Encounters: The Creation of New Zealand Paul Moon, 2013-07-24 Throughout its human history New Zealand has been interpreted and experienced in often radically different ways Each wave of arrivals to its shores has left its own set of views of New Zealand on the country applying a new coat of mythology and understanding to the landscape usually without fully removing the one that lies beneath it Encounters is the wide ranging audacious and gripping story of New Zealand s changing national identity how it has emerged and evolved through generations In this genre busting book historian Paul Moon delves into how the many and conflicting ideas about New Zealand came into being Along the way he explores forgotten crevices of the nation s character and exposes some of the mythology of its past and present These include for

example the earliest Maori myths and the mock sacredness of the All Blacks in the twenty first century the role of nostalgia in our national character both Maori and Pakeha whether the explorer Kupe existed the appeal of the Speight s Southern Man and ruminations on New Zealand art and landscape What results is an absorbing piece of scholarship an imaginative and exuberant epic that will challenge preconceptions about what it means to be a New Zealander and how our country is understood Lyrical breathtaking and provocative and illustrated with artworks throughout Encounters offers an extraordinary insight into the beginnings of our country *Handbook of Polynesian Mythology* Robert D. Craig,2004-10-25 An accessible concise reference source on Polynesia s complex mythology product of a culture little known outside its home Encounters with the West introduced Polynesian mythology to the world and sealed its fate as a casualty of colonialism But for centuries before the Europeans came that mythology was as vast as the triangle of ocean in which it flourished as diverse as the people it served and as complex as the mythologies of Greece and Rome Students researchers and enthusiasts can follow vivid retellings of stories of creation death and great voyages tracking variations from island to island They can use the book s reference section for information on major deities heroes elves fairies and recurring themes as well as the mythic implications of everything from dogs and volcanoes to the hula Easter Island and tattooing invented in the South Pacific and popularized by returning sailors *Island at the End of the World* Steven Roger Fischer,2006-06-01 On a long stretch of green coast in the South Pacific hundreds of enormous impassive stone heads stand guard against the ravages of time war and disease that have attempted over the centuries to conquer Easter Island Steven Roger Fischer offers the first English language history of Easter Island in *Island at the End of the World* a fascinating chronicle of adversity triumph and the enduring monumentality of the island s stone guards A small canoe with Polynesians brought the first humans to Easter Island in 700 CE and when boat travel in the South Pacific drastically decreased around 1500 the Easter Islanders were forced to adapt in order to survive their isolation Adaptation Fischer asserts was a continuous thread in the life of Easter Island the first European visitors who viewed the awe inspiring monolithic busts in 1722 set off hundreds of years of violent warfare trade and disease from the smallpox wars and Great Death that decimated the island to the late nineteenth century Catholic missionaries who tried to save it to a despotic Frenchman who declared sole claim of the island and was soon killed by the remaining 111 islanders The rituals leaders and religions of the Easter Islanders evolved with all of these events and Fischer is just as attentive to the island s cultural developments as he is to its foreign invasions Bringing his history into the modern era Fischer examines the colonization and annexation of Easter Island by Chile including the Rapanui people s push for civil rights in 1964 and 1965 by which they gained full citizenship and freedom of movement on the island As travel to and interest in the island rapidly expand *Island at the End of the World* is an essential history of this mysterious site **Cultural Heritage, Cultural Rights, Cultural Diversity** Silvia Borelli,Federico Lenzerini,2012-07-05 This volume explores the recent evolution of cultural heritage law which has resulted in the emergence of a new international conscience rooted in the

awareness that cultural heritage represents a holistic notion strongly connected with the identity of peoples A Savage Country Paul Moon, 2012-04-26 New Zealand in the 1820s had no government or bureaucratic presence no newspapers were published the literate population was probably no more than a couple of dozen people at any one time Early explorers assessments of New Zealand were haphazard at best few knew what to make of this foreign land and its people In this groundbreaking history of early New Zealand Paul Moon details how so many of the events in this decade the introduction of aggressive capitalism the arrival of literacy and the beginnings of Maori print culture intertribal warfare Hongi Hika and the British connection colonisation as a simultaneously destructive and beneficial force influenced the nation's evolution over the remainder of the century Moon leaves no stone unturned in his examination of this dynamic and fascinating pre Treaty era Surprising and engaging A Savage Country does not merely recount events but takes us inside a changing country giving a real sense of history as it happened Paul Moon has produced an engrossing account of a singular violent and confused decade in New Zealand's history Paul Little North South *The Tattooing Arts of Tribal Women* Lars F. Krutak, 2007 This account of the vanishing art of women's tribal tattooing is the record of anthropologist Lars Krutak's ten year research with indigenous peoples around the globe
