The Orphic Origins:

The Orphic Origins G. R. S. Mead, 2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world's literature in affordable high quality modern editions that are true to the original work The Classical Origins of Modern Homophobia Robert H. Allen, 2014-12-09 From government to literature to architecture few fields in western culture are untouched by the influence of Ancient Greece and Rome Even mores that may seem exclusively modern often have roots in the classical past This book takes an in depth look at the ancient roots of homophobia including its Pythagorean origins and its eventual spread throughout the Roman Empire and consequently the rest of the world Originally male homosexuality occupied something of an honorable position in ancient Greece By the end of the Roman period several centuries later this attitude had changed so radically that to be found guilty of homosexual actions was punishable by death This work investigates how such a shift occurred and traces the various cultural forces that brought about almost universal homophobia throughout western societies Beginning with the earliest documented instance of homophobia in the teachings of Pythagoras who was surrounded by mystery even in ancient times the author examines its proliferation through various disciplines citing sources from political history anthropology religion and psychology as well as the analysis of ancient texts Through extensive historical research he follows the concept from Greece to Macedonia and finally to Rome examining relevant religious attitudes including those of Christianity and Judaism Finally he discusses the ways in which homophobia was solidified in the legal legacy of the Roman Empire An extensive bibliography provides additional resources regarding classical influence on modern culture Bronze Age Eleusis and the Origins of the Eleusinian Mysteries Michael B. Cosmopoulos, 2015-06-30 For more than one thousand years people from every corner of the Greco Roman world sought the hope for a blessed afterlife through initiation into the Mysteries of Demeter and Kore at Eleusis In antiquity itself and in our memory of antiquity the Eleusinian Mysteries stand out as the oldest and most venerable mystery cult Despite the tremendous popularity of the Eleusinian Mysteries their origins are unknown Because they are lost in an era without written records they can only be reconstructed with the help of archaeology This book provides a much needed synthesis of the archaeology of Eleusis during the Bronze Age and reconstructs the formation and early development of the Eleusinian Mysteries The discussion of the origins of the Eleusinian Mysteries is complemented with discussions of the theology of Demeter and an update on the state of research in the archaeology of Eleusis from the Bronze Age to the end of antiquity The Origin of Evil Spirits Archie T. Wright, 2013-11-26 How do we account for the explosion of demonic activity in the New Testament Archie T Wright examines the trajectory of the origin of evil spirits in early Jewish literature His work traces the development of the concept of evil spirits from the Hebrew Bible Genesis 6 through post biblical Jewish literature I would in fact recommend this book not

because of the answers it gives but the questions it raises Philip R Davies in *Journal of Semitic Studies* 55 2010 This work is marked by several strengths First Wright shows an impressive command of the primary and secondary literature Second this writer appreciates Wright's tendency to express cautious conclusions regarding historical and source critical matters These qualities are especially helpful in a work dealing with the reception history of a given text Third Wright has an extremely helpful discussion of the identity of the nephilim of Gen 6 4 80 83 Mark D Owens in *Faith Mission* 24 2007 pp 68 70
