Leadership Gilbert W. Fairholm,1997-03-25 This book seeks to promote a new spiritual approach to organizational leadership that goes beyond visionary management to a new focus on the spiritual for both leader and led Reflecting on the current crisis of meaning in America this book takes up the search for significance in peoples worklives in the products they produce and in the services they offer Recognizing that the new corporation has become the dominant community for many commanding most of our waking hours by providing a focus for life a measure of personal success and a network of personal relationships Fairholm calls on business leaders to focus their attention on the processes of community among their stakeholders wholeness integrity stewardship and morality Spiritual leadership is seen here as a dynamic interactive process Successful leadership in the new American workplace therefore is dependent on a recognition that leadership is a relationship not a skill or a personal attribute Leaders are leaders only as far as they develop relationships with their followers relationships that help all concerned to achieve their spiritual as well as economic and social fulfillment

Handbook of Faith and Spirituality in the Workplace Judi Neal,2012-12-09 While the field of management has developed as a research discipline over the last century until the early 1990s there was essentially no acknowledgement that the human spirit plays an important role in the workplace Over the past twenty years the tide has begun to turn as evidenced by the growing number of courses in academia and in corporate training and an exponential increase in the publications emerging through creative interaction of scholars and practitioners in organizational behaviour workplace diversity sustainability innovation corporate governance leadership and corporate wellness as well as contributions by psychotherapists theologians anthropologists educators philosophers and artists This Handbook is the most comprehensive collection to date of essays by the preeminent researchers and practitioners in faith and spirituality in the workplace featuring not only the most current research and case examples but visions of what will be or should be emerging over the horizon It includes essays by the people who helped to pioneer the field as well as essays by up and coming young scholars Among the questions and issues addressed What does it mean to be a spiritual organization How does this perspective challenge traditional approaches to the firm as a purely rational profit maximizing enterprise Is faith and spirituality in the workplace a passing fad or is there a substantial shift occurring in the business paradigm How does this field inform emerging management disciplines such as sustainability diversity and social responsibility In what ways are faith and spirituality in the workplace similar to progressive and innovative human resource practices Does faith and spirituality in the workplace bring something additional to the conversation and if so what The aim of The Handbook of Faith and Spirituality in the Workplace is to provide researchers faculty students and practitioners with a broad overview of the field from a research perspective while keeping an eye on building a bridge between scholarship and practice *Workplace Spirituality* Yochanan Altman,Judi Neal,Wolfgang Mayrhofer,2022-01-19 Workplace spirituality is an emerging field of study and practice and this book asks the questions Where have we been in the last ten years as a field and where should we be headed in the next ten

years The editors asked these questions of thought leaders from around the globe leaders who represent different sectors faith traditions worldviews and organizational functions This volume represents the best of current thinking about the state of the field of workplace spirituality and of what the future holds There are four themes 1 management themes such as leadership ethics change management and diversity 2 workplace spirituality in sectors such as health and wellbeing policing and creative industries 3 key issues that are emerging such as self spirituality mindfulness storytelling and the importance of nature and 4 cutting edge epistemologies and methodologies including indigenous studies relational ontology ethnography and psychodynamics These articles were chosen to provoke new thinking new research and new practice in the field of workplace spirituality with the goal of helping the field mature in the next decade

Spirituality, Leadership and Management, Seventh National Conference Proceedings Spirituality, Leadership and Management. National conference proceedings, 2011

SPIRITUALITY MANAGEMENT: Improving Leadership and Management Practices L.S. PAL, 2009-12 The book aims to present the state of the art of the emerging field of spirituality in management Multidisciplinary views thought provoking attitudes and attention to applicability in management praxis are the main strengths of the chapters here A more inclusive holistic and peaceful approach to management may inspire business and political leaders to uplift the environmentally degrading and socially disintegrating world of our age Spirituality is an important or even foundational aspect of human existence The human person's purpose is Self Realization that goes beyond the boundaries of the physical ego and captures the sense of universal Self

