*Attaining the Worlds Beyond* Michael Laitman, 2003-01-01 In the words of Michael Laitman It is beyond human comprehension to understand the essence of such spiritual qualities as total altruism and love This is for the simple reason that human beings cannot comprehend how such feelings can exist at all as everyone seemingly requires an incentive to perform any act without some personal gain people are not prepared to extend themselves That is why a quality such as altruism can only be imparted to a person from Above and only those who have experienced it can understand it Attaining The Worlds Beyond is a first step toward discovering the ultimate fulfillment of spiritual ascent in our lifetime This book reaches out to all those who are searching for answers who are seeking a logical and reliable way to understand the world s phenomena This magnificent introduction to the wisdom of Kabbalah provides a new kind of awareness that enlightens the mind invigorates the heart and moves the reader to the depths of their soul

**Beyond Religion and the Secular** Wayne Hudson, 2022-11-17 Deploying a distinctive disaggregative approach to the study of religion this volume shows that spiritual movements with extensive counterfactual beliefs have been much more creative than one might expect Specifically Wayne Hudson explores the creativity of six

spiritual movements the Bahá'í a Persian movement Soka Gakkai a Japanese movement Ananda Marga and the Brahma Kumaris two reformed Hindu movements and two controversial American churches The Church Universal and Triumphant and the Church of Jesus Christ of Latter day Saints Most of these movements have counterintuitive features that have led Western scholars making Enlightenment assumptions to dismiss them as irrational and or inconsequential However this book reveals that these movements have responded to modernity in ways that are creative and practical resulting in a wide range of social educational and cultural initiatives Building on research surrounding the ways in which spiritual movements engage in cultural productions this book takes the international research in a new direction by exploring the utopian intentionality such cultural productions reveal Transform Your Life Geshe Kelsang Gyatso,2007-08 This practical guide clearly explains the fundamentals of Buddhist view and step by step instructions on how to experience more love in our heart and our life to benefit ourself and others Buddhist principles are explained such as how to attain inner peace what is the mind what happens at the time of our death and karma Readers can learn simple methods to transform their minds and lives through an exploration of the real meaning of their human life how to find the source of happiness and the actual methods to solve our daily problems **Sufi Teaching Stories** Anab Whitehouse,2018-11-06 Although told in a largely refashioned manner a number of the following stories are very loosely based upon either time honored stories of the mystics or are built around various essential spiritual insights drawn from their teachings Other stories appearing in this volume are wholly original but are still rooted in a traditional spiritual perspective In either case the names have been changed to protect the innocent and as well considerable poetic license has been taken in the telling and or re telling of some of these spiritual tales The author is neither a shaykh nor a guide but he did have the opportunity to serve and work closely with an adept of Islamic mysticism and as a result was exposed to a variety of principles values and teachings of the Sufi path The stories are being given expression in the present volume because they might have something of value to offer to anyone who cares to engage them and reflect on what is being said *Evangelical Magazine with which is Issued The Missionary Chronicle* ,1885

**Scientific theology** Thomas Walter Barber,1884 The Spiritual Inception Chris J Berry,2011-06-09 The Spiritual Inception opens in a divine part of the universe In a place known as the Hallowed Sanctum two proven spirits Sarah and John await the birth of a young soul Having partnered each other on their voyage to infinity across several physical planes in the universe they have achieved perfection What stands between them and entering the Infinite Ones Eternal Land is the task of mentoring this young spirit on its own voyage to infinity The success of this assignment offers them the opportunity to enter a world of unimaginable joy and happiness together As the first chapter ends the scene is set on a world called Orburn Similar to Earth it is a world that will provide the young soul with the means to learn the Infinite Ones truth of life

Morning light [afterw.] The New-Church weekly ,1886 *Religion and the Rise of Democracy* Graham Maddox,2012-09-10 In a major original study Graham Maddox analyses the role of religion in the development of democracy
