Hate the # 1 Social Behavioral Disease Sir Steven Anthony, 2022-04-22 Boy meets girl Steven is from the country club brought up with understanding reasoning believing in facts having a consciousness and carrying a moral compass Octapella lives in a trailer park and under her mother's standards disbelieves suffocating control tactics Zoo controls all of Octapella's decision makings Zoo wants her children to be bad thoughtless and much as possible uneducated with life society and not understand how the real world lives Zoo's network of people she titles as family are all corrupted in the way they think act and believe The more Steven tries to listen to Octapella the more he wants to give Octapella a better life However Zoo continues to interfere so Octapella like a mermaid keeps going back to her mother for advice instead of her fianc The book resembles a reflection of the Cinderella story Questions seem to unveil Do we live in a society where evil is prevailing and becoming the ruler the norm and way of life Do we have immature people in higher up places of authority making decisions to the people and for the people This story unfolds We can sweep off and brush away the dirt on society through detection by observation and then making awareness for other to adjust accordingly for the better There is always room to make change for the better of the people Steven and Octapella move in together They practice together the steps and ceremony of marriage in church however never reach the point of marriage As the same time Steven practices for war and eventually goes off to war for five years in the deserts of Iraq It is not Octapella who needs rescue from a knight in shining armor It is their daughter Santana Maria Worse the presidential judge happens to have the same character of Zoo and Octapella a social behavioral disease that carries internal deception an intergenerational violent behavior of selfishness hate control shaming jealousy and unjust Therefore a tease of unfairness just for their personal satisfaction People like Judge Sorrow Zoo and Octapella love the center of attention and being in charge only to spread more corruption in decision making They must have the final word right or wrong They despise when others are smarter keen happy organized correct and content without drama Judge Sorrow's technique in court is not to make a final decision Even after fifteen years Steven continues to ring more evidence and the judge says she needs more evidence and in the meantime gives Steven zero custody Like an undertow families get separated because of a misrepresentation heartbroken allegation false promised arbitration all from a malpracticed broken lopsided slippery slope inconsiderate judge's sloppy careless and weak rulings

Honest Patriots Donald W. Shriver Jr.,2008-09-04 In Honest Patriots renowned public theologian and ethicist Donald W Shriver Jr argues that we must acknowledge and repent of the morally negative events in our nation s past The failure to do so skews the relations of many Americans to one another breeds ongoing hostility and damages the health of our society Yet our civic identity today largely rests on denials forgetfulness and inattention to the memories of neighbors whose ancestors suffered great injustices at the hands of some dominant majority Shriver contends that repentance for these injustices must find a place in our political culture Such repentance must be carefully and deliberately cultivated through the accurate teaching of history by means of public symbols that embody both positive and negative memory and through public leadership to this end Religious people and religious organizations have an important role to play in this process Historically the Christian tradition has concentrated on the personal dimensions of forgiveness and repentance to the near total neglect of their collective aspects Recently however the idea of collective moral responsibility has gained new and public visibility Official apologies for past collective injustice have multiplied along with calls for reparations Shriver looks in detail at the examples of Germany and South Africa and their pioneering efforts to foster and express collective repentance He then turns to the historic wrongs perpetrated against African Americans and Native Americans and to recent efforts by American citizens and governmental bodies to seek public justice by remembering

public injustice The call for collective repentance presents many challenges What can it mean to morally master a past whose victims are dead and whose sufferings cannot be alleviated What are the measures that lend substance to language and action expressing repentance What symbolic and tangible acts produce credible turns away from past wrongs What are the dynamics psychological social and political whereby we can safely consign an evil to the past How can public life witness to corporate crimes of the past in such a way that descendants of victims can be confident that they will never be repeated In his provocative answers to these questions Shriver creates a compelling new vision of the collective repentance and apology that must precede real progress in relations between the races in this country **The Great Depression and the New**
