The Headshrinkers Test:

The Man Who Tested Parachutes Andrew Colley, John Neil, 2025-05-30 Charles Agate's daring parachute testing at RAF Ringway transformed airborne warfare while his post war struggles reveal a complex legacy By 1940 the Allies had fallen behind the Axis powers in parachute design and research Other than as a means of escape from a doomed aircraft the British regarded parachuting as of little military value All that changed when the Germans used paratroops the Fallschirmjäger to devastating effect in the invasion of the Low Countries and Churchill demanded immediate action The call went out for men who would be prepared to risk their lives testing parachutes jumping and landing techniques Charles Agate was a 34 year old schoolteacher with a taste for adventure when he joined a pioneering group of mavericks at RAF Ringway in Manchester The breath taking risks they took alongside the essential work of the women of the WAAF changed the course of the war and the face of airborne warfare Their work though often came at a terrible cost Between 1941 and 1945 Agate and his fellow Parachute Jump Instructors PJIs completed thousands of jumps often from low altitude or using prototype parachutes They jumped carrying heavy kit bags had sandbags strapped to their legs and landed in deep freezing water They also trained thousands of raw recruits for the key airborne operations of the war as well as over 600 Special Operation Executive agents for dropping into enemy territory frequently accompanying them as dispatchers on these hazardous flights They were proud of the knowledge they were acquiring and imparting at Ringway but as the authors reveal this led to disputes with the Americans over tactics and equipment as they prepared for the Allied invasion of France Agate amassed a record 1 601 jumps and was awarded the Air Force Cross He and his fellow PJIs at Ringway were also personally thanked by Churchill for their unique contribution to the war effort His last jump in 1946 with his flying suit stuffed with winnings won on a horse called Airborne at the Epsom Derby was reported in the press worldwide He acknowledged after the war that he had seen 21 good soldiers hit the deck during training at RAF Ringway and these tragedies as well as the effects of risking his life on a daily basis took a heavy emotional toll on him and many of the other PJIs The Man Who Tested Parachutes explores Agate's lost post war years his struggles with his mental health and the impact on his family It charts his journey to becoming the unconventional head teacher of a village school and his clashes with local authorities Finally it describes unflinchingly the last dark twist in the life of this complex man alone in his flat overlooking the sea just before Christmas 1986 This book tells the story of an ordinary man who took extraordinary risks and the men and women who served alongside him It also remembers the young recruits who died before they were able to take part in the key battles for which they were being trained
