Teachers Of Gurdjieff:

The Teachers of Gurdjieff Rafael LEFORT, 1966 **The Teachers of Gurdjieff** Rafael Lefort, 1998 When The Teachers of Gurdjieff was first published some 25 years ago it made a very considerable stir George Gurdjieff was one of the most famous mystics before the war a teaching master who had many fashionable and influential pupils He had a striking appearance and manner of teaching one that was to prove influential The meaning of his teaching and the sources of it were a puzzle How did he come by his knowledge What was to become of it These were questions that engaged many seekers This book offers among the adventures of the search and the souks of Baghdad and Aleppo striking and timeless advice to those interested in finding spirituality Its appeal is far beyond that of one seeker in one era but offers us information today on how to evaluate different forms of teaching how to study and even some tantalizing information on the role of Jesus **Gurdjieff Reconsidered** Roger Lipsey, 2019-02-05 From a master biographer and longtime Gurdjieff practitioner a brilliant new exploration of the quintessential Western esoteric teacher of the twentieth century The Greek Armenian teacher G I Gurdjieff was one of the most original and provocative spiritual teachers in the twentieth century West Whereas much work on Gurdjieff has been either fawning or blindly critical acclaimed scholar and writer Roger Lipsey balances sympathetic interest in Gurdjieff and his Fourth Way teachings with a historian's sense of context and a biographer's feel for personality and relationships Using a wide range of published and unpublished sources Lipsey explores Gurdjieff's formative travels in Central Asia his famed teaching institution in France the development of the Gurdjieff Movements and music and above all Gurdjieff's fascinating continuous evolution as a teacher Published on the 70th anniversary of Gurdjieff's death Gurdjieff Reconsidered delves deeply into Gurdjieff's writings and those of his most important students including P D Ouspensky and Jeanne de Salzmann Lipsey's comprehensive approach and unerring sense of the subject make this a must read for anyone with a serious intention to explore Gurdjieff's life teachings and reputation **Teachers of Wisdom** Igor Kononenko, 2010-06-27 **The Secret Teachers of the Western World** Gary Lachman, 2015-12-08 This epic study unveils the esoteric masters who have covertly impacted the intellectual development of the West from Pythagoras and Zoroaster to the little known modern icons Jean Gebser and Schwaller de Lubicz Running alongside the mainstream of Western intellectual history there is another current which in a very real sense should take pride of place but which for the last few centuries has occupied a shadowy inferior position somewhere underground This other stream forms the subject of Gary Lachman's epic history and analysis The Secret Teachers of the Western World In this clarifying accessible and fascinating study the acclaimed historian explores the Western esoteric tradition a thought movement with ancient roots and modern expressions which in a broad sense regards the cosmos as a living spiritual meaningful being and humankind as having a unique obligation and responsibility in it The historical roots of our counter tradition as Lachman explores have their beginning in Alexandria around the time of Christ It was then that we find the first written accounts of the ancient tradition

which had earlier been passed on orally Here in this remarkable city filled with teachers philosophers and mystics from Egypt Greece Asia and other parts of the world in a multi cultural multi faith and pluralistic society a synthesis took place a creative blending of different ideas and visions which gave the hidden tradition the eclectic character it retains today The history of our esoteric tradition roughly forms three parts Part One After looking back at the earliest roots of the esoteric tradition in ancient Egypt and Greece the historical narrative opens in Alexandria in the first centuries of the Christian era Over the following centuries it traces our other tradition through such agents as the Hermeticists Kabbalists Gnostics Neoplatonists and early Church fathers among many others We examine the reemergence of the lost Hermetic books in the Renaissance and their influence on the emerging modern mind Part Two begins with the fall of Hermeticism in the late Renaissance and the beginning of the esoteric counterculture In 1614 the same year that the Hermetic teachings fell from grace a strange document appeared in Kassel Germany announcing the existence of a mysterious fraternity the Rosicrucians Part two charts the impact of the Rosicrucians and the esoteric currents that followed such as the Romance movement and the European occult revival of the late nineteenth century including Madame Blavatsky and the opening of the western mind to the wisdom of the East and the fin de si cle occultism of the Hermetic Order of the Golden Dawn Part Three chronicles the rise of modern esotericism as seen in the influence of Rudolf Steiner Gurdjieff Annie Besant Krishnamurti Aleister Crowley R A Schwaller de Lubicz and many others Central is the life and work of C G Jung perhaps the most important figure in the development of modern spirituality The book looks at the occult revival of the mystic sixties and our own New Age and how this itself has given birth to a more critical rigorous investigation of the ancient wisdom With many detours and dead ends we now seem to be slowly moving into a watershed It has become clear that the dominant left brain reductionist view once so liberating and exciting has run out of steam and the promise of that much sought after paradigm change seems possible We may be on the brink of a culminating moment of the esoteric intellectual tradition of the West

Gurdjieff's America Paul Beekman Taylor,2004 Offers information and stories about Gurdjieff setting him within the cultural and social contexts of America between 1924 and 1935

The Inner Life of Krishnamurti Aryel Sanat,2013-11-01 Aryel Sanat s meticulously researched and cogently argued exploration of Krishnamurti s inner life

and experiences explodes a number of popular myths about Krishnamurti particularly that he denied the existence of the Theosophical Masters and disdained the esoteric side of the spiritual path Rather Sanat persuasively demonstrates Krishnamurti had a rich and intense esoteric life Moreover the truths of the Ancient Wisdom as revealed through the Masters were a reality to Krishnamurti every day of his life from his boyhood until his death The real story of Krishnamurti s inner life is shown to have critical implications for our understanding of Krishnamurti s life and ideas and for our views of Theosophy Buddhism the teachings of Gurdjieff indeed the entirety of contemporary spiritual thought Lords of the Left-Hand Path
