the very earliest Amazing Spider Man daily strips by the two creators most associated with the Web Slinger Stan Lee and Jack Kirby. Spider Man's origin is recapped, and it's a Who's Who of all your favorite Spidey characters. An Artist's Edition is a book that reproduces classic comic book art from the actual hand-drawn originals. Each page is meticulously scanned at high resolution and reproduced at the same size they were drawn. And while each page appears to be in black and white, these pages have been scanned in color to enable the reader to truly see them as created by John Romita. All the subtle nuances that make original art unique are clearly visible in these pages: gradients in the line art, blue pencils under the inks, corrections. The only better way to view this art would have been to be standing over John Romita's drawing board as he was creating them. [Essential Spider-Man - Volume 4](#), 2002-03-20.
