Conjugal Chastity in Pope Wojtyla Ailbe M. O'Reilly, 2010 *Conjugal Chastity in Pope Wojtyla* explains how Karol Wojtyla philosopher theologian and Pope tried to show how the sexual act within the context of marriage is an expression of love After explaining how love as goodwill is the foundation of conjugal

love the correct relationship between love and justice is clarified The negative dimension of the personalistic norm of Wojtyla is then critically examined Conjugal love is explained in terms of conjugal beneficence based on conjugal benevolence This love leads to total self giving in each conjugal act The procreative meaning of the conjugal act seems to be its most formal element the soul of the act so to speak the unitive element is described as an essential property of this act something which necessarily flows from the conjugal act which is open to life Chastity is the virtue that allows sexuality to be integrated into a love which is truly personal and reflects Trinitarian Love *The Fire of Love* Ganjavi Nizami, Louis Rogers, 2002 Layla and Majnun reflects the spiritual struggle within the soul of every human being to reunite with the inner flame of love merging then into the timeless splendor of Divine Love into the infinite majesty of God *Time Warriors: Messengers for the Future* Ann Valentin, 2014-07-07 The Galactic Awakening Series is channeled information that encourages you to explore your physical world and all dimensions of existence Time Warriors is the second book in the series and poses the question what will you do with what you know Have the Guardians returned If so why *The Nature of Love* Irving Singer, 1984 In this concluding volume of his impressive study of the history of Western thought about the nature of love Irving Singer reviews the principal efforts that have been made by 20th Century thinkers to analyze the phenomenon of love The bulk of the book is taken up with critical accounts of the modern thinkers who have systematically called into question the possibility itself of love as a union of distinct human selves For the most part these critiques are effectively executed and they bring a high level of critical acumen to bear on skeptical theses about love that are now too often accepted as truisms Frederick A Olafson Los Angeles Times Book Review Irving Singer has developed a method of historical analysis flexible enough to deal with all kinds of love from Greek homosexual love in Plato to the philia and agape of the New Testament to the courtly love of medieval romance to the Romantics for whom love was magic This final volume brings us to the present In The Modern World Singer offers readings of Freud Proust and Sartre among others He shows how their work was formed in reaction to the 19th century ideal of merging of the identities of lover and beloved More often than not the great modern writers portray love as impossible as a field of failure and regret This masterpiece of critical thinking is a timely eloquent and scrupulous account of what after all still makes the world go round Thomas D Evelyn Christian Science Monitor This is the third of a three volume history of the philosophy of love It begins with Kierkegaard Tolstoy and Nietzsche in the nineteenth century and treats Freud Proust Bergson D H Lawrence G B Shaw Santayana Sartre and others in the twentieth Although the author's approach is primarily historical he intersperses critical remarks throughout Most of the major themes which are discussed by philosophers of love make their way into this history including friendship sexual love and the distinction between love that is based on the value of the beloved and love that bestows value on the beloved Singer devotes a number of pages to his own views on falling in love being in love and staying in love Singer's exposition is lucid and organized his criticisms are insightful Ethics In this third volume of historical overview of the development of the Western conception of love Singer uses writers

philosophers and psychologists to provide the reader with an overview of love in the late 19th and 20th century. Analyzing authors such as Tolstoy, Proust, D. H. Lawrence, and Shaw, and philosophers such as Nietzsche, Kierkegaard, Sartre, and Santayana, as well as Freud, Singer links each contributor's thoughts to the influence of previous writers and also provides some psycho-historical insight into their personal lives that might have been either a source or direct result of their views. In this final volume, Singer proceeds to look at not just the great men influence but also provides a chapter over-viewing scientific contributions to our understanding of love. Singer's work is a significant contribution to understanding the social construction of important abstract social and personal values. By tracing love through different historical periods through a variety of voices, Singer has created a rich history of the struggle between the ideal and the real, between the dreams of what love should provide and the reality of what relationships have been in each historical period. By personalizing the voice through psycho-historical analysis, Singer also provides insight into the shaping of ideas through the intimate struggles of the shapers. Mark V. Chaffee, *Contemporary Psychology*. **Unleash the Beauty and Power of Love** H. C. Villanueva, 2012-05-02.

