

SOCIAL FUNCTIONS

According to the functionalist theory of sociology, a social function is any institution, norm, or practice that contributes to the stability and maintenance of society.

DEFINITIONS

Social functions refer to the ways in which institutions, customs, and behaviors contribute to the maintenance and continuation of a society. These functions can include regulating social behavior, creating and maintaining social norms and values, and providing a sense of identity and belonging for individuals within a society.

TYPES

- **Manifest function** refers to the intended and recognized consequences of a social structure or behavior.
- **Latent function** refers to the unintended and often unrecognized consequences of the same social structure or behavior.
