Taylor University The First 125 Years:

Taylor University William C. Ringenberg,1973 The Surprising Work of God Garth M. Rosell,2020-03-18 The Surprising Work of God tells the story of how America's mid twentieth century spiritual awakening became a worldwide Christian movement This seminal study brings a unique perspective to the history personalities and institutions of that period and offers an intimate look at evangelicalism through the window of the life ministry and writings of Harold John Ockenga and his long friendship with Billy Graham Ockenga was pastor of the historic Park Street Congregational Church in Boston and cofounder of Fuller Theological Seminary Gordon Conwell Theological Seminary the National Association of Evangelicals and Christianity Today As such he was a central figure in the birth and development of American neo evangelicalism This lively engaging story will be of value to anyone with an interest in the American church of the last century **Routledge**

Library Editions: Higher Education Various,2021-03-29 The volumes in this set originally published between 1964 and 2002 draw together research by leading academics in the area of higher education and provide a rigorous examination of related key issues The volume examines the concepts of learning teaching student experience and administration in relation to the higher education through the areas of business sociology education reforms government educational policy business and religion whilst also exploring the general principles and practices of higher education in various countries This set will be of particular interest to students and practitioners of education politics and sociology *Indiana Through Tradition and Change* James H. Madison,1982 In Indiana through Tradition and Change A History of the Hoosier State and Its People 1920 1945 vol 5 History of Indiana Series author James H Madison covers Indiana during the period between World War I and World War II Madison follows the generally topical organization set by previous volumes in the series with initial chapters devoted to politics and later chapters to social economic and cultural questions The last chapter provides an overview of the home front during World War II Each chapter is intended to stand alone but a fuller understanding of subjects and themes treated in any one chapter will result from a reading of the whole book The book includes a bibliography notes and index

Religious Colleges and Universities in America Thomas Hunt,James Carper,2018-10-10 Originally published in 1988 Religious Higher Education in the United States is a selected bibliography of sources addressing how religion has changed and affected education in the United States This volume attempts to address the problems currently facing religious institutions of higher education covering government aid and the regulation of religious colleges and universities in the US

The Christian College and the Meaning of Academic Freedom William C. Ringenberg,2016-04-08 The Christian College and the Meaning of Academic Freedom is a study of the past record and current practice of the Protestant colleges in America in the quest to achieve intellectual honesty within academic community William C Ringenberg lays out the history of academic freedom in higher education in America including its European antecedents from the perspective of modern Christian higher education He discusses the Christian values that provide context for the idea of academic freedom and how

they have been applied to the nation's Christian colleges and universities. The book also dissects a series of recent case studies on the major controversial intellectual issues within and in some cases about the Christian college community. Ringenberg ably analyzes the ways in which these academic institutions have evolved over time, outlining their efforts to evolve and remain relevant while maintaining their core values and historic identities. Religious Seminaries in America (1989) Thomas C. Hunt, James Carper, 2017-12-15. Published in 1989, this bibliography considers religious seminaries that are affiliated with the various denominations of the theological institutions established in the United States by the Protestants in the early 1800s; it also considers non-denominational and independent settings. Divided into two sections, the first short section considers the relationship between the civil governments and the seminaries; the second, organized by denomination into 15 chapters, provides an extensive bibliography with annotations. The work pulls together a wealth of reference material and identifies salient works, whether book, article, dissertation, or essay, to provide a much-needed resource for those interested in seminary education in the United States, whether scholar, student, policy maker, or interested citizen.

American Universities and Colleges James J. Murray, 2021-06-21. No detailed description available for *American Universities and Colleges*. *The Democratization of American Christianity* Nathan O. Hatch, 1991-01-23. A provocative reassessment of religion and culture in the early days of the American republic. The so-called Second Great Awakening was the shaping epoch of American Protestantism, and this book is the most important study of it ever published. James Turner, *Journal of Interdisciplinary History* Winner of the John Hope Franklin Publication Prize, the Society for Historians of the Early American Republic book prize, and the Albert C. Outler Prize. In this provocative reassessment of religion and culture in the early days of the American republic, Nathan O. Hatch argues that during this period, American Christianity was democratized, and common people became powerful actors on the religious scene. Hatch examines five distinct traditions or mass movements that emerged early in the nineteenth century: the Christian movement, Methodism, the Baptist movement, the black churches, and the Mormons, showing how all offered compelling visions of individual potential and collective aspiration to the unschooled and unsophisticated. *Taylor University* William C. Ringenberg, 1996.
