Spiritual Direction Beyond The Beginnings:

Spiritual Direction Janet K. Ruffing, Janet Ruffing, 2000 The modern resurgence of interest in spiritual direction comes from every occupation and lifestyle not just those in the religious life But while some books cover the basic topic almost none consider the subject of advanced direction What are the special issues of someone who s been offering spiritual direction for more than five years And of someone who s been receiving spiritual direction for more than five years Written by a well known practitioner researcher and theoretician of the art this clear and insightful book fills the gap by providing concrete help for both veteran directors and veteran directees The book offers a theological basis for the process of direction then moves onto such advanced themes as resistance desire in prayer transference and counter transference love mysticism and mutuality with God It also focuses on the special concerns of women in direction Each chapter includes a section on theory some illustrative case material verbatims and suggested discussion questions Spiritual Direction Beyond the Beginnings is for a wide ecumenical audience of both directors and directees It s of particular interest to women clergy retreat directors pastors and all religious and clergy who find themselves spiritual directors by default

Spiritual Direction Janet Ruffing, 2000 Explores issues that arise in the advanced stages of spiritual direction from both a practical and theoretical perspective

The Art of Spiritual Direction Jos Moons, 2020-11-14 This is a concrete practical book about spiritual accompaniment While there may be no shortage of books on this matter most of these books remain somewhat abstract in the way they highlight the beauty of this ministry and point out its pitfalls This book instead resembles a toolbox with a user s manual In six chapters the author presents the following tools there is no rush listening by following searching for the soul going deeper evaluating and accompanying towards spiritual maturity By means of examples and case studies he demonstrates how these tools may be used to good effect Two introductory chapters discuss the choice for a practice oriented book and the core values of an Ignatian approach to spiritual accompaniment A final chapter specifically focuses on vocational discernment New spiritual directors can learn from this book the tricks of the trade and experienced directors can be encouraged to reflect upon their own practice Although it is written from a Roman Catholic Jesuit background this book may be used in a wider variety of Christian contexts

Spiritual Direction and the Care of Souls David G. Benner, Gary W. Moon, 2025-06-23 In recent years many Christian clergy laity and mental health professionals have rediscovered the ancient practices of spiritual direction Seen as a refreshing alternative to the techniques and limitations of modern psychology such practices offer new insights for pastoral care But many remain unclear on what spiritual direction is and whether its methods are applicable to their own clients and parishioners Spiritual direction is a practice of Christian soul care that is found most notably in the Catholic Orthodox and Episcopal traditions but is also present in Wesleyan Holiness Pentecostal charismatic social justice and Reformed communities Predating modern counseling and psychotherapy movements but sharing key principles and insights for spiritual formation spiritual direction offers significant resources for

today's pastors, counselors, therapists, chaplains, and other caregivers attuned to the work of God in people's lives. In this landmark volume, editors Gary W. Moon and David G. Benner, along with a team of expert contributors, provide a comprehensive survey of spiritual direction in its myriad Christian forms. Specific chapters offer careful historical perspective and contemporary analysis of how Christians from various backgrounds have practiced spiritual direction, with particular attention to each tradition's definition of spiritual direction, the process of authentic transformation, the role of the spiritual director, indicators of mature spirituality, and other aspects of the spiritual direction process. Chapters also provide psychological and clinical insight into how spiritual direction is similar to, different from, and can be integrated with psychotherapy and pastoral counseling to help others experience spiritual transformation and union with God. **Spiritual**

Direction Sue Pickering, 2014-09-16 Spiritual direction has been an intrinsic part of the Christian tradition since the earliest days of the church, when desert mothers and fathers were sought out for their wisdom and guidance. This guide aims to equip clergy and laity engaged in this task or in training for it. **Discovering the Art of Soul Friending** Carolyn

