Cashmore, 2013-10-14 First published in 1985 *Having To* summarises the situation of more than a million parents in the UK alone that survive as single parents This thought provoking book is based on interviews with more than 200 women and men of all ages and backgrounds The accounts of what life can be like in the world of one parent families are revealing sometimes disturbing and above all moving In this book parents talk in depth about their experiences when

confronted by violence infidelity lesbianism child abuse and paranoia They portray stories that will provoke many questions about the state of the nuclear family

**The Family: Change or Continuity?** Faith Robertson Elliot, 1986-10-27 Faith Elliot's book has a coherence unusual in a textbook As its title suggests it directs our attention to change and continuity in the family It reviews debates about the biological origins of the nuclear family and gender roles accounts of the development of the conjugal family as the dominant family form in modern Western societies and of change in the roles of men and women within and without the family the remodelling of the conjugal family consequent on the legitimization of divorce and the emergence of one parent families and remarriage families and the development of alternative lifestyles as exemplified in unmarried cohabitation same sex pairings and group living The book considers Marxist and feminist approaches alongside the functional approaches which have been more traditional in the sociological study of the family

*The Mating Trade* Robert Mullan, 2022-02-23 Are marriages made in heaven In reality many people need a little help in the arrangement of such matters whether from Jewish shadkhans matchmakers go betweens computer or video dating agencies marriage bureaux Asian arranged marriages gay dating agencies or personal ads Originally published in 1984 the author's clear sighted look at the mating trade takes some of the mystique away from the subject and is the first serious and detailed account of the third party in marriage Dr Mullan looks at the singles scene and the arranged marriage historically and cross culturally and makes it clear that there is nothing necessarily odd or deviant about the mating trade It is a business like any other and as long as people continue to want perfect partners marriage permanent relationships dates and sex and while evolving social structures make such demands ever more difficult to meet the business will thrive It could even expand and grow but the author believes that first it will have to clean up its act

*Middletown Families*, 1982 *Middletown Families* was first published in 1985 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Fifty years after publication of Robert and Helen Lloyd s classic studies *Middletown* 1929 and *Middletown in Transition* 1937 the *Middletown III* Project picked up and continued their exploration of American values and institutions By duplicating the original studies in many cases by using the same questions this team of social scientists attempted to gauge the changes that had taken place in Muncie Indiana since the 1920s In *Middletown Families* the first book to emerge from this project Theodore Caplow and his colleagues reveal that many widely discussed changes in family life such as the breakdown of traditional male female roles increased conflict between parents and children and disintegration of extended family ties are more perceived than actual Their evidence suggests that the *Middletown* family seems to be stronger and more tolerant with closer bonds and greater marital satisfaction than fifty years ago Instead of breaking it apart the pressures of modern society may have drawn the family closer together
