THE SPOKEN WORD AND THE WORK OF INTERPRETATION DENNIS TEDLOCK

"A significant event in the intersection of several circles: Americanists, folklorists, anthropologists, literary scholars, and linguists. . . . A call for acceptance of the spoken natural reality. . . . skilful, entertaining, and deserving to be heard."

Dell Hymes, University of Pennsylvania

"Brings together, in a compelling single volume, Tedlock's major theoretical and methodological contributions."

Joel Sherzer, University of Texas at Austin

In *The Spoken Word and the Work of Interpretation*, Dennis Tedlock makes available for the first time in a comprehensive collection his theories and methods in the field of the spoken arts, which have already begun to reshape the ways in which verbal performance is analyzed and evaluated. In his most extended examination of oral literature to date, he explores Native American oral performance beginning with the use of tape recorders in fieldwork and continuing all the way through the problems of poetics and hermeneutics.

Tedlock brings to light startling new methods for transcribing, translating, and interpreting oral performance, which carry wide implications for all areas of the spoken arts. Moreover, he reveals how the categories and concepts of a poetics and a hermeneutics based in Western literary tradition cannot be carried over in their entirety to the spoken arts of other cultures, but require extensive reevaluation.

DENNIS TEDLOCK is University Professor of anthropology and religion at Boston University.
