The Soul's Upward Yearning Robert Spitzer, S.J., Ph.D., 2015-10-03 Western culture has been moving away from its Christian roots for several centuries but the turn from Christianity accelerated in the 20th century At the core of this decline is a loss of a sense of our own transcendence Scientific materialism has so seriously impacted our belief in human transcendence that many people find it difficult to believe in God and the human soul This anti transcendent perspective has not only cast its spell on the natural sciences psychology philosophy and literature it has also negatively impacted popular culture through the writings of Richard Dawkins Daniel Dennett and many others The warning signs of this loss of transcendence have been expressed by thinkers as diverse as Carl Jung psychiatrist Mircea Eliade historian of religion Gabriel Marcel philosopher C S Lewis and J R R Tolkien These warnings were validated by a 2004 study in the *American Journal of Psychiatry* which showed that the absence of religion alone was responsible for a marked increase in suicide rates sense of meaningless substance abuse separation from family and other psychiatric problems Thus the loss of transcendence is negatively affecting not only individuals sense of happiness dignity ideals virtues and destiny but also the culture Ironically the evidence for transcendence is greater today than in any other period in history The problem is this evidence has not been compiled and propagated Fr Spitzer's book provides a bright light in the midst of this cultural darkness by presenting both traditional and contemporary evidence for God and a transphysical soul from several major sources He also shows how human consciousness and intelligence is completely special and cannot be replicated by artificial intelligence or animal consciousness We are transcendent beings with souls capable of surviving bodily death self reflective beings aware of perfect truth love goodness and beauty We are beings with an unrestricted capacity to know and create science law culture art music literature and so much more The evidence reveals that we have the dignity of being created in the very image of God and if

we underestimate it we will undervalue one another underlive our lives and underachieve our destiny This work is the most comprehensive treatment of human transcendence available today **Psychology, Religion, and Spirituality** James M. Nelson,2009-02-17 Over a century ago psychologists who were fascinated with religion began to study and write about it Theologians and religious practitioners have responded to this literature producing a fascinating dialogue that deals with our fundamental und standings about the human person and our place in the world This book provides an introduction to the important conversations that have developed out of these interchanges The dialogue between psychology and religion is difficult to study for a number of reasons First it requires knowledge of both psychology and religion People with a background in psychology often lack a solid understanding of the religious traditions they wish to study and theologians may not be up to date on the latest developments in psychology Second it requires conceptual tools to organize the material and understand the basic problems involved in any attempt to connect the science of psychology with religion These concepts can be found in many places for instance in the writings of philosophers of science but they are complex and often hard to follow for those without a proper theological and philosophical ba ground Finally authors who write on the topic come to the study of psychology and religion from a variety of academic and personal backgrounds This makes for wonderful diversity in conversations but it makes understanding and mastery of the material quite difficult Every Breath We Take Terry Wardle,2015-07-07 Christians are desperate for intimacy with the Lord While grateful for all he has done we long to encounter his presence in our daily lives Amazingly God desires the same relationship with us and he has made it possible for us to live in his presence love and generosity with every breath we take This book is designed to help you experience intimacy with God in your daily life It presents a simple yet effective spiritual practice that raises awareness of the abiding presence of the Lord in what has been called the sacrament of the present moment Every Breath We Take will give you a deeper understanding of God s presence love and generosity and provide you with a pathway to encounter him in deep and transforming moment by moment encounters Revelation, Mystical Phenomena and Divine Promises Deacon Albert Graham,2022-10-05 The reader will be appraised of how God has been speaking to His people through public and private revelation for over 2000 years A special chapter in this work deals with some saints and holy people who have had private revelations about or visits from souls in purgatory hell or heaven Another chapter and several of the appendixes are devoted to Marian Apparitions to include those that are approved not approved and those appending a decision by the Church By far one of the greatest strengths of this undertaking is the identification of some 43 categories of concomitant extraordinary phenomena and some of the saints and holy people who have experienced them Color paintings by artists are depicted of some saints experiencing such mystical phenomena Another unique feature of the book is a listing of some 600 individuals from the 13th to the 21st centuries who bore the stigmata By knowing that God is present and alive to His people this book may help bring others to a deeper faith in God **Sharing the Gospel with Our Lives** Bob Rice,2024-09-16 The only

