**The Spoils of Freedom** Renata Salecl, 1994 The Spoils of Freedom examines the rise of nationalist racist and anti feminist ideologies in post socialist Eastern Europe This provocative study asks what has become of the notions of democracy and human rights

**The Political Psychology of the Veil** Sahar Ghumkhor, 2019-11-21 Veiled women in the West appear menacing Their visible invisibility is a cause of obsession What is beneath the veil more than a woman This book investigates the preoccupation with the veiled body through the imaging and imagining of Muslim women It examines the relationship between the body and knowledge through the politics of freedom as grounded in a natural body in the index of flesh The impulse to unveil is more than a desire to free the Muslim woman What lies at the heart of the fantasy of saving the Muslim woman is the West's desire to save itself The preoccupation with the veiled woman is a defense that preserves neither the object of orientalism nor the difference embodied in women's bodies but inversely insists on the corporeal boundaries of the West's mode of knowing and truth making The book contends that the imagination of unveiling restores the West's sense of its own power and enables it to intrude where it is other thus making it the centre and the agent by promising universal freedom all the while stifling the question of what freedom is

**Harper's New Monthly Magazine**, 1895 **Slavoj Zizek** Ian Parker, 2004-03-20 When I read Ian Parker's manuscript I experienced an underlying solidarity despite obvious differences we share the same basic political concerns and visions And this makes his critical remarks always pertinent Slavoj Zizek This is not simply the best critical introduction to Zizek in a much more radical sense this is the only critical introduction to Zizek Parker's study is much more than an important contribution to the ongoing debate it redefines its very terms Yannis Stavrakakis author of Lacan and the Political A sharp clear and radical analysis Christian Ingo Lenz Dunker Professor of Psychoanalytic Theory and Lacanian Psychoanalyst Sao Paulo Brazil Since the publication of his first book in English in 1989 Slavoj Zizek has quickly become one of the most widely read and contentious intellectuals alive today With dazzling wit and tremendous creativity he has produced innovative and challenging explorations of Lacan Hegel and Marx and used his insights to exhilarating effect in analyses of popular culture While Zizek is always engaging he is also elusive and even contradictory It can be very hard to finally determine where he stands on a particular issue Is Zizek Marxist or Post Marxist How seriously should we take his recent turn to Christianity Slavoj Zizek A Critical Introduction shows the reader a clear path through the twists and turns of Zizek's writings Ian Parker takes Zizek's treatment of Hegel Lacan and Marx in turn and outlines and assesses Zizek's interpretation and extension of these thinkers theories While Parker is never hastily dismissive of Zizek's innovations he remains critical throughout aware that the energy of Zizek's writing can be bewitching and beguiling as well as engaging and profound

**Harper's New Monthly Magazine** Henry Mills Alden, 1895 Harper's informs a diverse body of readers of cultural business political literary and scientific affairs

**Walled Life** Jenny Stümer, 2022-02-24 Going beyond a discussion of political architecture Walled Life investigates the mediation of material and

imagined border walls through cinema and art practices The book reads political walls as more than physical obstruction instead treating the wall as an affective screen capable of negotiating the messy feelings personal conflicts and haunting legacies that make up walled life as an evolving signpost in the current global border regime By exploring the wall as an emotional and visceral presence the book shows that if we read political walls as forms of affective media they become legible not simply as shields impositions or monuments but as projective surfaces that negotiate the interaction of psychological barriers with political structures through cinema art and of course the wall itself Drawing on the Berlin Wall the West Bank Separation barrier and the U S Mexico border *Walled Life* discovers each wall through the films and artworks it has inspired examining a wide array of graffiti murals art installations movies photography and paintings Remediating the silent barriers we erect between and often within ourselves these interventions tell us about the political fantasies and traumatic histories that undergird the politics of walls as they rework the affective settings of political boundaries
