Raul Llanos, a physician with more than forty years of experience, shares guidance, ideas, concepts, and techniques that will help others achieve a higher stage of consciousness, create a freer reality full of joy, and embrace God's unconditional love. Included are suggestions on how to release long-held addictions through a variety of holistic methods and move into a better place of health and well-being. *The Art of Consciously Healing Our Addictions* offers wisdom from a seasoned physician that encourages others to shun addictive behaviors and awaken to a new reality that connects spirituality with self-awareness.

Spiritual Awakening and Enlightenment Guy Berchik, 2023-11-14 Enlightenment or Spiritual awakening is a psychological phenomenon where something of the mind develops awakens and unifies and something else of the mind drops off or surrenders Some desire spiritual awakening very directly and indeed very intensely but it is very difficult to achieve because spiritual enlightenment is something that happens rather than something that we do And on the other hand spiritual awakening does not really happen by itself There is always some preparation for some time in whatever form Some develop intensity through the development of deep understanding that later leads to more intense curiosity that ultimately leads to seeing through the obstacles of the mind and then a profound surrender occurs as a permanent state of being Others develop

intensity through desire and developing powerful emotions that may lead to the higher awakened state where the heart blissfully awakens and unites with consciousness And still others develop intensity through the proper use of suffering where suddenly they find themselves transformed into awakened conscious beings This short book describes what happens in the actual experience of spiritual awakening and how to prepare and thus speed up the process The book also discusses the profound benefits of enlightenment powers associated with mind development healing oneself accomplishing in life and how to prepare for life after death *The Healing Power of Your Subconscious Mind* Dr. Joseph Murphy, 2019-10-22 Your thoughts and feelings create your destiny Whatever your conscious and subconscious minds agree upon will come to pass Think of illness and you will be ill Think of happiness and you will be happy You have the power to control what goes into your mind Instead of dwelling on depressing and life sapping thoughts feed your subconscious with life giving patterns and your actions and reactions will match your thoughts In *The Healing Power of Your Subconscious Mind* Dr Murphy gives you the tools to reprogram your mind to change the nature of your thoughts from debilitating negativism to inspiring affirmation
