Lal,2015-07-29 This book aims to reflect on the experiential side of writing political lives in the Pacific region The collection touches on aspects of the life writing art that are particularly pertinent to political figures public perception and ideology identifying important political successes and policy initiatives grappling with issues like corruption and age old political science questions about leadership and dirty hands These are general themes but they take on a particular significance in the Pacific context and so the contributions explore these themes in relation to patterns of colonisation and the memory of independence issues elliptically captured by terms like culture and tradition the nature of self presented in Pacific life writing and the tendency for many of these texts to be written by outsiders or at least the increasingly contested nature of what that term means

**William Massey** James Watson,2011-04-19 The Great War profoundly affected both New Zealand and its Prime Minister William Massey 1856 1925 Farmer Bill oversaw the despatch of a hundred thousand New Zealanders including his own sons to Middle Eastern and European battlefields In 1919 he led the New Zealand delegation to the Paris Peace Conference where it was represented both in its own right and as part of the British Empire This symbolised its staunch loyalty to Empire and the fact that it had its own particular interests Massey was largely satisfied with the Versailles Treaty as New Zealand gained a mandate over Western Samoa Germany forfeited its other Pacific colonies and control over Nauru s valuable phosphate deposits was shared between Britain Australia and New Zealand rather than simply being given to Australia He believed that the apparent confirmation of British power improved New Zealand s security and had little faith in the League of Nations However the opposition Labour Party came to believe the League could prevent a major war and made that a cornerstone of their foreign policy in government after 1935 Their belief that Versailles was unfair to Germany partly influenced them to favour negotiations with Hitler even after the outbreak of war in 1939

**The Devil's Own War** Herbert Hart,2011-01-23 When Herbert Hart left his home town of Carterton in 1914 to serve as a major with the New Zealand Expeditionary Force he could not have imagined that he would return as a much

decorated brigadier general His rise to leadership was swift as he commanded the Wellington Battalion during the closing stages of the Gallipoli campaign then went on to serve as a battalion and brigade commander on the Western Front between 1916 and 1918 During the whole of this period he kept a diary in which he recorded his experiences in the great battles on Gallipoli the Somme and Passchendaele Hart's diary is now widely regarded as one of the most important personal sources relating to the New Zealand Expeditionary Force His service on the Western Front is the principal focus of the diary Exceptionally well written it includes gripping descriptions of both combat and life behind the front line and on leave in France and the United Kingdom While Hart can appear remarkably detached at times he is also a very human observer of the events around him empathising with the plight of his men finding humour in the most unlikely situations and noticing unexpected details at moments of high tension This important book also has an introductory chapter on Hart's early life and a concluding chapter about his diverse and distinguished career after the war including his term as Administrator of Western Samoa from 1931 to 1935

,1993 **From Servants of the Empire to Everyday Heroes** Tobias Harper, 2020-02-13 In the twentieth century the British Crown appointed around a hundred thousand people military and civilian in Britain and the British Empire to honours and titles For outsiders and sometimes recipients too these jumbles of letters are tantalizingly confusing OM MBE GCVO CH KB or CBE Throughout the century this system expanded to include different kinds of people while also shrinking in its imperial scope with the declining empire Through these dual processes this profoundly hierarchical system underwent a seemingly counter intuitive change it democratized Why and how did the British government change this system And how did its various publics respond to it This study addresses these questions directly by looking at the history of the honours system in the wider context of the major historical changes in Britain and the British Empire in the twentieth century In particular it looks at the evolution of this hierarchical deferential system amidst democratization and decolonization It focuses on the system's largest and most important components the Order of the British Empire the Knight Bachelor and the lower ranks of

