## **Spitfire Classic Aircraft No1 Their History And How To Model Them:**

*Sixty Years of Airfix Models* Jeremy Brook, 2015-06-30 The best known and most important manufacturer of plastic model kits in the UK Airfix has been at the forefront of the industry since 1955 when the first Airfix aircraft kit appeared in UK branches of Woolworth's. The kits were made to a constant scale and covered a wide variety of subjects from aircraft to birds and from tanks to dinosaurs. In 1981 the famous London based company closed down and only the kits survived intact. For the next twenty five years Airfix was run by Palitoy and later Humbrol but suffered from a lack of investment. In 2006 Hornby Hobbies Ltd the train and Scalextric manufacturer bought the ailing company and transformed it. Money and resources were ploughed into the range and today Airfix releases around twenty new kits per year designed to an incredibly high standard. The old kits of the 1950s and 1960s are gradually being replaced by new state of the art tooling all bearing that most prestigious name Airfix. Published to coincide with the sixtieth anniversary of the first Airfix aircraft kit *Sixty Years of Airfix Models* tells the full story year by year of the company and its products. Illustrated throughout with colour photographs of kits, box art and completed models.

**The Supermarine Spitfire MKV** Lance Cole, 2018-07-30 The story of the Supermarine Spitfire has been told across many years and the debate about it is enduring yet the Spitfire remains a true icon. For aviation enthusiasts, for historians, for modellers the word Spitfire conjures many stories and affections. This book presents the Spitfire enthusiast with an up to date history of the Spitfire not just in its design and application in war but also as a flying memorial and as an aero modeller's vital focus. The text examines recently revealed forgotten aspects of the Spitfire story by combining the elements of design, the story of a weapon of war and a revered scale model. This book frames an essential chapter in aviation history. Packed with original and contemporary images and information and displaying unique Spitfire model collections, the narrative bridges an important gap and is a worthy addition to the FlightCraft series.

*The Art of Roy Cross* Roy Cross, 2019-12-05 Roy Cross RSMA GAvA began work as an illustrator in Fairey Aviation during World War II. Over the next thirty years he progressed from line illustration via colour artwork to top class advertising art for the aircraft industry and other companies including Airfix for whom he produced many hundreds of artworks to adorn model kit boxes over a ten year period. His illustrations for Airfix included superb depictions of aircraft, cars, ships, spacecraft, armoured vehicles and dioramas. Though Roy is perhaps most famous for his Airfix box art, his work has encompassed book and magazine illustrations including highly detailed cutaways and other technical drawings. In more recent years Roy has concentrated on the production of his magnificent maritime paintings.
