Atchley,2009-03-01 Winner 2009 Richard Kalish Innovative Publication Award Gerontological Society of America A spiritual life one focused on personal growth and deep human experience is a major focus and motivator for people over the age of forty Yet there is a marked lack of rigorous academic study of spirituality s importance in the lives of aging people Noted gerontologist Robert C Atchley remedies this problem by developing complex concepts and language about spirituality Spirituality and Aging incorporates material from two decades of interviews observations study and reflection to illustrate ways of thinking about and discussing spirituality what it is why it is important and how it influences the experience of aging This book provides a nuanced view of spirituality and the richness it brings to the lives of older people The book is divided into three sections with the first providing basic frames of reference for examining spirituality and aging such as the nature of spirituality spiritual development and the spiritual self Atchley next focuses on two dimensions of spirituality that are likely to manifest later in life becoming a sage developing the capacity to bring spiritual light to everyday issues and serving from spirit creating opportunities for service that are rooted in spirituality The last section illustrates how spirituality informs other aspects of late life such as psychological coping and the experience of dying and death Separating spirituality from religion something few books on this topic do Spirituality and Aging offers a plan for incorporating spirituality into gerontological scholarship research education and practice      **Lectures on the Philosophy of Religion** Georg Wilhelm

Friedrich Hegel,1895      **Handbook of Stressful Transitions Across the Lifespan** Thomas W. Miller,2009-11-28 This volume provides a unique and valuable contribution to our understanding of the impact of stressful life events and mass trauma on the person the culture and society in the course of the life span It provides a comprehensive look at our psychological state of affairs at the beginning of the twenty first century There are several volumes that address some or most of these areas indivi ally but this volume is unique in that it has brought together theoreticians researchers and clinicians who address critical challenges in our lives But we are now several months into the global financial crisis requiring a transition not only for the western world but for the third world How on earth do families in trauma zones from Sri Lanka to Afghanistan New Orleans to Gaza cope with similar declining older relatives with added traumas and zero medical resources attempt to survive In news reports politicians and financiers denying the inevitable and struggling for solutions that cannot

be relevant to the new reality that they have yet to discover      **Nurturing Child and Adolescent Spirituality** Karen-Marie Yust, 2006 *Nurturing Child and Adolescent Spirituality Perspectives from the World's Religious Traditions* provides a forum for prominent religious scholars to examine the state of religious knowledge and theological reflection on spiritual development in childhood and adolescence Featuring essays from thinkers representing the world's major religious traditions the book introduces new voices challenges assumptions raises new questions and broadens the base of knowledge and investment in this important domain of life It specifically and intentionally focuses on theological and philosophical perspectives from within religious traditions creating space for the religious traditions to find their voices *Nurturing Child and Adolescent Spirituality* is firmly grounded in the language and priorities of religious studies and helps stimulate explorations of whether and how religious communities are tapping their own wisdom and strengths in nurturing today's young people in a complex and changing world *Nurturing Child and Adolescent Spirituality* will set the stage for new waves of scholarship and dialogue within and across traditions disciplines and cultures that will enrich understanding and strengthen how the world's religious traditions and others understand and cultivate the spiritual lives of children and adolescents around the globe      *Explorations of Spirituality in American Women's Literature* Scarlett

Cunningham, 2023-07-07 This book connects the aging woman to the image of God in the work of Flannery O'Connor Joyce Carol Oates Alicia Ostriker Lucille Clifton Mary Szybist and Anne Babson It introduces a canon of contemporary American women's spiritual literature with the goal of showing how this literature treats aging and spirituality as major connected themes It demonstrates that such literature interacts meaningfully with feminist theology social science research on aging and body image attachment theory and narrative identity theory The book provides an interdisciplinary context for the relationship between aging and spirituality in order to confirm that US women's writing provides unique illustrations of the interconnections between aging and spirituality signaled by other fields This book demonstrates that relationships between the human and divine remain a consistent and valuable feature of contemporary women's literature and that the divine human relationship is under constant literary revision      **Avatar and Nature Spirituality** Bron Taylor, 2013-08-14

*Avatar and Nature Spirituality* explores the cultural and religious significance of James Cameron's film *Avatar* 2010 one of the most commercially successful motion pictures of all time Its success was due in no small measure to the beauty of the Pandora landscape and the dramatic heart wrenching plight of its nature venerating inhabitants To some audience members the film was inspirational leading them to express affinity with the film's message of ecological interdependence and animistic spirituality Some were moved to support the efforts of indigenous peoples who were metaphorically and sympathetically depicted in the film to protect their cultures and environments To others the film was politically ethically or spiritually dangerous Indeed the global reception to the film was intense contested and often confusing To illuminate the film and its reception this book draws on an interdisciplinary team of scholars experts in indigenous traditions religious studies

anthropology literature and film and post colonial studies Readers will learn about the cultural and religious trends that gave rise to the film and the reasons these trends are feared resisted and criticized enabling them to wrestle with their own views not only about the film but about the controversy surrounding it Like the film itself Avatar and Nature Spirituality provides an opportunity for considering afresh the ongoing struggle to determine how we should live on our home planet and what sorts of political economic and spiritual values and practices would best guide us
