 Wayne Grudem, 2024-09-18 What Does the Bible Teach about How to Live in Today's World How should Christians live when  
 the surrounding culture is increasingly hostile to Christian moral values Granted the Bible is our guide but how can we know  
 if we are interpreting it rightly with regard to ethical questions about wealth and poverty marriage and divorce birth control  
 abortion euthanasia homosexuality ethical business practices environmental stewardship and dozens of other issues And on a  
 very practical level how can we know God's will in the ordinary decisions of life To address questions like these Wayne  
 Grudem author of the bestselling book Systematic Theology draws on 40 years of teaching classes in ethics to write this wide  
 ranging introduction to biblical moral reasoning organized according to the structure of the Ten Commandments He issues a  
 challenging call for Christians to live lives of personal holiness and offers a vision of the Christian life that is full of joy and

 about postmodernism we have to consider its implication in every aspect of society and none would doubt that homosexuality  
 is one of these major implication especially for the contemporary church The influence of relativism and the paradigm shift in  
 humanity made homosexuality not just acceptable but in many cases a norm For a long time the church barricaded herself  
 not only behind her Jewish christian worldview and theological values but also behind the absolutes of science that just has to  
 agree that in the beginning there were only male and female For long time homosexuality has been viewed as a behavior  
 option but what about if science has come up with a new discovery so called Gay Gene That is exactly what we want to

*Bringing the Depths into Focus* T. Scott Womble, 2021-08-16 The Bible is a frustrating book to many Christians It s not uncommon to hear that it s difficult to understand To complicate the matter we live in a culture that dismisses the importance of God s word altogether and we are left to wonder if Scripture has lost its impact At a time when the world needs the wisdom of God s word many are skeptical as to why they should bother reading the Bible at all Scott Womble brings hope to this bleak situation by showing how we can not only learn to read and interpret the Bible more skillfully but also enjoy our time in study In addition to discussing critical issues such as literary context genre identification and background study Womble breaks new ground by encouraging us to both hear and see the text semiotics This incorporation of semiotics into the interpretive process helps us more fully interact with the word While sound interpretation is of great importance the end goal of Bible reading is application For Womble this is the crux of the matter Scanning prominent theories of application and concluding with seven guidelines this book is sure to help Jesus followers become more intentional doers of the word