effective way to share the Gospel with teenagers is to also share our lives with them Youth ministry happens when adults like you humble themselves to love and serve young people just as Jesus did Sharing the Gospel with Our Lives is an inspiring informative and empowering resource for your ministry with Catholic teens This is the book that helps you realize that Catholic youth ministry is more than putting a meeting together or teaching a class it s about getting to know teens and sharing Jesus with them Whether you are brand new to the mission of youth ministry a seasoned vet a master catechist or a caring adult with a full time job who volunteers for your parish this is the book for you **Everyday Holiness** Carolyn Humphreys,2018-04-18 Everyday Holiness presents the spiritual journey to and with Christ as possible noble challenging and rewarding It describes the many aspects of holiness and how it is essential to our growth in Christ Holiness is the most important developmental area in life and the greatest goal to which we can aspire The Doctor of the Church St Francis de Sales wrote All of us can attain Christian virtue and holiness no matter in what condition of life we live and no matter what our life s work may be This book should be read slowly prayerfully and seriously It invites us to ponder the meaning of life and how holiness benefits every aspect of our church our society and ourselves Because all good things lead to God the book infuses a deeper meaning into the ordinary circumstances of daily life thus showing how holiness is not a static reality but a dynamic force that transforms every aspect of our day The book is replete with concrete examples and practical illustrations that show how living holiness is possible today Indeed holiness is our greatest need deepest joy and hardest challenge Everyday Holiness is for everyone who wants to love God more and serve him better **Transforming Heart and Mind** Peter N. Borys,2006 A resource for those seeking to heal childhood wounds through Christ and mystical transformation draws upon theology mysticism and modern psychology to explore the healing power inherent in Christianity Original

The Stigmata: Those Who Bore the Wounds of Christ Deacon Albert E. Graham,2023-08-10 Whether you are an atheist an agnostic or a true believer and disciple of Jesus Christ you will be mystified at what you learn from The Stigmata The Stigmata examines such other worldly phenomena one could liken it to a spiritual X files episode Christ s death and resurrection was not the end but the beginning for us all Jesus agonizing suffering sacrifice and surrender of his own life opened the gates of heaven to all those willing to follow Him The stigmatics serve as an earthly human reminder of the Divine Jesus obedient holy and sacrificial offering to us The Stigmata is a compilation of some 657 individuals from the 13th to the 21st centuries who have incomprehensibly borne the wounds suffered by Christ The Stigmata discusses many of the stigmatics in biographical detail Some stigmatics are recognized saints such as St Padre Pio and St Therese Neumann Sainted or not all stigmatics suffer in some way like Christ bearing evidence of nail piercings to the hands and feet the crown of thorns and sword laceration near the heart Have there been fraudulent stigmatics Yes and The Stigmata discusses the fakes separating them like wheat from chaff Aside from the painful and bloody wounds these individuals suffer many stigmatics exhibit other miraculous mysteries from levitation and bi location to reading of souls and other human

impossibilities The pain the stigmatics have endured is real the phenomena they ve experienced is mystical and their complete impact on the world is known only to God

Tuning the Rig Fred Herron,2012-07-10 To tune the rig describes adjusting a ship s rigging the rig of a well tuned boat allows the sails to function well This task must be performed to ensure the best performance by the ship Tuning the Rig takes that metaphor as a guide for Catholic educators and administrators as well as for the larger church It argues from a variety of perspectives rooted in the Catholic imagination that the rig constantly needs to be re tuned to balance between visions of the church as teacher and learner Why should this matter to Catholic educators To Herron our understanding of the church as learner is at the heart of our understanding of ourselves as disciples One of the logical consequences of this era of baptismal consciousness is a rising awareness on the part of the laity that their task is not simply to pay pray and obey but to grow and journey in faith Herron s focus ranges from issues closely pertaining to Catholic schools to the larger questions of the Catholic imagination The underlying thread however is the challenge of maintaining the richness of the Catholic imagination of tuning the rig in changing times and the ordinary life of the church

I Am With You Always Benedict C.F.R. Groeschel,2011-02-18 A Study of the History and Meaning of Personal Devotion to Jesus Christ for Catholic Orthodox and Protestant Christians The devotional life of Christians over the two millennia since Jesus birth has been one of motion changing and growing in response to the challenges presented to the Church the temperaments of newly baptized nations and controversies about how we can and should relate to God And yet the core of authentic Christian devotion has not changed it remains today as it was in the time of the Church Fathers the trusting and personal encounter with Christ that is both open and foundational to the life of all Christian believers In this book the well known spiritual writer and teacher Fr Benedict Groeschel C F R surveys the development and trials of Christian devotion from the days of the martyrs until the twentieth century Tracking it through the centuries and among sadly divided branches of Christianity he finds a commonality of experience and even of language that is constantly ignored among Christians themselves By observing what image of Christ the canvas of common devotion portrays he hopes we will move not to discredit this image but to sharpen it and make it more consistent with the New Testament and the ancient Church Though the devotional life is sometimes brushed off as unimportant in comparison to a