Spiritually and Developmentally Mature Leadership Daniel E. Harris, Lori Holyfield, Linda Jones, Rhonda Ellis, Judi Neal, 2019-02-21 The book goes beyond theory to offer tools and suggestions for developing emerging leaders Inspired by the pioneering work of leadership scholar Andre Delbecq this book points towards an expanded model of leadership that incorporates an active inner life and posits that such fully human models of leadership will be essential to meet the profound challenges of the 21st Century Without presuming to provide definitive answers the text explores central questions such as What is the added value of spiritual maturity to leadership Would the integration of mature spirituality with well developed intellectual and emotional capacities produce more beneficial leadership outcomes for organizations and individuals What would a spiritually and developmentally mature emerging leader look like in 10 to 20 years How do we prepare emerging leaders for the challenges they may face and how do we model spiritually and developmentally mature leadership in ways that resonate with them Professor Andre Delbecq 1936-2016 of the University of Santa Clara created the heuristic of spiritually and developmentally mature leaders to encapsulate his observation that outstanding leaders often seemed to draw strength and wisdom from sources that are not typically studied or taught in leadership courses Thirty scholars and practitioners accepted Delbecq's heuristic as the starting point to explore spiritual components of leadership that do not easily lend themselves to quantification or clear causal links The analysis of their disciplined engagement with the heuristic forms the foundation of an exploratory fully

human understanding of leadership This analysis is supported by literature reviews including an overview of Andre Delbecq s relevant work Ultimately the authors call for further collaboration across disciplines and between research and practice to build on the conceptual constructs offered here and especially to create pedagogies for the training of spiritually and developmentally mature leaders *The Routledge Companion to Management and Workplace Spirituality* Joan

Marques,2019-03-06 The Routledge Companion to Management and Workplace Spirituality provides readers with a broad cutting edge overview of the discipline of management spirituality and religion MSR Marques has gathered leading scholars from around the world who share their insights and research on important topics such as linking spirituality and religion cultural influences on workplace spirituality mindfulness and managing spiritually averse people The volume also covers each of the major religions from both East and West as well as leadership and spirituality and issues related to linking spirituality to ethics sustainability and corporate social responsibility This volume will prove invaluable to any student or researcher looking for a comprehensive survey of the field of MSR **Workplace Spirituality** Nancy R. Smith,2006-06-01 Workplace Spirituality A Complete Guide for Business Leaders explains the ins and outs of workplace spirituality to business executives managers educators and students who are on the cutting edge of business leadership and to all workers who want to bring their spiritual selves to work along with their bodies and minds The book includes basic definitions an overview of the workplace spirituality movement specific spiritual traits and resulting on the job behaviors the changing understanding of business in the 21st century issues of ethics and corporate social responsibility principles for a spiritual workplace and tasks involved in incorporating spirituality into leadership and management practice Included are reflection questions and exercises four appendixes and an index **Leading Spiritually** J. Marques,S. Dhiman,2014-12-04 Leading Spiritually reviews workplace spirituality from revered streams such as Buddhism Hinduism and Judaism but also from a stance of personal reflection self leadership and powerful interpersonal relationships

Handbook of Workplace Spirituality and Organizational Performance Carole L. Jurkiewicz,2010 A comprehensive research based interdisciplinary and action oriented approach to spirituality in organizational life this book defines workplace spirituality as all aspects of the workplace that promote individual feelings of satisfaction through a sense of connection to a larger force **Handbook of Workplace**

Spirituality and Organizational Performance Giacalone,2015-05-18 An explanation of how and why the economic downturn of 2007 became the Great Recession of 2008 and 2009 It explores the root causes of the cycle of boom and bust of the economy It describes social equity in terms of its arguments and claims in political economic and social circumstances

Spirituality and Business Sharda S. Nandram,Margot Esther Borden,2009-11-11 We Sharda and Margot feel very honored to be able to write and edit such a book Our spiritual journey has led to the passion of bringing together and sharing the thoughts we ourselves have come across in our lives by meeting gurus swamis like minded seekers managers teachers entrepreneurs academics students and by reading books and practicing spiritual techniques We also have gained much

spiritual inspiration from the teachings of Sri Aurobindo and The Mother to whom we are grateful The thoughts presented in this book already exist in the East and West Integrating them into the way we do business can help us to regain trust and respect in business even in the current economic crisis We aim to convince others of our deep belief that spiritual practices and a spiritual orientation help make life more enjoyable and makes us better human beings through helping us to live in line with our karma in every context of life in our roles as employees entrepreneurs managers leaders mothers or fathers etc
