Spirituality And Moral Theology Essays From A Pastoral Perspective:

Spirituality and Moral Theology James Keating, 2000 A collection of essays by leading moral theologians on the topic of how being good is related to being holy in the context of pastoral life *Spirituality and moral theology* ,1973 **Moral Theology** James Keating, 2004 Gathers together some of the top moral theologians to recognize and honour the work of James P Hanigan and to present their own personal visions on the present state and future direction of fundamental moral theology Catholic Moral Theology in the United States Charles E. Curran, 2008-04-11 In this magisterial volume Charles E Curran surveys the historical development of Catholic moral theology in the United States from its 19th century roots to the present day He begins by tracing the development of pre Vatican II moral theology that with the exception of social ethics had the limited purpose of training future confessors to know what actions are sinful and the degree of sinfulness Curran then explores and illuminates the post Vatican II era with chapters on the effect of the Council on the scope and substance of moral theology the impact of *Humanae vitae* Pope Paul VI s encyclical condemning artificial contraception fundamental moral theology sexuality and marriage bioethics and social ethics Curran s perspective is unique For nearly 50 years he has been a major influence on the development of the field and has witnessed first hand the dramatic increase in the number and diversity of moral theologians in the academy and the Church No one is more qualified to write this first and only comprehensive history of Catholic moral theology in the United States **Phenomenological Approaches to Religion and Spirituality** Essien, Essien D., 2021-01-29 There is an interesting knowledge trajectory that God remains incomprehensible not imperceptible This lends credence to the fact that religious study since the Enlightenment has dedicated itself almost entirely to the problem of reconciling the non existence of God in the physical world with his necessary existence in the metaphysical world When seriously examined it would be discovered that these two aspects are logically contradictory and this is a problem with no solution But interpreting God not as a physical being but as a phenomenological thing changes the nature of the problem enough that a solution emerges almost automatically In this phenomenological model the crux of the matter is that God does not exist but God is real Therefore it is imperative to return to experience and verifiability hence purging it of unexamined and often hidden assumptions Phenomenological Approaches to Religion and Spirituality brings together the different disciplines and research approaches to provide a comprehensive analysis of the phenomenology of God and spirituality as well as offering an effective epistemological apparatus capable of dealing with this concept The book employs multidisciplinary approaches from religious studies theology philosophy anthropology and other segments to dissect the subject matter for efficient evaluation and all inclusive findings While covering various aspects of religion such as the testaments of the Bible the church the religious experience and various aspects of spirituality this book is intended for theologians philosophers religious leaders policymakers academicians researchers students public institutions and agencies with a special interest in religious matters values knowledge and truth

Ethics and Spirituality Charles E. Curran, 2014 This volume compiles writings by leading moral theologians and ethicists on an important emerging topic in the field of ethics As spirituality asserts its broad humanistic interdisciplinarity and moral theology emerges from its fixation on sin to address broader questions of human formation and Christian discipleship the need for the two disciplines to be in dialogue is clear *Spiritual Formation in Local Faith Communities* Neil Pembroke, Ewan Kelly, Theo Pleizier, William S. Schmidt, Jan-Albert van den Berg, 2022-03-31 Spiritual formation in our local churches is too often poorly done or it is virtually nonexistent We developed this innovative approach to spiritual formation in the congregation because it is desperately needed The prompt cards are used to spark deep reflection and shape potentially life transforming conversations with a pastor around spiritual practices spiritual character personal and social ethics and emotional well being The model was trialed in five countries We heard time and time again how the six week process fired a passion to go deeper with Christ Some reported praying regularly for the first time in decades Others found the Scriptures coming alive after years of going through the motions In this book the authors present a simple but powerful method and offer in depth theological reflection on related issues Some of the important areas covered are early church approaches to spiritual formation contemporary spiritual practices spiritual character the indissoluble link between spirituality and moral virtue the spirituality of the pastor and the positive psychology approach *Beyond the Four Walls* Walter Lizando Hidalgo-Olivares, 2011-07-13 Hip hop is creating an expanding ministerial and spiritual movement that is changing the socio historical landscape on a national and global level From the streets of its birthplace in the South Bronx to the barrios of Colombia in South America Hip hop is helping to create sacred spaces that are providing purpose to our marginalized youth and young adult street populations *Beyond the Four Walls The Rising Ministry and Spirituality of Hip hop* serves as both an autobiographical and ethnographical journey of my love and experiences with Hip hop as a professor youth minister and artist I invite the reader to explore my outlook on Hip hop which reaches far beyond the scope of its music commercialization and hood life Instead it takes another look at the unprecedented impact that Hip hop continues to have in both our secular and spiritual communities Because of its ongoing commitment to community organizing activism social justice and education Hip hop is worthy to be called a 21st Century socio political theological and spiritual movement akin to that of Rev Dr Martin Luther King Jr Ghandi Mohammed Abraham Archbishop Oscar Romero and most notably in this book Jesus Christ and Paul the Apostle *The Gratitude Factor* Charles M. Shelton, 2010 Helps readers to reflect on the role of gratitude in their lives and to cultivate this virtue for their own benefit The first author to offer a critique of gratitude through an explanation of various types of gratitude Charles Shelton uses his skills as a clinical psychologist to present insights into the human experience of gratitude based on his own research The exercises strategies and reflection questions threaded throughout the book give it a practical dimension that facilitates the reader's growth Shelton's highly original reflection on Jesus as a grateful person lends a spiritual dimension to his work This book will benefit individual readers as

