## **Sino Soviet Diplomatic Relations 1917 1926:**

Sino-Soviet diplomatic relations, 1917-1926 Sow-Theng Leong, 1976      **Diplomacy and Deception** Bruce A. Elleman, 1997 Utilizes archival documents to argue against the perception that America turned its back on China during the Paris Peace Conference a belief that convinced many Chinese to turn to Soviet Russia instead The author contends that President Wilson did everything in his power to help China Chapters focus on topics such as the origins of the United Front Policy assertion of Soviet control over the Chinese Eastern Railway the restoration of Russian territorial concessions and Soviet Foreign policy and the Chinese Communist Party Annotation copyrighted by Book News Inc Portland OR      *Bankers and Diplomats in China 1917-1925* Roberta Allbert Dayer, 2013-11-05 First Published in 1981 Contrary to Chairman Mao s assertion that political power comes from the barrel of a gun this study contends that political power in China in the early 1920s emanated from the boardrooms of foreign banks The author s interest in the way financial concerns have shaped foreign policy began with the discovery that the Lloyd George government attempted to influence the American government s policy on the British war debts by offering concessions concerning the renewal of the Anglo Japanese Alliance This study should provide understanding concerning the causes of Chinese bitterness as well as suggest the conflicts experienced by diplomats in balancing public and private interests      **The Russian Revolution and Civil War 1917-1921** Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state      *Japanese-Mongolian Relations, 1873-1945* James Boyd, 2010-12-17 This book offers the first in depth examination of Japanese Mongolian relations from the late nineteenth century through to the middle of the twentieth century and in the process repositions Mongolia in Sino Japanese and Russo Japanese relations Beginning in 1873 with the intrepid journey to Mongolia by a group of Buddhist monks from one of Kyoto s largest orders the relationship later included groups and individuals from across Japanese society with representatives from the military academia business and the bureaucracy Throughout the book the interplay between these various groups is examined in depth arguing that to restrict Japan s relationship with Mongolia to merely the strategic and as an adjunct to Manchuria as has been done in other works neglects important facets of the relationship including the cultural religious and economic It does not however ignore the strategic importance of Mongolia to the Japanese military The author considers the cultural

diplomacy of the Zenrin ky kai a Japanese quasi governmental humanitarian organization whose activities in inner Mongolia in the 1930s and 1940s have been almost completely ignored in earlier studies and whose operations suggest that Japanese Mongolian relations are quite distinct from other Asian peoples Accordingly the book makes a major contribution to our understanding of Japanese activities in a part of Asia that figured prominently in pre war and wartime Japanese strategic and cultural thinking

**Mongolia in the Twentieth Century** Stephen Kotkin, Bruce Allen Elleman, 2015-02-12 The remote vastness of Mongolia has remained somewhat of a mystery to most Westerners no less so in the 20th century Homeland of the legendary conqueror Chingiz Khan in modern times Mongolia itself has been the object of imperial rivalry For most of the 20th century it was under Soviet domination Mikhail Gorbachev began the withdrawal of Soviet troops from Mongolia in 1989 a process completed in 1992 By 1996 a coalition of opposition parties triumphed in national elections and Mongolia launched itself on a new course It is perhaps the most intriguing of the post community transition societies This volume examines Mongol history over the past century embracing not only Mongolia proper but also Mongol communities in Russia and China Contributions based on new archival research and the latest fieldwork are from the world s top experts in the field including four authors from Mongolia and others from Japan Russia Taiwan Great Britain and the United States Stephen Kotkin s introductory chapter is an overview of Mongol studies The essays in part 1 examine Sino Russian competition over Outer Mongolia Part 2 looks at international diplomacy in Mongolia including the role of Japan Part 3 focuses on contemporary issues ranging from economic and cultural change to emergent elites A concluding essay surveys Mongolian foreign policy

**The Cambridge History of China** John King Fairbank, Denis Crispin Twitchett, 1978 International scholars and sinologists discuss culture economic growth social change political processes and foreign influences in China since the earliest pre dynastic period

**Imperial Rivals** Sarah C.M. Paine, 2023-05-31 Based on archival research this is a history of the Russo Chinese border which examines Russia s expansion into the Asian heartland during the decades of Chinese decline and the 20th century paradox of Russia s inability to sustain political and economic sway over its domains

Sino-Russian Relations R.K.I. Quested, 2014-02-25 This book provides a systematic history of Sino Russian relations a history which is invaluable in forming an understanding of relations between the two nations today Becoming neighbours in the seventeenth century their changing relations in peace and war in isolation cooperation and confrontation have steadily assumed a greater importance in world politics and become increasingly important to the stability of international relations

The Soviet Union and Communist China 1945-1950: The Arduous Road to the Alliance Dieter Heinzig, 2015-06-18 Drawing on a wealth of new sources this work documents the evolving relationship between Moscow and Peking in the twentieth century Using newly available Russian and Chinese archival documents memoirs written in the 1980s and 1990s and interviews with high ranking Soviet and Chinese eyewitnesses the book provides the basis for a new interpretation of this relationship and a glimpse of previously unknown events that shaped the Sino Soviet alliance An appendix contains

translated Chinese and Soviet documents many of which are being published for the first time The book focuses mainly on Communist China's relationship with Moscow after the conclusion of the treaty between the Soviet Union and Kuomintang China in 1945 up until the signing of the treaty between Moscow and the Chinese Communist Party in 1950 It also looks at China's relationship with Moscow from 1920 to 1945 as well as developments from 1950 to the present The author reevaluates existing sources and literature on the topic and demonstrates that the alliance was reached despite disagreements and distrust on both sides and was not an inevitable conclusion He also shows that the relationship between the two Communist parties was based on national interest politics and not on similar ideological convictions

