Joss Whedon vs. the Horror Tradition

Kristopher Karl Woofert, Lorna Jowett, 2018-11-29 Although ostensibly presented as light entertainment the work of writer director producer Joss Whedon takes much dark inspiration from the horror genre to create a unique aesthetic and perform a cultural critique Featuring monsters the undead as well as drawing upon folklore and fairy tales his many productions both celebrate and masterfully repurpose the traditions of horror for their own means Woofert and Jowett's collection looks at how Whedon revisits existing feminist tropes in the 70s and 80s slasher craze via Buffy the Vampire Slayer to create a feminist saga the innovative use of silent cinema tropes to produce a new fear laden film television intertext postmodernist reflexivity in Cabin in the Woods as well as exploring new concepts on cosmic dread and the sublime for a richer understanding of programmes

Dollhouse and Firefly Chapters provide the historical context of horror as well as the particular production backgrounds that by turns support constrain or transform this mode of filmmaking Informed by a wide range of theory from within philosophy film studies queer studies psychoanalysis feminism and other fields the expert contributions to this volume prove the enduring relevance of Whedon's genre based universe to the study of film television popular culture and beyond