well as serve as a resource for spiritual direction workshops spiritual formation courses or ministry formation programs From publisher description

The ^APsychology of Gratitude Robert A. Emmons, Michael E. issues By contrast this book gives a presentation of the patterns and traditions of thought that lie behind some of these discussions in the hope that this will enable particular issues to be fully understood The book begins by asking What is Theological Ethics and proceeds to introducing different approaches to Ethics Ethics in the Catholic and Protestant traditions and subjects such as Sin Grace and Free Will Augustine Natural Law and the Human Good Thomas Aquinas Virtue Conscience and Love Everyone studying theology whether in a ministerial or a university context has to study Ethics and this is an accessible and student friendly textbook on the subject *Judaism Is About Love* Shai Held,2024-03-26 A profound startling new understanding of Jewish life illuminating the forgotten heart of Jewish theology and practice love A dramatic misinterpretation of the Jewish tradition has shaped the history of the West Christianity is the religion of love and Judaism the religion of law In the face of centuries of this widespread misrepresentation Rabbi Shai Held one of the most important Jewish thinkers in America today recovers the heart of the Jewish tradition offering the radical and moving argument that love belongs as much to Judaism as it does to Christianity Blending intellectual rigor a respect for tradition and the practices of a living Judaism and a commitment to the full equality of all people Held seeks to reclaim Judaism as it authentically is He shows that love is foundational and constitutive of true Jewish faith animating the singular Jewish perspective on injustice and protest grace family life responsibilities to our neighbors and even our enemies and chosenness Ambitious and revelatory *Judaism Is About Love* illuminates the true essence of Judaism an act of restoration from within *Understanding Student Affairs at Catholic Colleges and Universities* Sandra M. Estanek,2002 In response to the growing concern over nurturing Catholic identity at Catholic colleges and universities and an outcome of the Lilly funded Institute for Student Affairs at Catholic Colleges and Universities ISACC this book is the first of its kind to focus not only on student affairs in Catholic higher education but on lay men and women who received training at secular institutions An essential book for administrators staff and faculty at Catholic institutions of higher learning **Theological Ethics** Edward Dowler,2011 Intended for those studying Christian ethics at upper undergraduate level this book offers a discussion of Christian moral thought in a variety of key areas It begins by asking What is Theological Ethics and proceeds to introducing different approaches to Ethics Ethics in the Catholic and Protestant traditions and subjects Water Shaping Stone Kathryn Lilla Cox,2016-01-15 The Catholic Tradition requires the faithful to form and follow their conscience This is the case even with the recognition that consciences can be malformed and one can make errors in practical judgments *Water Shaping Stone* examines various aspects of this tradition regarding conscience by using among other sources twentieth century magisterial documents theologians works and Scripture Kathryn Lilla Cox argues that while the Magisterium retains teaching authority and a responsibility to help form consciences through its teaching focusing only on the Magisterium leads to incomplete formation A more holistic vision of conscience formation means considering the formation of the moral agent to be a multifaceted process that draws on for example teaching prayer rituals Scripture practices and virtues along with

relationships with the Triune God and communities of accountability This vision of conscience formation retains the magisterial teaching authority while acknowledging discipleship as the theological basis for making and assessing practical judgments of conscience **Religious Giving** David H. Smith, 2010-04-06 Religious Giving considers the connection between religion and giving within the Abrahamic traditions Each contributor begins with the assumption that there is something inherently right or natural about the connection But what exactly is it To whom should we give how much should we give what is the relationship between our giving and our relationship to God Writing for the introspective donor congregational leader or student interested in ways of meeting human needs the authors focus on the philosophical or theological dimensions of giving The contributors goal is not to report on institutional practices but to provide thoughtful constructive guidance to the reader informed by a critical understanding of the religious traditions under review
