The Early Church Fathers As Educators:

The Early Church Fathers as Educators E. Matsagouras, 1977 **Church Fathers and Teachers** Pope Benedict XVI, 2010-05-03 After meditating on the Apostles and then on the Fathers of the early Church as seen in his earlier works *Jesus the Apostles and the Early Church* and *Church Fathers* Pope Benedict XVI devoted his attention to the most influential Christian men from the fifth through the twelfth centuries In his first book *Church Fathers* Benedict began with Clement of Rome and ended with Saint Augustine In this volume the Holy Father reflects on some of the greatest theologians of the Middle Ages Benedict Anselm Bernard and Gregory the Great to name just a few By exploring both the lives and the ideas of the great popes abbots scholars and missionaries who lived during the fall of the Roman Empire and the rise of Christendom Pope Benedict XVI highlights the key elements of Catholic dogma and practice that remain the foundation stones not only of the Roman Catholic Church but of Christian society itself This book is a wonderful way to get to know these later Church Fathers and Teachers and the tremendous spiritually rich patrimony they have bequeathed to us Without this vital sap man is exposed to the danger of succumbing to the ancient temptation of seeking to redeem himself by himself Pope Benedict XVI

Secondary Teachers in the United States George Washington Andrew Luckey, 1903 **Teaching for Spiritual Formation** Kyle R. Hughes, 2022-01-06 In *Teaching for Spiritual Formation* church historian and experienced Christian educator Kyle R. Hughes advances a fresh vision of Christian teaching and learning by drawing upon the riches of the Christian tradition synthesizing the wisdom of the early church fathers with contemporary efforts to cultivate a distinctively Christian approach to education Of interest to a wide range of Christian educators this book examines how the writings of five significant church fathers can illuminate our understanding of the vocation of teachers the nature of students the purpose of curriculum decisions about pedagogy and how spiritual formation works Besides reimagining these aspects of Christian education Hughes also offers habits and practices that can help bring this vision of Christian teaching and learning to life challenging Christian educators to sharpen their approach to the integration of faith and learning in practical and accessible ways A Syllabus of the Course of Study in the History of Education Paul Monroe, 1916 *Founding the Fathers* Elizabeth A. Clark, 2011-04-12 Through their teaching of early Christian history and theology Elizabeth A. Clark contends Princeton

Theological Seminary Harvard Divinity School Yale Divinity School and Union Theological Seminary functioned as America's closest equivalents to graduate schools in the humanities during the nineteenth century. These four Protestant institutions founded to train clergy later became the cradles for the nonsectarian study of religion at secular colleges and universities. Clark, one of the world's most eminent scholars of early Christianity, explores this development in *Founding the Fathers: Early Church History and Protestant Professors in Nineteenth Century America*. Based on voluminous archival materials, the book charts how American theologians traveled to Europe to study in Germany and confronted intellectual currents that were invigorating but potentially threatening to their faith. The Union and Yale professors in particular struggled to tame German biblical and philosophical criticism to fit American evangelical convictions. German models that encouraged a positive view of early and medieval Christianity collided with Protestant assumptions that the church had declined grievously between the Apostolic and Reformation eras. Trying to reconcile these views, the Americans came to offer some counterbalance to traditional Protestant hostility both to contemporary Roman Catholicism and to those historical periods that had been perceived as Catholic, especially the patristic era.
