners and researchers across the UK. Contributors include new and upcoming researchers as well as more established feminist practical theologians. Chapters provide perspectives on different ages and stages of faith across the life cycle from a range of different cultural and religious contexts. Diverse spiritual practices, beliefs, and attachments are explored, including a variety of experiences of liminality in women's faith lives. A range of approaches—ethnographic, oral history, action research, interview studies, case studies, and documentary analysis—combine to offer a deeper understanding of women's and girls' faith lives. As well as being of interest to researchers, this book presents resources to enhance ministry to and with women and girls in a

variety of settings
