Canada's Other Game Brian I. Daly, 2013-09-09 The story of Canada's other game from its invention by a Canadian to its current struggle for popularity Basketball the only major world sport undeniably invented by a Canadian has ironically failed to win Canadians hearts more than a century after its creation James Naismith's brainchild is a popular recreational pastime in his homeland but players with bigger dreams had better take their talents south of the border Canadian hoops has languished in the seemingly eternal shadow of hockey with its cannibalization of air time advertising dollars and corporate capital Faced with limited opportunities at home as many as 50 teenagers flock to U S prep schools and colleges every year to chase their dreams of college stardom and much less likely a shot at glory in the NBA Against all odds a skinny kid from Victoria named Steve Nash managed to reach the pinnacle of the sport with a whirling dervish style that earned him two MVP awards in the world's greatest league Today a new generation of Canadians stand poised to follow in Nash's path But will their success spark a renaissance back home This book chronicles basketball's struggle to overcome its history as a poor cousin in a hockey mad nation
