Bergman, 2004 The members of the literary circle known as the Violet Quill Andrew Holleran Felice Picano Edmund White
Christopher Cox Michael Grumley Robert Ferro and George Whitmore collectively represent the aspirations and the
achievement of gay writing during and after the gay liberation movement David Bergman s social history shows how the
works of these authors reflected advanced and criticized the values principles and prejudices of the culture of gay liberation
In spinning many of the most important stories gay men told of themselves in the short period between the 1969 Stonewall
Riots and the devastation of the AIDS epidemic during the 1980s the Violet Quill exerted an enormous influence on gay
culture The death toll of the AIDS epidemic including four of the Violet Quill s seven members has made putting such recent
events into a historical context all the more important and difficult The work of the Violet Quill expresses the joy suffering
grief hope activism and caregiving of their generation The Violet Hour meets the urgent need for a history of the men who
bore witness not only to the birth but also to the decimation of a culture State of Minds Don Graham, 2011-03-29 John
Steinbeck once famously wrote that Texas is a state of mind For those who know it well however the Lone Star State is more
than one mind set more than a collection of clich s more than a static stereotype There are minds in Texas Don Graham
asserts and some of the most important are the writers and filmmakers whose words and images have helped define the state
to the nation the world and the people of Texas themselves For many years Graham has been critiquing Texas writers and
films in the pages of Texas Monthly and other publications In State of Minds he brings together and updates essays he
published between 1999 and 2009 to paint a unique critical picture of Texas culture In a strong personal voice wry humorous
and ironic Graham offers his take on Texas literary giants ranging from J Frank Dobie to Larry McMurtry and Cormac
McCarthy and on films such as The Alamo The Last Picture Show and Brokeback Mountain He locates the works he discusses
in relation to time and place showing how they sprang or not from the soil of Texas and thereby helped to define Texas
culture for generations of readers and viewers including his own younger self growing up on a farm in Collin County Never
shying from controversy and never dull Graham s essays in State of Minds demolish the notion that Texas culture is an
oxymoron **Literary and Visual Representations of HIV/AIDS** Aimee Pozorski, Jennifer J. Lavoie, Christine J.

Cynn,2019-11-06 Literary and Visual Representations of HIV AIDS Forty Years Later depicts how film and literature about the HIV AIDS crisis expand upon the issues generated by the epidemic This collection fills an important gap in the scholarship on HIV AIDS by bringing together essays by both established and junior scholars on visual and literary representations of HIV AIDS Almost forty years after the first reported cases of what would later be defined as AIDS this book looks back across the decades at works of literature and film to discuss how the representation of HIV AIDS has shifted in media This book argues that literature constitutes a very powerful response to AIDS that ripples into film and politics driving the changes in past and contemporary representations of HIV AIDS The book also expands discussion of the issues generated and amplified by the epidemic to consider how HIV AIDS has been portrayed in the United States Western and Southern Africa Western Europe and East Asia
