1962 Hurley created a stunning visual archive that chronicled the major events of the twentieth century and Australia's achievements both home and overseas. This book and the Hurley Collection in the National Library of Australia make clear this outstanding contribution and the lengths to which the man would go in order to convey the gravity of events. For Hurley, image making and exploration went hand in hand, and he sought out experiences as a pioneer, documentary film maker, official photographer in two world wars, early aviator and adventure and story seeker in both the natural environment and in rapidly disappearing non-western worlds. In this readable, definitive and wonderfully illustrated re-issued biography, Alasdair McGregor describes Hurley's life and character in all its richness.

**Antarctica's Lost Aviator** Jeff Maynard, 2019-02-05

By the 1930s, no one had yet crossed Antarctica, and its vast interior remained a mystery, frozen in time. Hoping to write his name in the history books, wealthy American Lincoln Ellsworth announced he would fly across the unexplored continent. The main obstacles to Ellsworth's ambition were numerous: he didn't like the cold, he avoided physical work, and he couldn't navigate. Consequently, he hired the experienced Australian explorer Sir Hubert Wilkins to organize the expedition on his behalf. While Ellsworth battled depression and struggled to conceal his homosexuality, Wilkins purchased a ship, hired a crew, and ordered a revolutionary new airplane constructed. The Ellsworth Trans-Antarctic Expedition became an epic of misadventure as competitors plotted to beat Ellsworth, crews mutinied, and the ship was repeatedly trapped in the ice. A few hours after taking off in 1935, radio contact with Ellsworth was lost, and the world gave him up for dead. Antarctica's Lost Aviator brings alive one of the strangest episodes in polar history, using previously unpublished diaries, correspondence, photographs, and film to reveal the amazing true story of the first crossing of Antarctica and how, against all odds, it was achieved by the unlikely heroes.