Gratton, 2019-01-28 This friendly, accessible book is about the age-old hunger in human hearts to open and deepen and grow towards faithful intimacy with the Source of all that is. This spiritual journey is radically personal, but it is not meant to be entirely solitary. It can be supported at crucial times by friendship with someone who has learned how to listen through a life of prayer for the guidance of God's Spirit in their own soul and in the soul of another. Long ago in Celtic Christian Ireland, such a person was called an *anam cara*, a soul friend. Every soul, from time to time, on its mysterious trek towards union with God, needs a human friend for encouragement on the way. In *Discovering the Art of Soul Friending*, Carolyn Gratton invites us to say yes to the ability to share with another and to disclose something of oneself on each seeker's journey towards union with God. Enriched by a lifetime of insights gained from educating groups around the world, she guides aspiring spiritual companions to a discernment of their own level of spiritual maturity, sensitivity in the art of spiritual guidance, and to a seeker's desires: the soil from which their truest love can spring, a commitment to prayer, and the transformation of consciousness. It makes possible rootedness in their own faith tradition and, throughout life, an openness to the expanded perceptions possible in our multicultural world. Carolyn completes each chapter with what she calls a Book of Providence section, an annotated bibliography of resources that can expand the discernment skills and contextual awareness of potential soul friends.

Seeking God In All Things William Reiser, 2004-05-01 The practice of spiritual direction assumes a theology of the Holy Spirit, a theology of revelation, and of the Church, and a theology of prayer. *Seeking God in All Things* explores each of these themes as the underpinnings of spiritual direction and examines what makes the Christian religious experience distinctive. Since not every experience of God bears a Christian imprint, William Reiser, SJ, asks whether and in what way a Christian might be able to assist someone who is not Christian in developing his or her interior life. This question looks beyond suggesting the concrete steps a person might take in initiating, nurturing, and solidifying a way of praying. It looks rather

toward the fundamental issue of helping others as they discover and deepen their relationship to the mystery of God

Chapters are It Is God Who Directs Imagining Divine Action in Human Lives Where Do Holy Desires Come From What is Distinctive About the Christian Religious Experience Further Elements of Christian Distinctiveness The Incarnation as a Starting Point for Spiritual Direction and Should Christian Spirituality Move Beyond Jesus William Reiser SJ PhD is a professor of theology in the religious studies department at Holy Cross College Worcester Massachusetts Over the past twelve years he has also served as an associate staff member at the Center for Religious Development in Cambridge He is the author of *Jesus in Solidarity with His People* published by Liturgical Press

Christian Mysticism's Queer Flame Michael Bernard Kelly, 2018-09-03 Is the Christian mystical tradition a relic of another time shaped by celibates for celibates unable to engage meaningfully with people of our time who embrace their corporeality and sexuality as crucial aspects of their journey towards union with God This book reflects in serious theological depth and detail on the spiritual and sexual journeys of gay men of mature and committed Christian faith employing the Christian mystical tradition as the lens and the interlocutor in this process This study examines the major themes and stages of the mystical tradition as outlined by Evelyn Underhill but also including more recent work by Ruth Burrows Thomas Merton and Constance Fitzgerald Using methods of qualitative research it then considers the texts of in depth interviews conducted with men most of whom are theologians or spiritual leaders with a deep Catholic faith and all of whom are openly self affirmingly gay Finally it employs Ricoeur's hermeneutical theory to engage in a creative theological conversation between the traditional mystical stages and themes and these men's lives as described in their interviews This is a unique study that brings together ancient spirituality with contemporary lived religion As such it will be of interest to scholars of religious studies theology Christian mysticism and spirituality and queer studies It will be of particular interest to those teach spiritual direction and to all who seek new ways to engage with the spiritual lives of LGBTIQ people

Experiencing God's Compassion Blass, Virginia A., 2022 Over the past thirty years while offering retreats spiritual direction and preached missions the author was privileged to accompany many on their spiritual journey She highlights here their common desires for peace purpose and meaning in life ways to deal with suffering and death among other life experiences The author recounts how each experienced a breakthrough moment in their relationship with God Reading these stories one can easily recognize that transforming moment when each person experienced God's compassion and as a result everything changed in his or her life These stories capture various dynamic aspects of our spiritual journey with God and others Ultimately at the heart of our spiritual journey is God's never ending desire to draw us into a loving relationship We too can rediscover that God has been searching for us while we have been searching for God Through the reading of these stories scripture and insights we can reclaim our own desires and continue to deepen in loving union with our compassionate God and be carriers of compassion for others

