contemporary culture and politics among others each in turn has been decisively marked by his thought Of timely and ongoing relevance to the understanding of these fields Jung s writings are at the same time essential reading for any understanding of the making of the modern mind *Initiation and Spiritual Realization* René Guénon,2004-05 Initiation and Spiritual Realization is the closest thing to a work on spiritual direction Ren Gu non ever wrote touching as it does upon such vital topics as the transmission of initiatic grace the various types and functions of the spiritual master obstacles the aspirant is likely to encounter different modes of contemplation and the degrees of spiritual realization A companion volume to Perspectives on Initiation where Gu non had defined the nature of initiation and of the organizations qualified to transmit it Initiation and Spiritual Realization was the first thematic collection of Gu non s articles to appear after his death And one doctrine expressed in this book stands out as particularly timely that esoterism is not and cannot be a religion in itself since to take it as such is to reduce it to an alternative exoterism and a heterodox one at that Initiatic esoterism can only be legitimately and effectively practiced within the context of one of the established revealed religions **Forrester on Christian Ethics and Practical Theology** Duncan B. morality of Judaism of Christianity and then of Judeo Christian civilization as we know it now with the Jewish mission of the Chosen with the Torah as the instructions for replacing the pagan morality under which the humans lived at the beginning The pagan morality is based on enhancing my wellbeing by defeating my neighbor with the help of my god if I bribe enough my god while the God s Torah guided morality is based on enhancing my wellbeing by cooperating with my neighbor and One God will help me to achieve all that if I follow his guidance The spiritual unity of Jews and Christians is explored based on the common Torah Bible guided Judeo Christian morality not on different religious rituals and beliefs created by the priests of Judaism and Christianity That is and many other related things what this book is discussing

Volume 10: Philosophy of Religion Guttorm Fløistad, 2009-10-31 The present volume is a continuation of the series Contemporary Philosophy As with the earlier volumes in the series the present Chronicles purport to give a survey of significant trends in contemporary philosophy The need for such surveys has I believe increased rather than decreased over the years The philosophical scene appears for various reasons more complex than ever before The continuing process of specialization in most branches the increasing contact between philosophers from various cultures the emergence of new schools of thought particularly in philosophical logic and in the philosophy of language and ethics and the increasing attention being paid to the history of philosophy in discussions of contemporary problems are the most important contributing factors Surveys of the present kind are a valuable source of knowledge of this complexity The surveys may therefore help to strengthen the Socratic element of modern philosophy the intercultural dialogue or Kommunikationsgemeinschaft So far nine volumes have been published in this series viz Philosophy of Language and Philosophical Logic Volume 1 Philosophy of Science Volume 2 Philosophy of Action Volume 3 Philosophy of Mind Volume 4 African Philosophy Volume 5 Medieval Age Philosophy Volumes 6 1 and 6 2 Asian Philosophy Volume 7 Philosophy of Latin America Volume 8 and Aesthetics and Philosophy of Art Volume 9