**International Competition in China, 1899-1991** Bruce A. Elleman, 2015-04-10 China's recent economic reforms have opened its economy to the world This policy however is not new in the late nineteenth century the United States put forward the Open Door Policy as a counter to European exclusive spheres of influence in China This book based on extensive original archival research examines and re-evaluates China's Open Door Policy It considers the policy from its inception in 1899 right through to the post 1978 reforms It relates these changes to the various shifts in China's international relations discusses how decades of foreign invasion civil war and revolution followed the destruction of the policy in the 1920s and considers how the policy when applied in Taiwan after 1949 and by Deng Xiaoping in mainland China after 1978 was instrumental in bringing about respectively Taiwan's economic miracle and mainland China's recent economic boom The book argues that although the policy was characterised as United States economic imperialism during the Cold War in reality it helped China retain its sovereignty and territorial integrity

**Young Mongols and Vigilantes in Inner Mongolia's Interregnum Decades, 1911-1931** Christopher Atwood, 2022-10-04 In *Young Mongols and Vigilantes in Inner Mongolia's Interregnum Decades 1911-1931* a vivid narrative of the underground world of pan-Mongolist agitation in China the author shows how the paradoxical legacy of China's New Policies reforms left ethnically based nationalism as the only common denominator for political action In the turbulent years of China's warlord republic educated Mongol nationalists and rural vigilantes sought to unify Inner Mongolia with the independent state in Mongolia proper Brought together by the Soviet embassy the nationalists fought for an autonomous Inner Mongolia until their final doomed uprisings of 1928 Based on previously closed Mongolian archives *Young Mongols and Vigilantes* is a path-breaking contribution to the history of Soviet involvement in Inner Mongolia Chinese Communist nationality policy and the social history of multi-ethnic Inner Mongolia The print edition is available as a set of two volumes 9789004126077

**Moscow and the Emergence of Communist Power in China, 1925-30** Bruce Elleman, 2009-01-30 This book examines the emergence of Communist power in China during the interwar period focusing especially on the 1927 Nanchang Uprising It explains why the Communists created the myth that the Nanchang Uprising was a success and later dated the origins of the People's Liberation Army to this event

**The Democratic Peace and Territorial Conflict in the Twentieth Century** Paul K. Huth, Todd L. Allee, 2002 Table of contents *Wilson and China: A*

*Revised History of the Shandong Question* Bruce Elleman, 2015-06-03 Drawing on sources in Japanese Chinese and American archives and libraries this book reassesses another facet of Woodrow Wilson's agenda at the 1919 Paris Peace Conference at the end of World War I. Breaking with accepted scholarly opinions the author argues that Wilson did not betray China as many Chinese and Western scholars have charged rather Wilson successfully negotiated a compromise with the Japanese to ensure that China's sovereignty would be respected in Shandong Province. Rejecting the compromise Chinese negotiators refused to sign the Treaty of Versailles creating conditions for the Soviet Union's entry into China and its later influence over the course of the Chinese revolution.

*Manchurian Railways and the Opening of China: An International History* Bruce Elleman, Stephen Kotkin, 2015-01-28 The railways of Manchuria offer an intriguing vantage point for an international history of northeast Asia. Before the completion of the Trans-Siberian railway in 1916 the only rail route from the Imperial Russian capital of St. Petersburg to the Pacific port of Vladivostok transited Manchuria. A spur line from the Manchurian city of Harbin led south to ice-free Port Arthur. Control of these two rail lines gave Imperial Russia military, economic and political advantages that excited rivalry on the part of Japan and unease on the part of weak and divided China. Meanwhile the effort to defend and retain that strategic hold against rising Japanese power strained distant Moscow. Control of the Manchurian railways was contested in the Russo-Japanese War of 1904-5, Japan's 1931 invasion and establishment of the puppet state of Manchukuo, the second Sino-Japanese War and World War II in Asia and the Chinese civil war that culminated in the Communist victory over the Nationalists. Today the railways are critical to plans for development of China's sparsely populated interior. This volume brings together an international group of scholars to explore this fascinating history.

*Russia and China* Aleksei Dmitrievich Voskresenskiĭ, 2003 This study incorporates elements from the disciplines of international relations and history to address key international and domestic elements that have shaped the interactions between Russia and China over time. It demonstrates how changes in the inter-state relationship were and are initiated. Controversial issues are examined through previously unobtainable materials from sources including the Archives of Foreign Policy of the Russian Empire, the Archives of Foreign Policy of the Russian Federation and the Russian Centre for the Preservation and Research of the Documents of Modern History.

*Incidents and International Relations* Gregory C. Kennedy, Keith Neilson, 2002-02-28 Historians often ignore, treat cursorily or relegate to footnotes specific incidents in international relations in order to facilitate the construction of a larger narrative. The contributors to this volume argue that researchers do so to their peril as individual or seemingly isolated incidents can play significant roles in the overall course of history. Incidents are crucial in determining the mental maps that decision makers form regarding the countries and individuals with whom they interact. Incidents can either initiate or block new policies with consequences that are both far reaching and unexpected. People make foreign policy and an understanding of what elements of an incident were important to these individuals at key points essential to an appreciation of policies subsequently advocated. How individuals view other

cultures and nations how they react to the actions of such nations and their perceptions of such actions all form key components in this study Using a variety of examples these essays show the value of detailed examinations of events illuminating such matters as British policy in the Far East French imperial policy Italian military actions in the interwar period British attitudes toward Hitler and the effect of the Soviet Union on British thinking in the 1930s      **A History of the Chinese Communist Party** Stephen Uhalley,1988      **China in the International System, 1918-20** Zhang Yongjin,1991-03-20