Chapter 1 To cross the great unknown to harvest love is a challenge we all face. Chapter 8 You cannot close your heart, ignore the hurting world around you, and be content with life. Chapter 32 Love is real. The question is whether we are real enough to embrace love. Chapter 21 We hide inside shells of denials and go under shades of lies to avoid the piercing rays of truth. Chapter 6 To share love in the arena of life, you open the vault of your heart and disburse gems polished by God. Chapter 11 Regret robs your life. It is a thief you allow to rummage your soul and steals the precious life you have been given. Chapter 27 In the face of adversity, you are forced to define yourself. You are given a chance to show your essence. The depth of your heart exposed and the size of your faith revealed. Chapter 2 Love binds feelings on the solid rock of faith and ties passion within the sacrificial cord of promise. Chapter 34 Life grows cold when you do not put ideas in the furnace of adversity. When your tarry dreams become wavering titillations of the soul and aspirations turn into useless trinkets of the mind. Chapter 16 When we fail to follow God, we drift in a sea of confusion, struggle in the field of opportunity, and wither in the garden of life. The Priority of Love Timothy P. Jackson, 2021-06-08.

This book explores the relation between agape or Christian charity and social justice. Timothy Jackson defines agape as the central virtue in Christian ethical thought and action and applies his insights to three concrete issues: political violence, forgiveness, and abortion. Taking his primary cue from the New Testament while drawing extensively from contemporary theology and philosophy, Jackson identifies three features of Christian charity: unconditional commitment to the good of others, equal regard for others' well-being, and passionate service open to self-sacrifice for the sake of others. Charity prescribed by Jesus for his disciples and named by Saint Paul as the greatest theological virtue is contrasted with various accounts of justice. Jackson argues that agape is not trumped by justice or other goods. Rather, agape precedes justice; without the work of love, society would not produce persons capable of merit, demerit, and contract. The elements of most modern conceptions of justice, Jackson then considers, the

implications of his ideas for several questions the nature of God the relation between Christian love and political violence the place of forgiveness and the morality of abortion Arguing that agapic love is to be construed as a gift of grace as well as a divine commandment Jackson concludes that love is the eternal life that makes temporal existence possible and thus the first Christian virtue Though foremost a contribution to Christian ethics Jackson's arguments and the issues he takes up will find a broader readership

Ezra Pound and the Mysteries of Love Akiko Miyake, 1991 For more than a decade scholars have understood that

Ezra Pound employed mystical concepts of love in his writing of *The Cantos*. In *Ezra Pound and the Mysteries of Love*, Akiko Miyake furthers this understanding by looking at *The Cantos* as a major work in the Christian mystic religious tradition. The author uncovers in the five volumes of Gabriel Dante Rossetti's *Il mistero dell'amor platonico del medio evo* the crucial link between *The Cantos* and the traditions of mystical love established by the ancient Greeks at Eleusis and borrowed by the late medieval Italian and Provençal poets. Drawing upon this key five-volume work as well as comprehensive research in both primary and secondary sources, Miyake brings the partial perceptions of other critics and commentators into an illuminating whole. Disclosing the deliberateness of *The Cantos*, Miyake provides new insight into Pound's sense of culture and into the nature of his Confucianism. She sheds light on the disastrous path Pound followed into Fascism and anti-Semitism and, in contrast to the image of a pagan Pound that has emerged in recent years, reveals a poet writing as a Christian from within the Christian mythical tradition.

The Delights of Wisdom Pertaining to Conjugal Love Emanuel Swedenborg, 1885

The Nature of Love, Volume 2 Irving Singer, 2009-02-20. An examination of ideas and ideals of medieval courtly love and the transition into later Romantic love, analyzing the work of Dante, Shakespeare, and Schopenhauer among many others. Review: monumental Boston Globe, one of the major works of philosophy in our century. *Nous*, wise and magisterial. *Times Literary Supplement* and a masterpiece of critical thinking that is a timely, eloquent, and scrupulous account of what after all still makes the world go round. *Christian Science Monitor*. In the second volume, Singer studies the ideas and ideals of medieval courtly love and nineteenth-century Romantic love as well as the transition between these two perspectives. According to the traditions of courtly love in the twelfth century and thereafter, not only God but also human beings in themselves are capable of authentic love. The pursuit of love between man and woman was seen as a splendid ideal that ennobles both the lover and the beloved. It was something more than libidinal sexuality and involved sophisticated and highly refined courtliness that emulated religious love in its ability to create a holy union between the participants. Adherents to Romantic love in later centuries affirmed the capacity of love to effect a merging between two people who thus became one. Singer analyzes the transition from courtly to Romantic by reference to the writings of many artists, beginning with Dante and ending with Richard Wagner, as well as Neoplatonist philosophers of the Italian Renaissance: Descartes, Spinoza, Rousseau, Hume, Kant, Hegel, and Schopenhauer. In relation to romanticism itself, he distinguishes between two aspects: benign romanticism and Romantic pessimism that took on renewed importance in the twentieth century.
