for an international company are relocating to an English speaking country or may simply want to focus on their interview technique The issue is however is that much of the Business English material available to teachers has a tendency to focus on overly formal language outdated situations and generalised vocabulary which may not be relevant to individual students Also professionals may be able to describe the technical intricacies of their job role but struggle when it comes to discussing behaviours 2020 has also seen a change in Business English Boardroom meetings have turned into Zoom calls Job Interviews take place over Skype and the use of informal language on modern communication platforms has become far more prominent This Ebook is split into three simple parts WHY HOW AND WHAT The Why section is aimed at teachers who may have little to no experience in teaching Business English What types of student need to improve their Business English through coaching and conversation For what reasons In what situations do students need to improve their Business English The How section describes useful teaching techniques I have used such as an adapted PPP lesson plan methods of building writing capability a behavioural interview focus and much more Classroom lessons and textbooks for advanced students are not necessarily useful Advanced students want to have a conversation build their confidence and learn new relevant vocabulary Keeping this in mind the What section consists of over 60 behavioural skills based issues based and industry specific conversational lesson plans Each lesson plan contains useful prompts for the teacher relevant phrasal verbs idioms and collocations for the student to use during a lesson in addition to pre work technical prompts for both the student and teacher in the industry specific topics These lesson plans will last you forever You can also find examples of behavioural interview questions which are typically asked in modern times particularly around failure and reflection leadership skills and more instead of the typical What are your strengths and weaknesses questions Overall Business English students need support with confidence This can only be achieved through 1 2 1 coaching and conversation If you are an existing experienced teacher who would simply like to have some useful lesson plans to hand you can purchase the lesson plans only version from this site Happy Teaching
