Teachers, Schools, and Society David Miller Sadker, Karen R. Zittleman, Melissa Koch, 2021-04 If you think that Teachers Schools and Society A Brief Introduction to Education was written to introduce you to the world of teaching you are only half right This book also reflects our excitement about a life in the classroom and is intended to spark your own fascination about working with children We wrote this book to share with you the joys and the challenges we feel about teaching as well as the importance of fairness and justice in school and society With this fifth edition our goals are unchanged We work hard to provide you with information that is both current and concise and we work even harder to create an engaging book one that will give you a sense of the wonderful possibilities found in a career in the classroom The primary intent of Teachers Schools and Society is to provide a broad yet precise exposure to the realities of teaching and the role of education in our society The text will help you answer important questions such as Do I want to become a teacher How do I become the best teacher possible What should a professional in the field of education know How are schools and teaching changing To help you answer those questions we offer a panoramic diverse and we hope stimulating view of education The text views education from several vantage points In Part I Teachers and Students we present the world of schools teachers and students from the teacher s side of the desk Part II Foundations examines the broad forces historical philosophical financial and legal that shape the underpinning of our educational system In Part III Schools and Classrooms we explore the purposes of schools daily life in and beyond school and the obvious and not so obvious curriculum taught in school In this last section we also provide an overview and analysis of the reform movement and the many curricular changes that are now so much a part of America s schools We conclude the text with a variety of effective teaching strategies and practical suggestions to make your first year in the classroom a success

Teachers and Texts Michael W. Apple, 2021-12-16 First published in 1987 this research provides insight on the political economy of schooling and includes an

analysis of power as they operate both within and outside of schools in the construction of class and gender relations This is part of a series of volumes that have begun to enquire into the relationship between the curriculum and teaching that is found in our formal institutions of education and unequal power in society **Textbooks in American Society** Philip G. Altbach, Gail P. Kelly, Hugh G. Petrie, Lois Weis, 1991-09-27 In recent years textbooks have been widely criticized for low standards lack of imaginativeness and insensitivity to racial and gender issues Increasingly they are cited as another weak link in American public education This book goes beyond the headlines to examine how textbooks are produced how they are selected and what pressures are placed on textbook authors and publishers The book focuses on the relationship of the textbook to the educational system and includes important issues such as the politics of textbook policy the determinants of textbook content the role of textbooks in educational reform and the process of selection at the state level The authors offer current research on textbook policy including perspectives from those directly involved with textbooks from several thoughtful analyses by textbook editors and publishers to the views of California's Superintendent of Public Instruction

Schools and Society Jeanne H. Ballantine, Joan Z. Spade, 2008 Presents the most recent theories research terms concepts ideas and histories on educational leadership and school administration as taught in preparation programs and practiced in schools and colleges today **Teachers, Schools, and Society** David Miller Sadker, Karen R. Zittleman, 2013 **Society, Schools & Progress in China** Chiu-Sam Tsang, 2016-06-06 Society Schools and Progress in China presents the systematic use of education to achieve prosperity security and social well being This book provides a concise account of the historical events and the social religious political and other influences which have combined to create China Organized into nine chapters this book begins with an overview of China's historical background to understand the struggle and aspirations of the Chinese people This text then examines the type of economic and social structure in China's rural areas since 1958 which has been known as the People's Commune Other chapters consider the social technological and international change in China This book discusses as well the establishment of the educational system in the People's Republic of China The final chapter deals with the characteristics of the Chinese society This book is intended to be suitable for students of sociology government and politics as well as education
