Spin A Novel:

Let the Great World Spin Colum McCann, 2009-11-30 NATIONAL BOOK AWARD WINNER Colum McCann's beloved novel inspired by Philippe Petit's daring high wire stunt which is also depicted in the film *The Walk* starring Joseph Gordon Levitt. In the dawning light of a late summer morning the people of lower Manhattan stand hushed staring up in disbelief at the Twin Towers. It is August 1974 and a mysterious tightrope walker is running dancing leaping between the towers suspended a quarter mile above the ground. In the streets below a slew of ordinary lives become extraordinary in bestselling novelist Colum McCann's stunningly intricate portrait of a city and its people. *Let the Great World Spin* is the critically acclaimed author's most ambitious novel yet a dazzlingly rich vision of the pain loveliness mystery and promise of New York City in the 1970s. Corrigan a radical young Irish monk struggles with his own demons as he lives among the prostitutes in the middle of the burning Bronx. A group of mothers gather in a Park Avenue apartment to mourn their sons who died in Vietnam only to discover just how much divides them even in grief. A young artist finds herself at the scene of a hit and run that sends her own life careening sideways. Tillie a thirty eight year old grandmother turns tricks alongside her teenage daughter determined not only to take care of her family but to prove her own worth. Elegantly weaving together these and other seemingly disparate lives McCann's powerful allegory comes alive in the unforgettable voices of the city's people unexpectedly drawn together by hope beauty and the artistic crime of the century. A sweeping and radical social novel *Let the Great World Spin* captures the spirit of America in a time of transition extraordinary promise and in hindsight heartbreaking innocence. Hailed as a fiercely original talent *San Francisco Chronicle* award winning novelist McCann has delivered a triumphantly American masterpiece that awakens in us a sense of what the novel can achieve confront and even heal. Praise for *Let the Great World Spin* This is a gorgeous book multilayered and deeply felt and it's a damned lot of fun to read too. Leave it to an Irishman to write one of the greatest ever novels about New York. There's so much passion and humor and pure life force on every page of *Let the Great World Spin* that you'll find yourself giddy dizzy overwhelmed. Dave Eggers. Stunning an elegiac glimpse of hope. It's a novel rooted firmly in time and place. It vividly captures New York at its worst and best. But it transcends all that. In the end it's a novel about families the ones we're born into and the ones we make for ourselves. USA Today. The first great 9/11 novel. We are all dancing on the wire of history and even on solid ground we breathe the thinnest of air. *Esquire*. Mesmerizing a Joycean look at the lives of New Yorkers changed by a single act on a single day. Colum McCann's marvelously rich novel weaves a portrait of a city and a moment dizzyingly satisfying to read and difficult to put down. *The Seattle Times*. Vibrantly whole. With a series of spare gorgeously wrought vignettes Colum McCann brings 1970s New York to life. And as always McCann's heart stoppingly simple descriptions wow. *Entertainment Weekly*. An act of pure bravado dizzying proof that to keep your balance you need to know how to fall. *O The Oprah Magazine* **Spin** Peter Zheutlin, 2021-06-01. Trauma and Recovery in the Twenty-First-Century Irish Novel Kathleen Costello-Sullivan, 2018-05-07 The desire to engage and confront traumatic subjects was a facet of Irish literature for much of the twentieth century Yet just as Irish society has adopted a more direct and open approach to the past so too have Irish authors evolved in their response to and literary uses of trauma In *Trauma and Recovery in the Twenty First Century Irish Novel* Costello Sullivan considers the ways in which the Irish canon not only represents an ongoing awareness of trauma as a literary and cultural force but also how this representation has shifted since the end of the twentieth and beginning of the twenty first century While earlier trauma narratives center predominantly on the role of silence and the individual and or societal suffering that traumas induce twenty first century Irish narratives increasingly turn from just the recognition of traumatic experiences toward exploring and representing the process of healing and recovery both structurally and narratively Through a series of keenly observed close readings Costello Sullivan explores the work of Colm T ib n John Banville Anne Enright Emma Donohue Colum McCann and Sebastian Barry In highlighting the power of narrative to amend and address memory and trauma Costello Sullivan argues that these works reflect a movement beyond merely representing trauma toward also representing the possibility of recovery from it
