

The Sino-Soviet Rift

- With the Great Leap Forward, Mao was trying to place China on a higher ideological plane than the Soviet Union and even gloated that it was ahead of the USSR in achieving a Marxist Utopia.
- Mao did not like Khrushchev and labeled him a “revisionist” who attacked Stalin’s memory.
 - Mao believed in a “permanent revolution”
 - Khrushchev repudiated that and focused on revolutionary stages and the leadership role of the party.

Sino Soviet Rift:

The Rift David C. Levine, 1968 *The Sino-Soviet Split* Lorenz M. Lüthi, 2010-12-16 A decade after the Soviet Union and the People's Republic of China established their formidable alliance in 1950 escalating public disagreements between them broke the international communist movement apart In *The Sino Soviet Split* Lorenz Lüthi tells the story of this rupture which became one of the defining events of the Cold War Identifying the primary role of disputes over Marxist Leninist ideology Lüthi traces their devastating impact in sowing conflict between the two nations in the areas of economic development party relations and foreign policy The source of this estrangement was Mao Zedong's ideological radicalization at a time when Soviet leaders mainly Nikita Khrushchev became committed to more pragmatic domestic and foreign policies Using a wide array of archival and documentary sources from three continents Lüthi presents a richly detailed account of Sino Soviet political relations in the 1950s and 1960s He explores how Sino Soviet relations were linked to Chinese domestic politics and to Mao's struggles with internal political rivals Furthermore Lüthi argues the Sino Soviet split had far reaching consequences for the socialist camp and its connections to the nonaligned movement the global Cold War and the Vietnam War *The Sino Soviet Split* provides a meticulous and cogent analysis of a major political fallout between two global powers opening new areas of research for anyone interested in the history of international relations in the socialist world *Sino-Soviet Conflict* United States. Halperin, 2003-02 This book which offers the work of a group of distinguished contributors is designed to clarify the bearing of the arms control issue on the Sino Soviet dispute and to suggest future policy directions for the United States Arms control and security issues have been at the heart of much of Russian Chinese disagreement since the opening of the rift in the 1950 s This book which offers the work of a group of distinguished contributors is designed to clarify the bearing of the arms control issue on the Sino Soviet dispute and to suggest future policy directions for the United States Specifically the contributors seek to illuminate the security problems facing the United States and to examine the prospects for arms control as they are affected by conflict within the Communist world Sino Soviet Relations and Arms Control begins with the observation that the Soviet Union and Communist China use disarmament talk as a way of pointing out issues of major importance in their dispute of competing for support within the third world and the Communist bloc and of expressing genuine disagreement over the fundamental causes of the Sino Soviet rift The first section of the book deals with the impact of the Sino Soviet dispute on the arms control policies of the Soviet Union China and the United States The authors argue that arms control is possible without China that the Chinese are unlikely to be interested in arms control agreements in the near future and that arms control could be of paramount importance to relations among the three countries Part II of the book is a historical exploration of the interrelation between specific arms control measures and the Sino Soviet dispute The authors give the most detailed account yet available of Sino Soviet nuclear relations between 1957 and 1960 and document the extent to which the quarrel has centered on military and security issues The role of the test ban in widening the Sino Soviet rift is explored In Part III each author poses the same question what would be the nature of Sino Soviet relations during a Washington Peking crisis The first three chapters in this section answer the question from the viewpoint of each country concerned the last examines these relations during the 1958 Quemoy crisis Definitive information on the events pertinent to the Sino Soviet dispute of the 1950 s and early 1960 s is rare although It does not pretend to tell the entire story this book makes a significant contribution to the body of knowledge on the evolution of the Sino Soviet dispute As a learned perceptive comment on the security problems created by the dispute and on the possibilities for agreement that it presents Sino Soviet Relations and Arms Control will have a wide audience among political scientists specialists in Sino Soviet affairs

and a lay public that recognizes the importance of this political issue The Sino-Soviet Conflict and American Security Concerns Jonathan D. Pollack, Richard H.