theological understanding of Christ Groeschel warns that such dismissal threatens to make distant unknown and obscure the Savior who said I am with you always The answer instead is to draw near to Jesus in devotion and with authentic expressions of that devotion which themselves help paint the image of Christ found concretely in revelation onto the minds and daily life of the devout Begun on a pilgrimage to the Holy Land and the result of years of preparation and a whole life of guiding people as priest public preacher psychologist and spiritual director this book will help Catholic Orthodox and Protestant believers gain not only a comprehensive view of how pious Christians over the centuries have lived out their devotion to God but the examples and perspective they need to live more devoutly today *Mentoring Leaders* Carson Pue,2005-11-01 Over the next five to ten years it s predicted that more than 50 000 strategic ministry leadership positions are going to be filled Who will these leaders be And more importantly who will prepare them for these positions Mentoring Leaders offers a unique angle on what it takes to prepare transformational leaders for today s church While addressing the different phases of leadership development and mentoring as well as the characteristics of a dynamic and effective leader Carson Pue focuses on the element of spiritual development The invaluable insights and wisdom found in this book will give emerging leaders new strength to follow their calling as it helps them sharpen their vision shape their values and share their leadership adventures

Broken Gods Dr. Greg K. Popcak, Ph.D.,2015-06-02 You are gods Blasphemy No those mysterious words spoken by Jesus in the Gospel of John and alluded to in Psalm 82 point to a holy longing deep in our hearts that tells each of us that we were created for more Imagine that you were to wake up tomorrow to discover that by some miracle you had become a god overnight writes Dr Gregory Popcak Not THE God omnipresent all knowing all powerful but a god in the classic sense That is to say you woke to find that you were perfect immortal utterly confident in who you are where you were going in life and how you were going to get there It might seem ridiculous to consider at first but allow yourself to imagine this truly miraculous transformation What would it be like to live without fear How would it feel to be completely at peace with yourself and the people in your life Imagine what it would be like to be able to resolve once and for all the tension that currently exists between all your competing feelings impulses desires and demands What would change in your life as a result of your having become that sort of divinely actualized person Bold questions are in need of bold answers And in Broken Gods a work that is both practical and inspirational Dr Greg explores what our deepest desires and even our darkest desires tell us about our ultimate destiny and reveals a commonsense approach to fulfilling our true purpose in life Competent Christian Counseling, Volume One Timothy Clinton,George Ohlschlager,2002-04-16 The authoritative new reference guide that equips counselors pastors and church leaders and caregivers for an effective ministry of soul care Under the guidance of the highly respected American Association of Christian Counselors AACC more than 40 leading Christian professionals have come together to provide this comprehensive authoritative and up to date reference guide for professional and lay counselors pastors and leaders in training Competent Christian Counseling offers you the best contributions on spiritual formation and

Vitz,2013-10-23 In this updated expanded edition starting with Freud's projection theory of religion that belief in God is merely a product of man's desire for security Professor Vitz argues that psychoanalysis actually provides a more satisfying explanation for atheism Disappointment in one's earthly father whether through death absence or mistreatment frequently leads to a rejection of God A biographical survey of influential atheists of the past four centuries shows that this defective father hypothesis provides a consistent explanation of the intense atheism of these thinkers A survey of the leading defenders of Christianity over the same period confirms the hypothesis finding few defective fathers Vitz concludes with an intriguing comparison of male and female atheists and a consideration of other psychological factors that can contribute to atheism Professor Vitz does not argue that atheism is psychologically determined Each man whatever his experiences ultimately chooses to accept God or reject him Yet the cavalier attribution of religious faith to irrational psychological needs is so prevalent that an exposition of the psychological factors predisposing one to atheism is necessary *On Self-Harm, Narcissism, Atonement, and the Vulnerable Christ* David Vincent Meconi,2019-11-14 On Self Harm Narcissism Atonement and the Vulnerable Christ explores St Augustine of Hippo's theology of sin described as various forms of self loathing and self destruction in addition to sin's antidote a vulnerable relationship with the crucified Christ Incorporating recent thinking on self destruction and self loathing into his reading of Augustine David Vincent Meconi explores why we are not only allured by sin but will actually destroy ourselves to attain it even when we are all too well aware that this sin will bring us no true lasting pleasure Meconi traces the phenomena of self destruction and self loathing from Augustine to today In particular he focuses in on how self love can turn to self harm and the need to provide salvage for such woundedness by surrendering to Christ showing how Augustine's theology of sin and salvation is still crucially applicable in contemporary life and societies
