Black and Queer on Campus Michael P. Jeffries,2023-03-21 An inside look at Black LGBTQ college students and their experiences Black and Queer on Campus offers an inside look at what life is like for LGBTQ college students on campuses across the United States Michael P Jeffries shows that Black and queer college students often struggle to find safe spaces and a sense of belonging when they arrive on campus at both predominantly white institutions and historically black colleges and universities Many report that in predominantly white queer social spaces they feel unwelcome and pressured to temper their criticisms of racism amongst their white peers Conversely in predominantly straight Black social spaces they feel ignored or pressured to minimize their queer identity in order to be accepted This fraught dynamic has an impact on Black LGBTQ students in higher education as they experience different forms of marginalization at the intersection of their race gender and sexuality Drawing on interviews with students from over a dozen colleges Jeffries provides a new much needed perspective on the specific challenges Black LGBTQ students face and the ways they overcome them We learn through these intimate portraits that despite the gains of the LGBTQ rights movement many of the most harmful stereotypes and threats to black queer safety continue to haunt this generation of students We also learn how students build queer identities The traditional narrative of

coming out does not fit most of these students rather Jeffries describes a more gradual transition to queer acceptance and pride Black and Queer on Campus sheds light on the oft hidden lives of Black LGBTQ students and how educational institutions can better serve them It also highlights the quiet beauty and joy of Black queer social life and the bonds of friendship that sustain the students and fuel their imagination
