Jesus in Context Bruce D. Chilton,Craig A. Evans,2018-12-10 The Proclamation of Jesus seeks to place Jesus in the context of first century Palestinian Judaism The authors hope to discern the essence of his preaching his concept of the kingdom of God and the place of purity in his teaching and activities Better methods for assessing not simply the authenticity of reported sayings and deeds but for tracing the development of tradition are considered The authors are convinced that most of the Synoptic tradition is authentic but that much of it has been reinterpreted and recontextualized Herein lies the real challenge for those investigating the historical Jesus The Proclamation of Jesus opens up new avenues of study and makes new proposals for understanding Jesus in the context of his place and time

Future of Liberation Theology Ivan Petrella, 2006-06-28 There is a notion amongst some academics that Latin American Liberation Theology has had its day a dream killed off by the Nicaraguan and Salvadoran revolutions the 1989 demise of socialism and the end of history claims of the champions of capitalism However in this book Petrella proves this to be an ill conceived notion and shows that this theology can be reinvented to bring its preferential option for the poor into the real world The actualisation of historical projects is possible by adopting the methods developed by the Brazilian champion of critical legal studies Robert Unger Doing so will entail the rejection of these theologians unitary concepts of a despised and rejected capitalism and a canonized and accepted socialism Petrella argues for a reconstruction of these concepts and those of democracy and property too He closely analyses the differences in democracy and capitalism as practised across the USA and Europe in support for the reconstruction of these concepts bringing about far reaching suggestions for the future of liberation theology

Bridges in New Testament Interpretation Neil Elliott, Werner H. Kelber, 2018-04-30 The field of New Testament studies often appears splintered into widely different specializations and narrowly defined research projects Nevertheless some of the most important insights have come about when curious men and women have defied disciplinary boundaries and drawn on other fields of knowledge in order to gain a more adequate view of history The essays in Bridges in New Testament Interpretation offer surveys of the current scholarly discussion in areas of New Testament and Christian origins where cross disciplinary fertilization has been

decisive and describe the role that interdisciplinary bridges especially as led by Richard A Horsley have played Topics include the socioeconomic history of Roman Palestine the historical Jesus in political and media contexts communication media orality and social context in the study of Q the Gospels in the context of oral culture performance and social memory reading Paul s letters in the context of Roman imperial culture the narrativization of early Christianity in relation to the ancient media environment and the role of power in shaping our understanding of history as evident in people s history the historical agency of subordinate classes and the role of public and hidden transcripts in contexts shaped by power relations Essays also address the role of the interpreter as engaged with the social and political concerns of our time The sum is even greater than the parts presenting a powerful argument for the value of further exploration across interdisciplinary bridges

The Vehement Jesus David J. Neville, 2017-11-13 The Vehement Jesus composes a fresh examination and interpretation of several perplexing passages in the Gospels that at face value challenge the conviction that the mission and message of Jesus were peaceful Using narrative analysis and various forms of intratextual critique in the service of a hermeneutic of shalom the author makes the case that Gospel portrayals of the vehement Jesus are compatible with perhaps even indispensable to the composite canonical portrait of Jesus as the Messiah of Peace As a result this exploration in New Testament theology and ethics makes an invaluable contribution to the crucial conversation about the role of Jesus life and teaching in Christian reflection on the morality of violence today

Liberating Paul Neil Elliott, 2005-02-01 For centuries the apostle Paul has been invoked to justify oppression whether on behalf of slavery to enforce unquestioned obedience to the state to silence women or to legitimate anti-Semitism To interpret Paul is thus to set foot on a terrible battleground between spiritual forces But as Neil Elliott argues the struggle to liberate human beings from

the power of Death requires Liberating Paul from his enthrallment to that power In this book Elliott shows that what many people experience as the scandal of Paul is the unfortunate consequence of the way Paul has usually been read or rather misread in the churches In the first half of the book Elliott examines the many texts historically interpreted to support oppression or maintain the status quo He shows how often Paul s authentic message has been interpreted in the light of later pseudo Pauline writings In Part Two Elliott applies a political key to the interpretation of Paul Though subsequent centuries have turned the cross into a symbol of Christian piety Elliott forcefully reminds us that in Paul s time this was the Roman mode of executing rebellious slaves a fact that has profound political implications **The Great Refusal** Andrew
