Speak to the Earth Vivienne De Watteville,1935 **Speak to the Earth** Vivienne von Wattenwyl,1935 Speak to the Earth. Wanderings and Reflections Among Elephants and Mountains [in East Africa], Etc. [With Plates.] Vivienne Goschen (formerly De Watteville.),1935 **Edith Wharton in Context** Adeline R. Tintner,2015-06-15 These new and classic essays researched and written over a 25 year period are driven and enriched by the enthusiasm curiosity and passion of a scholar still making discoveries about a subject of lifelong fascination Essays at the center of the collection explore Wharton s textual relationships with authors whom she knew well especially Henry James but also Paul Bourget F Marion Crawford and Vivienne de Watteville **Primitive Passions** Marianna Torgovnick,2013-03-06 Beginning with early 20th century figures among them Carl Jung Isak Dinesen and Georgia O Keeffe who found in the primitive a medium for soul searching and personal change Torgovnick probes how the return to the primitive has signaled a quest to transcend the limitations of the body in a variety of contemporary practices from genital piercing to New Age rites to the mythopoetic men s movement Illustrations 272 pp Author tour 10 000 print **Working with the English Anthology** John Seely,David Kitchen,Clare Constant,1996 In-between Two Worlds Béatrice Bijon,Gérard Gacon,2009 Fourteen essays provide a challenging outlook on narratives by women explorers and travellers from five different continents spanning nearly one century from 1850 to 1945 The map thus drawn enables one to revisit restore and reassess the content and the originality of these narratives by women The essays are relevant to the fields of travel writing and gender studies and all draw from referential contemporary theoretical and critical works Michel Foucault Homi Bhabha Edward Said Roland Barthes Michel de Certeau Gilles Deleuze Sara Mills Kristi Siegel and Jane Robinson The main interest and originality of the volume result from the perspectives adopted by the different authors The text oriented analyses rely on close reading thus definitely providing accurate and perceptive critical insights into the narratives Such perspective precludes erasing the differential features characterizing each geographical space and each travelling subject It also moves away from any temptation at creating a naturalized mythical image of these women **Speak to the Earth** Vivienne De Watteville,1935

Hemingway and Africa Miriam B. Mandel,2011 New scholarly essays providing a multifaceted approach to the role of Africa in Hemingway s life and work **The Critical Reception of Edith Wharton** Helen Killoran,2001 Ironically now that she is becoming recognized as a Modernist by some and as perhaps the greatest American writer of her generation the criticism often obfuscates more than it reveals The reasons reside in critics loyalties to various theoretical approaches the objectivity of which are often compromised by political hopes This volume not only traces and analyzes the development of Whartonian literary criticism in its historical and political contexts but also allows Edith Wharton herself a literary critic to

respond to various concepts through the author's deductions and extrapolations from Wharton's own words

Elephant Destiny Martin Meredith, 2009-04-27 For thousands of years the majestic elephant has roamed the African continent as beloved by man as it has been preyed upon. But centuries of exploitation and ivory hunting have taken their toll now as wars and poachers continue to ravage its habitat as disease and political strife deflect attention from its plight the African elephant faces imminent extinction. What will become of these magnificent beasts? As the elephant's future looms ever darker Martin Meredith's concise and richly illustrated biography traces the elephant's history from the first ivory expeditions of the Egyptian pharaohs 2500 years ago to today exploring along the way the indelible imprint the African elephant has made in art literature culture and society. He shares recent extraordinary discoveries about the elephant's sophisticated family and community structure and reveals the remarkable ways in which elephants show compassion and loyalty to each other. Elegant illuminating and urgent *Elephant Destiny* offers a beautiful and important tribute to one of earth's most magisterial creatures at the very moment it threatens to vanish from being.

Wharton, Hemingway, and the Advent of Modernism Lisa Tyler, 2019-04-17 *Wharton Hemingway and the Advent of Modernism* is the first book to examine the connections linking two major American writers of the twentieth century Edith Wharton and Ernest Hemingway. In twelve critical essays accompanied by a foreword from Wharton scholar Laura Rattray and a critical introduction by volume editor Lisa Tyler contributors reveal the writers' overlapping contexts interests and aesthetic techniques. Thematic sections highlight modernist trends found in each author's works. To begin Peter Hays and Ellen Andrews Knodt argue for reading Wharton as a modernist writer noting how her works feature characteristics that critics customarily credit to a younger generation of writers including Hemingway. Since Wharton and Hemingway each volunteered for humanitarian medical service in World War I then drew upon their experiences in subsequent literary works Jennifer Haytock and Milena Radeva Costello analyze their powerful perspectives on the cataclysmic conflict traditionally viewed as marking the advent of modernism in literature. In turn Cecilia Macheski and Sirpa Salenius consider the authors' passionate representations of Italy informed by personal sojourns there in which they observed its beautiful landscapes and culture its liberating contrast with the United States and its period of fascist politics. Linda Wagner Martin Lisa Tyler and Anna Green focus on the complicated gender politics embedded in the works of Wharton and Hemingway as evidenced in their ideas about female agency sexual liberation architecture and modes of transportation. In the collection's final section Dustin Faulstick Caroline Chamberlin Hellman and Parley Ann Boswell address suggestive intertextualities between the two authors with respect to the biblical book of Ecclesiastes their serialized publications in Scribner's Magazine and their affinities with the literary and cinematic tradition of noir. Together the essays in this engaging collection prove that comparative studies of Wharton and Hemingway open new avenues for understanding the pivotal aesthetic and cultural movements central to the development of American literary modernism.
