Speculum Christiani:

Speculum Christiani Gustaf Helmstedt, 1930 **Speculum Christiani** *Speculum Christiani*, **Polluting the Sacred** D. E. Thiery, 2009 The influence of Christianity on the history of violence is often exemplified by famous instances of interfaith conflict like The Crusades However as religions develop they usually marginalize violence against fellow believers long before they ever if at all question violence against others Through an investigation of spiritual and legal sources this book details how Christian teachings about charity sin and purity problematized late medieval parishioners use of violence and how parishioners actually tried to reconcile these teachings with cultural norms that often honored violent conduct By illuminating the impact of lessons concerning the sinfulness of violence and piety of self restraint this book provides a fresh perspective on the important role of religion in the civilizing process of European history *Speculum Christiani. Astell, 2002-01-01 Ann W Astell here affords a radically new understanding of the rhetorical nature of allegorical poetry in the late Middle Ages She shows that major English writers of that era among them William Langland John Gower Geoffrey Chaucer and the Gawain poet offered in their works of fiction timely commentary on current events and public issues Poems previously regarded as only

vaguely political in their subject matter are seen by Astell to be highly detailed and specific in their veiled historical references implied audiences and admonitions Astell begins by describing the Augustinian and Boethian rhetorical principles involved in the invention of allegory She then compares literary and historical treatments of key events in fourteenth and fifteenth century England finding an astonishing match of allusions and code words especially those deriving from puns titles heraldic devices and personal cognizances as well as repeated proverbs prophecies and exempla Among the works she discusses are John Ball s Letters and parts of Piers Plowman which she presents as two examples of allegorical literature associated with the Peasants Revolution of 1381 Gower s allegorical representation of the Merciless Parliament of 1388 in Confessio Amantis and Chaucer s brilliant literary handling of key events in the reign of Richard II In addition Astell argues for a precise dating of Sir Gawain and the Green Knight between 1397 and 1399 and decodes the work as a political allegory
