alive on the pages colored not only by her own sensitivities but also fully endowed with the dynamic energy of her very capable expertise. She has graduated from the hills and dales, forests and mountains and meadows and prairies of Mother Nature. These were the classrooms in which she studied ardently and diligently, applying herself well to the tasks at hand. In clear and concise terms, she takes the guesswork out of herbs. Under her reliable tutelage, even the most novice of users of botanicals will soon become qualified enough to use those she covers in a safe and effective way.
