Examining the Claims of Jesus Dee Brestin, 2010-12-29 How can we evaluate the claims of Jesus Was He just a deluded prophet of the first century A historical character out of step with his times Or was He really who He claimed to be the son of God What were His claims What response do His claims demand This studyguide is for anyone who has questions about Jesus Christ *Safari Based Theology* Dr. Enos Lwamba, 2012-12-21 In Safari based Theology Dr Enos Lwamba has developed an

approach to theology and mission based on his proposed safari motif for the development of theology and mission Based on his Ph D dissertation The Safari Motif in the Development of Theology in Africa Dr Lwamba argues that God has used a series

of divine redemptive safaris in the Bible to reveal Himself progressively to people The author develops his proposed motif around a tri dimensional conception of reality and time and explores a threefold aspect of the safari mwanzo sasa and mwisho which provide keys to the African mindset He explores the various meanings and uses of the safari idea from both a biblical and theological perspective In addition to the literal safaris journey is an analogy of the church and believers are on a divine safari individually and collectively The safari model highlights the absolute necessity of the biblical message and the contextual situation to help Christians live effective and fruitful lives in society now and in future Inspired by both John Mbitis The African Concept of Time and Paul Hieberts The Flaw of the Excluded Middle the author utilizes biblical theological historical and contextual sources to make his point In the philosophical aspect of the safari the author develops his notion of an African conception of time modeled on the cultural safari idea which he relates to development of theology and mission He refutes the western influenced or commercially based notion that safari refers to a game hunting or tourist expedition to Africa Dr Lwamba promotes the argument that the philosophical framework and methodology drawn from the safari approach provides a more effective way of doing theology and mission in Africa and other contextual situations He also draws parallels to the safari concept from such sources as Augustines City of God John Bunyans The Pilgrims Progress and others in a refreshing and original style that the reader will find engaging The motif provides interpretational and practical application tools as it harmonizes the unity of the biblical message Its practical appeal makes Safari Based Theology a must read for Christians and others interested in their daily journey of faith The author contends that just as the idea of logos described the mindset conception of divine truth and aspirations of the Greek mind the concept of safari does the same for the African This book is highly recommended for pastors missionaries and teachers as well as students of Bible and theology culture and missions and other related disciplines

God's work in the heart until it really learns that it can trust Him. It also deceives oneself. This has let the devil manipulate us out of most of our boundless power of staying in Christ. Here we see how experiences and demons can create highly protected strongholds that work against people receiving God's great love and power in Jesus. We also see how to destroy a stronghold in oneself and in others who want to be free. Destroying it includes a good preparation and good follow up to Jesus' work of deliverance all help the freedom to last. Therefore this book shows the nature of spiritual warfare which comes with moving into God's mighty provisions for us in Christ. Landmines in the Path of the Believer Charles F. Stanley, 2008-12-30

Satan doesn't usually hit us with an all out frontal attack. It's the subtle landmines that do the most damage. They're hidden just below life's surface and at the slightest misstep BOOM! Suddenly you find yourself flown right off the path feeling separated from God and His blessings, humiliated, estranged from the love and respect of friends and family. Dr. Charles Stanley addresses nine main landmines that every Christian needs to be able to identify: Pride, Jealousy and Envy, Insecurity, Compromise, Unforgiveness, Disappointment, Fear, Immorality, Laziness. Life may be a minefield but that doesn't mean you have to live in fear. Dr. Stanley spells out the biblical principles for avoiding and defusing each of these landmines. In the midst of spiritual warfare, this book is a call to live in the strong peace of God.