other Orders By creatively analysing the politics and administration of the system alongside popular responses to it in diaries letters newspapers and memoirs Tobias Harper shows the many different meanings that honours took on for the establishment dissidents and recipients He also shows the ways in which the system succeeded and failed to order and bring together divided societies      **Becoming Aotearoa** Michael Belgrave,2024-10-10 In the first major national history of Aotearoa New Zealand to be published for 20 years Professor Michael Belgrave advances the notion that New Zealand s two peoples tangata whenua and subsequent migrants have together built an open liberal society based on a series of social contracts Frayed though they may sometimes be these contracts have created a country that is distinct This engaging new look at our history examines how      Christianity, Modernity and Culture John Stenhouse,G. A. Wood,2005 For much of the twentieth century New Zealand historians like most Western scholars largely took it for granted that as modernity waxed religion would wane Secularization the fading into insignificance of religion would distinguish the modern era from previous ages Until the 1980s only a handful of scholars around the world raised serious empirical and theoretical questions about a Grand Theory that had become central to the self understanding of the social sciences and of the modern world Heated debates since then and the unmistakable resurgence of world religions have raised fundamental questions about the empirical and theoretical adequacy of secularization theory and especially about how far it applies outside Europe This volume revisits New Zealand history when secularization is no longer taken for granted as the Only Big Story that illuminates the country s social and cultural history Contributors explore how New Zealanders diverse religious and spiritual traditions have shaped practical everyday concerns in politics racial and ethnic relations science the environment family life gender relations and other domains      **Salmond** Alex Frame,1995 An account of the life and times of Sir John Salmond a study of the career and work of this influential legal philosopher and man of state traces the development of Salmond s principal ideas about law and their application to social and political problems of New Zealand in the first quarter of the twentieth century his judicial record is analysed and some leading cases discussed in detail Jacket      Treasury Malcolm McKinnon,2013-10-01 Commissioned by the Ministry for Culture and Heritage this interpretive history tackles New Zealand s most important department of state the Treasury Department The history of the complex interplay between New Zealand s government economy and people is detailed McKinnon shows the perennial jousting of officials with ministers the rise and fall of the accountants the rise of the economists and the impact of changes in the political scene and of events in the world economy      A Civilized Community Margaret McClure,2013-10-01 A history of social security in New Zealand      *Parliamentary Practice in New Zealand* David McGee,2021-05-01T00:00:00Z Parliamentary Practice in New Zealand provides a detailed description of New Zealand s parliamentary practice It is an authoritative text for use by members of Parliament public servants academics parliamentary officers and other working professionals who have an interest in Parliament such as the legal profession This fourth edition incorporates a decade of developments since the third edition in 2005 and reflects many

significant changes in parliamentary law practice and procedure including the Parliamentary Privilege Act 2014 how the House and its committees conduct legislative and financial scrutiny the use of extended sittings by the House the increased role of the Business Committee to manage the transaction of parliamentary business how the work of the House and its committees is communicated to the public This new edition features an attractive design and accessible structure with extensive indexing and references

**Joseph Chamberlain** I. Cawood, C. Upton, 2016-04-08 Winston Churchill described Joseph Chamberlain as the man who made the weather for twenty years in British politics between the 1880s and the 1900s This volume contains contributions on every aspect of Chamberlain's career including international and cultural perspectives hitherto ignored by his many biographers It breaks his career into three aspects his career as an international statesman defender of British interests and champion of imperial federation his role as a national leader opposing Gladstone's crusade for Irish home rule by forming an alliance with the Conservatives campaigning for social reform and finally advocating a protectionist economic policy to promote British business and the aspect for which he is still celebrated in his adopted city as the provider of sanitation gas lighting clean water and cultural achievement for Birmingham a model of civic regeneration that still inspires modern politicians such as Michael Heseltine Tristram Hunt and David Willetts

**Paradise Reforged** James Belich, 2002-02-28 Paradise Reforged picks up where Making Peoples left off taking the story of the New Zealanders from the 1880s to the end of the twentieth century It begins with the search for Better Britain and ends by analyzing the modern Maori resurgence the new Pakeha consciousness and the implications of a reinterpreted past for New Zealand's future Along the way the book deals with subjects ranging from sport and sex to childhood and popular culture Critics hailed Making Peoples as brilliant and the most ambitious book yet written on New Zealand's past Paradise Reforged its successor adopts a similarly incisive original sweep across the New Zealand historical landscape in confronting the myths of the past That some of its themes are uncomfortably close to the present makes the result all the more fascinating

**The Great Wrong War** Stevan Eldred-Grigg, 2014-08-15 An entirely new look at the shocking impact of the First World War on New Zealand For New Zealand World War One was wholly avoidable wholly unnecessary and almost wholly disastrous Stevan Eldred Grigg believes that the enormous cost of the war to our people was way too high and that we still feel its effects both socially and culturally today This is excellent narrative non fiction analysing our history in a novel way It's very accessible but is backed up by meticulous research Stevan goes against the accepted line and gives us a fascinating look at our social history before during and just after WW1 Why did we go to the war in Europe Was the country united in its desire for war What were the economic and social consequences What has been the impact on the psyches of New Zealand men These and many other questions are answered in this fascinating book In 2007 Harvey McQueen wrote in a review of New Zealand's Great War an anthology of essays that there is a need for a general popular history of our Great War we need a skilled writer in the mould of Sinclair Oliver or King to give an overview and link the various elements into a coherent whole This is that