Short Term Spiritual Guidance Duane R. Bidwell, This book represents a significant departure from most contemporary writing about spiritual

direction While most writers focus on long term relationships of guidance specifically envisioning long listening sessions Bidwell changes focus Spiritual direction he insists typically requires intervention in a specific crisis or situation or question is not formal lasts fewer than five sessions and must be actively and intentionally focused on the person s growth Bidwell s work shows what spiritual directors can learn from the short term therapy model especially about enabling people briefly but effectively to learn to listen on their own and with others for God s presence Focusing on how God is already active in the directee s life allows the participants to identify God s action and respond in ways that collaborate with that identified movement of the Spirit The Blackwell Companion to Christian Spirituality Arthur Holder,2011-04-27 The Blackwell

Companion to Christian Spirituality is a comprehensive single volume introduction to Christian spirituality and represents the most significant recent developments in the field Offers a thoroughly interdisciplinary broadly ecumenical and representative overview of the most significant recent developments in the field Comprises essays combining rigorous academic scholarship with accessible and elegant writing Reflects an understanding of the field as the study of the lived experience of Christian faith and discipleship Provides material on biblical historical and theological foundations along with treatment of contemporary issues **Affirmation and Healing Within Spiritual Direction** Cynthia Herman,2020-05-26 ABSTRACT

Key to the process of spiritual growth is the knowledge that human beings long for love They desire to know their worth and value This seeking leads to a desire for a relationship with God In order to grow in faith to a deeper relationship with God it is important to first have a strong sense of one s own worth as a basis for growth This involves an accurate self perception and a loving self acceptance Affirmation can help to develop a loving self acceptance where one can experience feel and see one s worth Affirmation is a gift of love from one person to another where one receives oneself as one experiences one s own goodness and dignity from the other and one learns one is lovable Another key to spiritual growth is self knowledge Self acceptance and self knowledge are the beginning of the spiritual life Developing emotional awareness leads to greater self knowledge Emotions need to be listened to and interpreted as part of the development of self knowledge and self acceptance This emotional awareness is the beginning of understanding the negative patterns of behavior that comes out of one s woundedness With the healing presence of Christ through prayer one can experience God s love for them in one s woundedness and know that God dwells within and desires to transform and heal wounds with his love This affirms one in one s worthiness enabling one to be able to open to receive love and then return love In spiritual direction one seeks a relationship with God It is a sacred time of growth conversion and transformation It is a time when one looks at a relationship with self others and God One is empowered by the grace of God to enter this process and continue the development of these relationships The ministry of spiritual direction is called to be the sacred place where humanity in their fullness meets their God and accepts his mercy When one surrenders to this grace one is surrendering to love mercy and affirmation One s self image and relationship with others and God are touched and experienced in a new light *Mysticism and Social*

Transformation Janet K. Ruffing, 2001-02-01 Where do Mysticism and and political action meet How does faith empower its adherents to resist oppression What are the origins of authentic contemporary mysticism From the thirteenth century Franciscan movement to African American mystics this wide ranging volume of essays considers exemplars of Christian mysticism including Teresa of Avila Ignatius of Loyola the Quakers and the Society of Friends whose practices and influence brought about social change Linking major conceptual issues and social theory the essays examine the historical impact of mysticism in contemporary life and argue for a hermeneutical approach to mysticism in its historical context The contributors look at how mystical empowerment can serve as a catalyst for expressing compassion in acts of justice and long term social change We learn how Sojourner Truth and Rebecca Cox Jackson driven by mystical experiences to take up lives of preaching faced the same misogynistic religious environments as did women mystics throughout history which has submerged this key area of women s experience The final two essays describe the development of socially engaged Buddhism in Asia and America and the mystical roots of deep ecology
