Shackleton Michael Smith,2014-10-02 Ernest Shackleton is one of history s great explorers an extraordinary character who pioneered the path to the South Pole over 100 years ago and became a dominant figure in Antarctic discovery A charismatic personality his incredible adventures on four expeditions have captivated generations and inspired a dynamic modern following in business leadership None more so than the Endurance mission where Shackleton s commanding presence saved the lives of his crew when their ship was crushed by ice and they were turned out on to the savage frozen landscape But Shackleton was a flawed character whose chaotic private life marked by romantic affairs unfulfilled ambitions overwhelming debts and failed business ventures contrasted with his celebrity status as a leading explorer Drawing on extensive research of original diaries and personal correspondence Michael Smith s definitive biography brings a fresh perspective to our understanding of this complex man and the heroic age of polar exploration
