Harold Brown Edward Coltrin Keefer, 2018 Author Edward Keefer chronicles and analyses the tenure of Secretary of Defense Harold Brown who worked to counter the Soviet Union's growing military strength during the administration of President Jimmy Carter. Flush with cash from oil and gas development, the Soviets came closest to matching the United States in strategic power than at any other point in the Cold War, threatening to make the U.S. land-based missile force vulnerable to a first strike. By most reckonings, the Kremlin also surpassed the West in conventional arms and forces in Central Europe, creating a direct threat to NATO. In response, Brown, a nuclear physicist, advocated for the development of more technologically advanced weapon systems to offset the Soviet military advantage but faced Carter's efforts to reign in the defense budget. Eventually, the secretary, backed by the JCS, the national security adviser, and key members of Congress, persuaded a reluctant Carter to increase defense spending for the last two years of his term. As a result, weapons development such as stealth technology, precision-guided bombs, and cruise missiles went forward. These initiatives and more provided a head start for the acclaimed Ronald Reagan revolution in defense. As the author points out, there was more continuity than contrast in defense policy between Carter and Reagan. The book also highlights Brown's policymaking efforts and his influence on Carter as the administration responded to international events such as the Middle East peace process, the Iran revolution and hostage crisis, the rise of radical Islam, negotiations with the Soviets over arms limitations, the Soviet invasion of Afghanistan, and the creation of a new security framework in the Persian Gulf region. Other topics cover policy toward Latin America, Africa, China, and Southeast Asia. The book is also a history of the Defense Department, including the continual development of the All-Volunteer Force and the organizational changes that saw improved policy formulation and acquisition decisions. Political strategists, political scientists, international relations scholars, foreign policy advocates, historians, and political economists may be interested in this comprehensive historical reference for United States defense and foreign policy under the James Jimmy Carter administration. High school students pursuing research for essays and term papers for Government, Modern World History, and United States History may be interested in this resource. Additionally, undergraduate and graduate level students may be interested in this authoritative resource for research relating to international relations, public administration, military science, public policy, economics, and introduction to political theory courses. Lets delve into the realm of bestselling books, exploring the captivating narratives that have charmed audiences this year.

Tattered China Card Reality Or Illusion In United States Strategy : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph.

Tattered China Card Reality Or Illusion In United States Strategy : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery.

Tattered China Card Reality Or Illusion In United States Strategy : Delia Owens' "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting.

These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered.

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
