

Who is More Persuasive in the Letter Correspondence between Seaver and Herbert Essay Sample

In 1970, Grove Press used the slogan "It's the existent thing" in an advertizement for *Diary of a Harlem Schoolteacher* by Jim Haskins. The Coca-Cola Company had already been utilizing this motto and similar mottos for about 28 old ages, and as a consequence a Coca-Cola Company executive, Mr.

Ira C. Herbert and Mr. Richard Seaver, who was a representative of Grove Press,

have a two missive correspondence in which the usage of this motto is discussed. Although both letters contain similarities in respects to word pick and the usage of inside informations and illustrations, the overall tone and strength of each missive varies greatly. In the missive from Ira C. Herbert to Richard Seaver, Herbert uses specific words and illustrations to convey his statement of why Grove Press should stop their usage of the slogan "It's the Real Thing" .

The first thing Herbert does is utilize certain words to sabotage the thought of both companies utilizing the same motto. Herbert speaks of how if both companies were to utilize the same stating for their advertisement, it would do "confusion" for the populace, it would "dilute the distinctiveness" of the motto, and "diminish its effectiveness" .

Herbert uses the words "confusion" , "dilute" and "diminish" in effort to convert Mr. Seaver that it would be debatable for both companies to utilize the same motto. Mr. Herbert so continues to utilize some illustrations of why Coca-Cola deserves to be the exclusive user of this peculiar motto.

He explains how the motto was used in advertizements "for Coca-Cola over 27 old ages ago" and how they have used the motto throughout the old ages. Basically he is stating that Coca-Cola had the motto foremost so Grove Press needs to make as they ask. His usage of illustrations and the fact that he evidently expects Grove Press to follow to his petition gives his missive a disdainful and chesty tone. In response to Ira Herbert's missive, Mr.

Seaver writes a missive in which he parodies Mr. Herbert's composing manner. First he mimics Herbert's word pick, Seaver uses many of the same words as Herbert but uses them as he explains a wholly sarcastic and opposing position. He says that he does non believe that usage of the motto to publicize *Diary of a Harlem Schoolteacher* will "dilute the distinctiveness" of the motto but will alternatively do people who read the ad may "go out and purchase a Coke."

A. D. 1601-1704** Edward Maunde Thompson, 1878 **Correspondence of the Family of Hatton** Sir Edward Maunde Thompson, Camden Society (Great Britain), 1878 Literary Sociability in Early Modern England Paul Trolander, 2014-05-29 This study represents a significant reinterpretation of literary networks during what is often called the transition from manuscript to print during the early modern period It is based on a survey of 28 000 letters and over 850 mainly English correspondents ranging from consumers to authors significant patrons to state regulators printers to publishers from 1615 to 1725 Correspondents include a significant sampling from among antiquarians natural scientists poets and dramatists philosophers and mathematicians

political and religious controversialists The author addresses how early modern letter writing practices sometimes known as literacy and theories of friendship were important underpinnings of the actions and the roles that seventeenth and early eighteenth century authors and readers used to communicate their needs and views to their social networks These early modern social conditions combined with an emerging view of the manuscript as a seedbed of knowledge production and humanistic creation that had significant financial and cultural value in England's mercantilist economy Because literary networks bartered such gains in cultural capital for state patronage as well as for social and financial gains this placed a burden on an author's associates to aid him or her in seeing that work into print a circumstance that reinforced the collaborative formulae outlined in letter writing handbooks and friendship discourse Thus the author's network was more and more viewed as a tightly knit group of near equals that worked collaboratively to grow social and symbolic capital for its associates including other authors readers patrons and regulators Such internal methods for bartering social and cultural capital within literary networks gave networked authors a strong hand in the emerging market economy for printed works as major publishers such as Bernard Lintott and Jacob Tonson relied on well connected authors to find new writers as well as to aid them in seeing such major projects as Pope's *The Iliad* into print

The Correspondence of Gray, Walpole, West and Ashton (1734-1771) Thomas Gray, 1915 **Gold and Iron** Fritz Stern, 2013-03-06 Winner of the Lionel Trilling Award Nominated for the National Book Award A major contribution to our understanding of some of the great themes of modern European history the relations between Jews and Germans between economics and politics between banking and diplomacy James Joll *The New York Times Book Review* I cannot praise this book too highly It is a work of original scholarship both exact and profound It restores a buried chapter of history and penetrates with insight and understanding one of the most disturbing historical problems of modern times Hugh J Trevor Roper *London Sunday Times* An extraordinary book an invaluable contribution to our understanding of Germany in the second half of the nineteenth century Stanley Hoffman *Washington Post Book World* One of the most important historical works of the past few decades Golo Mann In many ways this book resembles the great nineteenth century novels *The Economist* [The Lost Men](#) Kelly Tyler-Lewis, 2007-03-27 The untold story of the last odyssey of the heroic age of Antarctic exploration Sir Ernest Shackleton's 1914 Antarctic endeavor is legend but for sheer heroism and tragic nobility nothing compares to the saga of the Ross Sea party This crew of explorers landed on the opposite side of Antarctica from the *Endurance* with a mission to build supply depots for Shackleton's planned crossing of the continent But their ship disappeared in a gale leaving ten inexperienced ill equipped men to trek 1 356 miles in the harshest environment on earth Drawing on the men's own journals and photographs *The Lost Men* is a masterpiece of historical adventure a book destined to be a classic in the vein of *Into Thin Air* **Florence Nightingale's Theology: Essays, Letters and Journal Notes** Lynn McDonald, 2006-01-01 This third volume in the *Collected Works of Florence Nightingale* reports her controversial theological essays only two of which have been previously published and a great array

of correspondence from such Roman Catholics as Cardinal Manning and the Reverend Mother of the Sisters of Mercy of Bermondsey to the liberal Protestant Benjamin Jowett evangelicals and missionaries Nightingale's recommendations for a revision of the Bible for schoolchildren and excerpts from her devotional reading are given. Currently Volumes 1 to 11 are available in e-book version by subscription or from university and college libraries through the following vendors: Canadian Electronic Library, Ebrary, MyiLibrary and Netlibrary. The Series In the Collected Works of Florence Nightingale all the surviving writing of Florence Nightingale will be published, much of it for the first time. Known as the heroine of the Crimean War and the major founder of the modern profession of nursing, Florence Nightingale 1820-1910 will be revealed also as a scholar, theorist and social reformer of enormous scope and importance. Original material has been obtained from over 150 archives and private collections worldwide. This abundance of material will be reflected in the series, revealing a significant amount of new material on her philosophy, theology and personal spiritual journey, as well as on her vision of a public health care system, her activism to achieve the difficult early steps of nursing for the sick poor in workhouse infirmaries and her views on health promotion and women's control over midwifery. Nightingale's more than forty years of work for public health in India, particularly in famine prevention and for broader social reform, will be reported in detail. The Collected Works of Florence Nightingale demonstrates Nightingale's astute use of the political process and reports on her extensive correspondence with royalty, viceroys, cabinet ministers and international leaders, including such notables as Queen Victoria and W. E. Gladstone. Much new material on Nightingale's family is reported, including some that will challenge her standard portrayal in the secondary literature. Sixteen printed volumes are scheduled and will record her enormous and largely unpublished correspondence, previously published books, articles and pamphlets, many of which have long been out of print. There will be full publication in electronic form, permitting readers to easily pursue their particular interests. Extensive databases, notably a chronology and a names index, will also be published in electronic form, again permitting convenient access to persons interested not only in Nightingale but in other figures of the time.
