The Hazards of Being Male Herb Goldberg, 2000 **The Hazards of Being Male** Herb Goldberg, 1987 Hazards of Being Male Herb Goldberg, 1977-05-01 New Adam Philip Leroy Culbertson, With its deft explanations of male psychology its profound encounters with five biblical texts of terror for men and its pioneering of new ways in men's prayer and men's groups Culbertson's book enables men to come to terms with issues of justice friendship sexuality and love in their lives His book will help men to craft a new spirituality to achieve a new integrity and ultimately to create a new identity Politics of Masculinities Michael A. Messner, 1997-09-06 The profound changes wrought by the feminist movement were by no means restricted to women In the years since feminism has taken root the role of men and masculinity has begun to undergo its own redefinition Michael A Messner provides a sociological framework to understand the responses of men to the changes challenges and crises in the social organization of gender By examining not only what certain groups of men say about gender but what they do Messner helps to illuminate the various social movements engaged with the politics of masculinity *Politics of Masculinities* is one of the first books in the new Gender Lens series which will look at the social world through the lens of gender The mission of the series is to unpack the assumptions about gender that pervade social life and to examine the centrality of these assumptions to the way we perceive and interpret our world *Politics of Masculinities* is an ideal introduction to the discussion of gender roles and masculinity This book will be of interest to students and professionals involved in gender studies sociology and men's studies **Contemporary Perspectives On Masculinity** Ken Clatterbaugh, 2018-10-08 What is social reality for men in modern society What maintains or explains this social reality What condition might we imagine that would be better for men How might we achieve this better condition These are the questions Kenneth Clatterbaugh brings to seven different visions of men in modern society considered in this newly updated edition In clear and insightful language Clatterbaugh surveys not just conservative liberal and radical views of masculinity but also the alternatives offered by the men's rights movement spiritual growth advocates and black and gay rights activists Each of these is explored both as a theoretical perspective and as a social movement and each offers distinctive responses to the questions posed The first edition of this book was the first to survey the range of responses to feminism that men have made as well as the first to put political theory at the center of men's awareness of their own masculinity This new edition adds chapters on recent highly publicized movements such as the Promise Keepers Million Man March and the evolution of gay men's rights Clatterbaugh treats all views with fairness and timeliness as he develops and defends a vision of men and masculinity consistent with feminist ideals and a just society **The Kaleidoscope of Gender** Catherine G. Valentine, Mary Nell Trautner, Joan Z. Spade, 2019-03-07 The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop *The Kaleidoscope of Gender* *Prisms* *Patterns* and *Possibilities* provides an accessible timely and stimulating
