Theological Reflection across Religious Traditions Edward Foley,2015-02-12 Theological reflection connecting real life ministry and religious traditions is a core component of most pastoral training It is also a hallmark of practical theology and a common spiritual exercise among ordinary Christians trying to discern how their beliefs might influence daily living Yet our society is increasingly pluralistic with growing numbers of people from varying belief systems from Islam to Buddhism as well as an increasing number of atheists In this book Edward Foley reimagines theological reflection in interfaith contexts and with those of no faith tradition The book addresses and celebrates diverse beliefs and envisions the practice of theological reflection in such contexts Theological Reflection Across Religious Traditions introduces readers to the basics of traditional forms of theological reflection then considers how it might be reconceived in different contexts from interfaith ministers working together to reduce poverty and homelessness to people of diverse or no faith traditions strategizing to secure the dignity of undocumented immigrants Beyond suggestions for collaborative social action the book offers tools for productive interfaith conversation through a process Foley calls reflective believing This is a groundbreaking rethinking of theological reflection for today s world proposing that people across the religious landscape can participate in reflective believing for personal and communal benefit without sacrificing their own integrity Research on Alcoholics Anonymous and Spirituality in Addiction Recovery Marc Galanter,Lee Anne Kaskutas,2008-12-05 It was once taken for granted that peer assisted groups such as Alcoholics Anonymous had no real value in recovery from addiction More recently evidence based medicine is recognizing a spiritual component in healing especially when it comes to addiction The newest edition of Recent Developments in Alcoholism reflects this change by focusing on the 12 step model of recovery as well as mindfulness meditation and other spiritually oriented activity More than thirty contributors bring together historical background research findings and clinical wisdom to analyze the compatibility of professional treatment and nonprofessional support day to day concepts of relapse prevention the value of community building in recovery and much more Among the topics covered 1 How and why 12 step groups work 2 The impact of the spiritual on mainstream treatment 3 The impact of AA on other nonprofessional recovery programs 4 AA outcomes for special populations 5 Facilitating involvement in 12 step programs 6 Methods for measuring religiousness and spirituality in alcohol research Whether one is referring clients to 12 step programs or seeking to better understand the process this is a unique resource for clinicians and social workers Developmental psychologists too will find Volume 18 Research on Alcoholics Anonymous and Spirituality in Addiction Recovery a worthy successor to the series **Conscience in Recovery from Alcohol Addiction** Yordan Kalev Zhekov,2013-02-01 Academic research in alcohol addiction presents diverse results and subject inadequacies This study identifies conscience and its influence through spirituality on successful recovery as promoting unity and adequacy in the field The purpose of the study is
